Seminar on Career and Entrepreneurship Opportunities in Life Sciences

Title of the Workshop/Seminar	:	Seminar on Career and Entrepreneurship Opportunities in Life Sciences
Nature of the Programme	:	Entrepreneurship Development
Date	:	23 March 2023
Venue	:	Pothanamuzhi Hall, Newman Colleg Thodupuzha
Resource Person	:	Mr. Sajith Thomas, Managing Director at Astra HR innovations Pvt. Ltd Ernakulam
Organising Department	:	Zoology
Name of the Coordinator	:	Mr. Bany Joy, Assistant Professor in Zoology
No. of beneficiaries	:	110

Seminar on Career and Entrepreneurship Opportunities in Life Sciences

The Career Guidance Programme for BSc. Zoology Students held on 23th March 2023 at Newman College, Thodupuzha, proved to be a resounding success in providing valuable insights into diverse career opportunities and entrepreneurial prospects in the field of life sciences. The event was organized by the Department of Zoology with the primary goal of equipping 110 BSc. Zoology students with essential information, enabling them to make informed decisions about their future careers. The programme featured Mr. Sajith Thomas, an esteemed expert in the life sciences domain, as the resource person. The event commenced with a warm welcome, and the students were introduced to Mr. Thomas in an introductory session. Mr. Thomas's comprehensive presentation on "Career and Entrepreneurship Opportunities in Life Sciences" served as an eye-opener for the students. He highlighted a wide range of traditional and emerging career paths in life sciences, such as research, academia, healthcare, biotechnology, bioinformatics, and environmental conservation. The emphasis on entrepreneurship inspired students to consider venturing into their own businesses, fostering a spirit of innovation and creativity.

A significant highlight of the programme was the panel discussion featuring experienced professionals from various sectors within life sciences. The panelists shared their career journeys, challenges faced, and key learnings, enriching the students' understanding of the practical aspects of different careers. This interactive session provided the students with real-world perspectives and helped them gain insights into the diverse career options available in the field of life sciences. The interactive Q&A session that followed allowed students to seek personalized guidance and advice from the resource person and panelists. This opportunity for direct interaction with experts in the field helped clarify doubts and further motivated the students to pursue their interests in specific areas of life sciences. Recognizing the importance of skill development, a dedicated session on building relevant skills and undergoing specialized training was organized. Students were encouraged to prioritize continuous learning and professional development to stay competitive in the job market. The session emphasized the significance of honing both technical and soft skills to enhance their employability and adaptability in the ever-evolving field of life sciences.

Throughout the programme, students actively engaged with the resource person, panelists, and alumni, seeking guidance and clarifications. Their genuine interest and enthusiasm were evident in their participation and eagerness to learn. The students exhibited a strong desire to explore the vast array of career possibilities within the life sciences domain. In conclusion, the

Career Guidance Programme for BSc. Zoology Students at Newman College, Thodupuzha, was an educational and inspirational experience. It broadened the students' horizons, exposed them to diverse career opportunities in life sciences, and fostered the entrepreneurial spirit among them. The programme successfully achieved its objective of providing students with valuable insights to make informed career choices and pursue successful careers in the field of life sciences. The event not only provided theoretical knowledge about various career paths but also offered practical perspectives through the panel discussion and interactive sessions. The guidance and advice shared by the resource person, panelists, and alumni were invaluable in helping students develop a clearer understanding of their individual career goals and aspirations.

Overall, the Career Guidance Programme for BSc. Zoology Students at Newman College, Thodupuzha, was a well-structured and thoughtfully organized event. It not only broadened the students' perspectives but also empowered them to take charge of their future careers with confidence and enthusiasm. The insights gained from the programme will undoubtedly prove instrumental in guiding these young zoologists towards making impactful contributions to the field of life sciences, whether through established career paths or by forging their own entrepreneurial journeys.

Workshop on Research Methodology in English Literature

Title of the Workshop/Seminar	:	Workshop on Research Methodology in English Literature
Nature of the Programme	:	Research Methodology
Date	:	09 March 2023
Venue	:	Pothanamuzhi Hall, Newman College Thodupuzha
Resource Person	:	Dr. Rajesh V. Nair, School of Letters M G University, Kottayam
Organising Department	:	English
Name of the Coordinator	:	Dr. Jerome K Jose, Assistant Professor, Department of English
No. of Participants	:	56

Workshop on Research Methodology in English Literature

On March 9th, 2023, the Postgraduate and Research Department of English at Newman College, Thodupuzha, organized an enlightening workshop on Research Methodology in English Literature. The workshop aimed to equip postgraduate and final year graduate students with essential skills and knowledge to undertake effective research in their respective fields. The event featured Dr. Rajesh V. Nair, a distinguished scholar from the School of Letters at M G University in Kottayam, who led the workshop as the main speaker.

