Respected Sir,

This is to bring your kind attention to the University's decision to shut down the University Study Centre services at Newman College Thodupuzha. This study centre has been industriously functioning here for the past ten years. The study centre is an indispensable resource to the students, research scholars and entire academic community for successful completion of academic exercises including undergraduate projects, post graduate dissertations, journal references and so on. Being the largest higher education institute in the district of Idukki, Newman College deem the University Study Centre as a vital service to aid the college community in all their academic endeavors. The College and management offers our earnest support, cooperation as well as infrastructural and administrative facilities required for the smooth operation of the centre.

We kindly request you to reconsider the decision and put on hold the cessation activities.

Thank you

Yours faithfully

Principal