Dr. Rajesh V. Nair, renowned for his expertise in research methodologies and literature studies, provided valuable insights and practical guidance during the workshop. His engaging and interactive approach to the subject kept the attendees actively involved throughout the day. The coordinator of the workshop, Dr. Jerome K. Jose, ensured smooth organization and seamless execution of the event. Dr. Jose's commitment to creating an inclusive and stimulating learning environment made the participants feel welcomed and encouraged.

The workshop commenced at 9:30 am with an opening address by the Head of the Postgraduate and Research Department of English, expressing gratitude to the participants for their active involvement. Dr. Rajesh V. Nair then took the stage and delved into the fundamentals of research methodology. He covered various aspects, including the importance of selecting appropriate research topics, formulating research questions, designing surveys, data collection techniques, and ethical considerations in research.

Throughout the day, participants engaged in practical exercises and group discussions, which allowed them to apply the concepts they learned. Dr. Nair also shared his personal experiences and research insights, inspiring the students to adopt innovative approaches to their academic work. One of the highlights of the workshop was a Q&A session, where participants had the opportunity to clarify their doubts and seek expert advice on their research projects. Dr. Nair's adept responses to the queries demonstrated his deep knowledge and commitment to nurturing young researchers.

The workshop was well-attended by eager postgraduate and final year graduate students from various disciplines. The diversity of academic backgrounds enriched the discussions, creating a collaborative learning atmosphere. As the event came to a close, the participants expressed their gratitude and appreciation to Dr. Rajesh V. Nair and Dr. Jerome K. Jose for organizing such a valuable workshop. Many students felt motivated to implement the strategies and methodologies they acquired in their future research endeavors.

In conclusion, the one-day workshop on Research Methodology at Newman College, Thodupuzha, proved to be a resounding success. Dr. Rajesh V. Nair's expertise and guidance, combined with the efforts of Dr. Jerome K. Jose and the organizing committee, made the event an enriching experience for all participants. It undoubtedly contributed to enhancing the research capabilities and academic pursuits of the attendees, leaving a lasting impact on the scholarly community at Newman College.

Workshop on Research Methodology in Malayalam Literature

Title of the Workshop/Seminar	:	Workshop on Research Methodology in Malayalam Literature
Nature of the Programme	:	Research Methodology
Date and Time	:	24 February 2023
Venue	:	Seminar Hall, D Block, Newman College
Resource Persons	:	Dr. Sr. Noel Rose (Dr. Sr. Biji MP), Assistant Professor in Malayalam, Newman College Thodupuzha
Organising Department	:	Malayalam
Name of the Coordinator	:	Dr. Sr. Bincy C.J, Assistant Professor, Department of Malayalam
No. of Participants	:	24

Workshop on Research Methodology in Malayalam Literature

On March 2nd, 2023, Department of Malayalam, Newman College Thodupuzha a seminar on research methodology was conducted for degree students. The resource person for the seminar was Dr. Sr. Biji MP, a renowned researcher and academician in the field of Malayalam Research.

The seminar began at 10 am with an introduction to research aptitude and its significance in academic and professional pursuits. Dr. Sr. Biji MP emphasized the need for students to develop research skills and techniques that would help them conduct original and meaningful research.

The seminar covered various aspects of research aptitude, including research design, data collection, analysis, and interpretation. Dr. Sr. Biji MP shared practical tips and techniques for conducting research, such as identifying research questions, selecting appropriate research methods, and ensuring ethical considerations are taken into account.

The seminar also focused on the importance of literature review in research and its role in establishing the research gap, which forms the foundation of any research study. Dr. Sr. Biji MP emphasized the need for students to develop critical reading and writing skills that would enable them to critically evaluate existing literature and produce high-quality research papers.

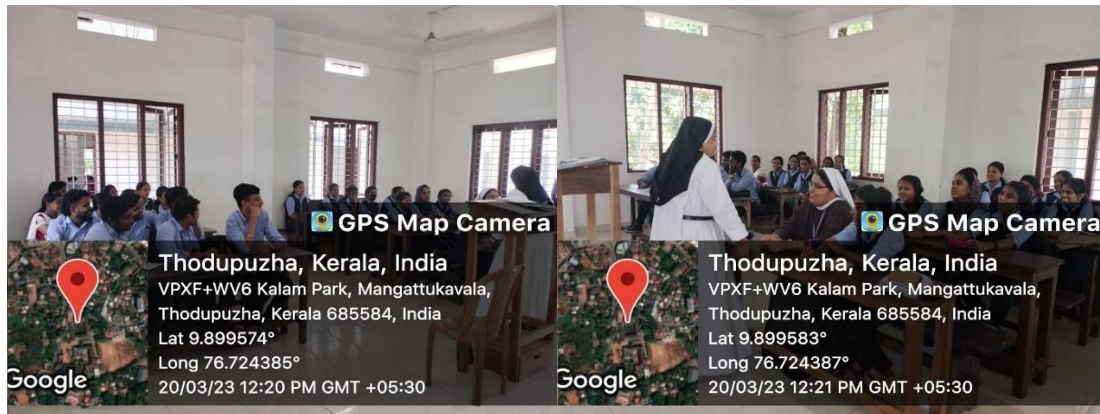

The seminar concluded with a Q&A session, where students had the opportunity to ask questions and clarify their doubts on the topic. Dr. Sr. Biji MP shared her valuable insights and experiences with the students and encouraged them to pursue research as a career path.

Overall, the seminar on research aptitude for degree students conducted by Dr. Sr. Biji MP was informative and insightful. The seminar served its purpose of promoting research skills and techniques among students and encouraging them to pursue research as a career option.

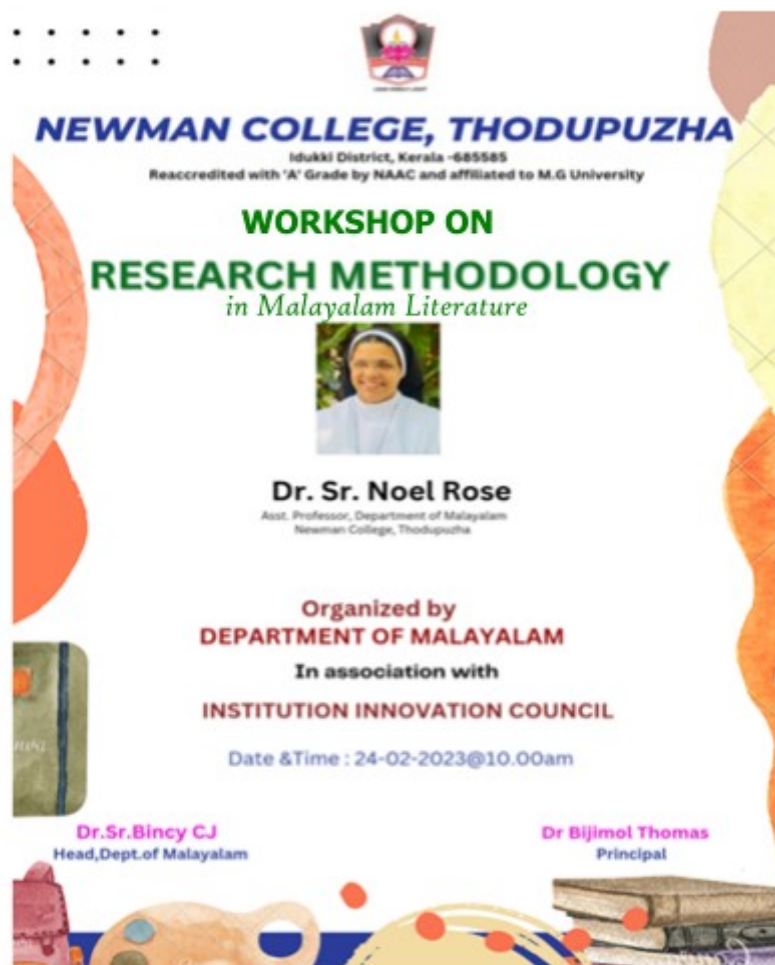

The students found the seminar to be extremely helpful and informative, and it is hoped that such seminars will be organized in the future to help students develop their research aptitude further

National Workshop on Research Methodology and Academic Publishing in Social Science

A two-day program on Research Methodology and Academic Publishing in Social Science took place at Mar Mathew Pothanamuzhy Hall, Newman College Thodupuzha on 27th and 28th February 2023. The event was jointly organized by the Post Graduate Department of Commerce at Newman College Thodupuzha and the Scheme for Transdisciplinary Research for India's Developing Economy (STRIDE) UGC-MHRD. The program welcomed participants from various backgrounds, including students of the PG Department of Commerce, teachers, and research scholars. Dr. Ajimon George, the Principal of Marian College, Kuttikanam, Kerala, served as the Chief Resource Person for the program. The Head of The Department Capt. Prageesh C Mathew delivered the welcome speech and Dr. Bijimol Thomas Principal Newman College rendered the inaugural address. This certificate were distributed to the participants during the valedictory function held at the end of the second day. Ms. Deepthi Louis was the Co-ordinator of the two day seminar.

Objectives of the Program

The program aimed to achieve the following objectives:

1. Provide an overview of research methodology in social science.
2. Discuss the different types of research methods used in social science.
3. Introduce the concept of academic publishing in social science.
4. Provide guidance on how to write a research paper for publication.

The program successfully accomplished its objectives, leaving participants with a comprehensive understanding of research methodology in social science. Attendees were exposed to various research methods employed in social science and were equipped with the knowledge and skills necessary to write a research paper for publication.

The workshop attracted students, research scholars and faculty from across the length and breadth of the country. Each session of the conference included Keynote address by prominent speakers. We were extremely pleased to have Dr. Ancy Jose Director MKES - IMSR Business School Mumbai as the the chief guest for the Two day workshop. Dr. Nelson Daniel Assistant Professor Nagindas Khandwala College Mumbai was the resource person

for the first technical session “An overview of research methodology”. Dr. Tejil Thomas Assistant Professor St. Thomas college Palai served as the resource person for the second session on “ Tools and Techniques to demystify Research Methodology”. Second day of the Workshop on “ Research paper and Systematic Review” was solely handled by eminent academician and researcher Dr. Ajimon George Principal Marian College Kuttikkanam.

The discussions on academic publishing in social science drew significant interest from the participants. They were enlightened about the diverse range of academic journals available and learned the process of submitting a research paper for publication.

The program proved to be a valuable and enlightening experience for all participants, who gained a strong understanding of research methodology and academic publishing in social science. It effectively underscored the importance of research within the field.

Highlights of the Event.

Dr. Tejil Thomas Assistant Professor St. Thomas college Palai served as the resource person for the session on “ Tools and Techniques to demystify Research Methodology” held on 27 February 2023

DAY 1: INAUGURAL CEREMONY 10:00 a.m. 27th February 2023

Prayer

Welcome Speech: **Capt. Prageesh C. Mathew**, Head of the Department of Commerce

Presidential address: **Dr. Bijimol Thomas**, Principal, Newman College Thodupuzha

Inaugural address: **Dr. Ancy Jose**, Director MKES Business School, Mumbai

Felicitation: **Dr. Saju Abraham**, Vice Principal, Newman College
Dr. Jenni K. Alex, STRIDE Coordinator
Rev. Fr. Benson N. Antony, Bursar, Newman College

Vote of thanks: **Ms. Beena Deepthi Louis**, STRIDE Core Committee Member, Program Coordinator

DAY 2: VALEDICTORY SESSION 03:00 p.m. 28th February 2023

Welcome speech: **Capt. Prageesh C. Mathew**, Head of the Department of Commerce

Presidential address: **Dr. Bijimol Thomas**, Principal, Newman College Thodupuzha

Valedictory remarks: **Prof. (Dr.) Ajimon George**, Principal, Marian College, Kutikkannam (Autonomous)

Vote of thanks: **Mr. Aby Thomas**, Assistant Professor, Department of Commerce

ADVISORY COMMITTEE

Dr. Bijimol Thomas Principal, Newman College
Dr. Saju Abraham Vice Principal, Newman College
Rev. Fr. Benson N. Antony Bursar, Newman College

STRIDE CORE COMMITTEE

Ms. Beena Deepthi Louis Assistant Professor
 STRIDE Core Committee Member
Mr. Aby Thomas Assistant Professor

Dr. Boney Bose Assistant Professor
Mr. Joel George Assistant Professor
Ms. Sarika Pushpan Assistant Professor

THE WORKSHOP

Recognizing the need for training in research and development of research competencies, **The Postgraduate Department of Commerce** and **STRIDE** are jointly organizing a two day National Workshop on, **"Research Methodology and Academic Publishing in Social Science"**. The focus of the workshop is to expose the participants to research methods and tool of analysis which are employed in both qualitative and quantitative data with a special emphasis on academic publishing as well. The course delivery will be a mix of theory (why) and application (what) to inculcate the ability to understand and assimilate the underlying assumptions, logic and theory behind these methods. The pedagogy of the workshop will have a composite blend of interactive lectures and hands-on training in the research methods. Emphasis will be on building concepts with the requisite rigour and analysis of research data. It needs to be emphasized that the workshop will meet the important purpose of discussing quantitative tools for analyzing qualitative data.

STRIDE AND NEWMAN COLLEGE

Newman College is one among the 18 colleges in India selected for the prestigious UGC sponsored project - **Scheme for Trans-disciplinary Research for India's Developing Economy (STRIDE)**. This is a golden opportunity for the students and faculty of Newman College to become a part of this three year project titled **'An Institutional Research Scheme on the Sustainable Development Issues in the Western Ghats in Idukki, Kerala'**. It aims at promoting the creation of new knowledge, inculcating innovative and cognitive thinking, and improving the quality of doctoral research. It plans to add new disciplines for research support with a thrust on research capacity building and trans disciplinary research for facilitating India's developing economy. As a quality assurance strategy, STRIDE promotes action-oriented research and high-impact research among motivated faculty from diverse disciplines focusing on issues and problems related to local, regional, and national levels.

POSTGRADUATE DEPARTMENT OF COMMERCE

One of the oldest departments of Newman College established in 1964. The department has been offering B.com Course since 1980 and has been elevated to PG department in 1995. Currently the department offers 2 programmes B.com (Finance and Taxation) and M.com (Finance and Taxation). The department creates a stimulating environment for academic growth of the students. Industry visits, field trips and corporate talks give adequate practical exposure to the students. The department is constantly striving to achieve excellence through instilling academic, innovative social and ethical values in students needed to meet the current demand of the dynamic entrepreneurial academic and corporate world. Apart from classroom teaching there is constant effort to enhance student learning and bring them in contact with the corporate world. Eminent business personalities and academicians are invited for talks, seminars and lectures on a regular basis. To facilitate face to face industry interactions industrial visits are organized for students.

International Research Conference on Accounting, Marketing & Finance

Title of the Workshop/Seminar	: International Research Conference on Accounting, Marketing & Finance
Nature of the Programme	: Research Methodology
Date and Time	: 09 -10 February 2023
Venue	: Mar.George Punnakkottil Hall, Newman College Thodupuzha
Resource Persons	: Dr.Alexander Boateng, Associate professor ,Wits University ,Johannesburg Sruthi Tomy, Chartered Tax Advisor, London Rev.Dr.Sooraj George Pittappillil, Lecturer, Mainz,Germany
Organising Department	: Commerce
Name of the Coordinator	: Dr.Boney Bose, Assistant Professor, Department of Commerce
No. of Participants	: 32

International Research Conference on Accounting, Marketing and Finance

The conference was initiated on 9th February 2023 .In the morning session,the welcome Address was given by Capt.Prageesh C Mathew(Head of the department),Presidential Address by Dr Bijimol Thomas(principal),inaugural address by Rev.Dr.Msgr.Pius Malekandathil and finally vote of thanks by Dr.Boney Bose(conference coordinator).

There were three technical sessions fully and on day 1,the first session was taken by Dr.Alexander Boateng, Associate professor ,Wits University ,Johannesburg.The Session was chaired by Dr.Ajay Joseph,Assistant Professor,Research Guide,Bharat Mata College,Thrissur.The main aim of this conference was to bring together leading academicians,researchers,technocrats,practitioners and students to exchange and share their experiences and research outputs.it was also meant to provide a premier interdisciplinary platform to present and discuss the most recent innovations , trends ,and concerns as well as practical challenges encountered and solutions adopted in the field of accounting , marketing and finance.

The conference maintained a high-quality peer-review process for all the manuscripts submitted, starting with a primary evaluation that included a plagiarism check for the original contents. Rejections at this stage had either serious scientific flaws, very poor grammar or were outside the aim and scope of this Conference. Those that met the minimum criteria were passed on to experts in the domain for review. Single-blind review process was employed, where the reviewer remained anonymous to the authors throughout the process. Reviewers were requested to decide on accepting/rejecting the submitted paper, along with suggestions to improve the quality of the paper. After getting the review report, authors were informed of acceptance/rejection. On the particular day, the selected papers were presented by faculties,industrialists,research scholars and students in both online and offline mode.

Day 2: 10-2-2023

The programme starts with the Welcome Address by Dr,Divya James(conference convener),keynote Address by Dr.M.C Dileep kumar(Former Vice Chancellor Sanskrit University,Kalady). On the particular day the technical session 2 was taken forth by CTA Sruthi Tomy, Chartered Tax Advisor,London.The session had also attracted students and they were informed about recently introduced concepts and innovative ideas that had come across the world. Finally technical session three was taken by Rev.Dr.Sooraj George

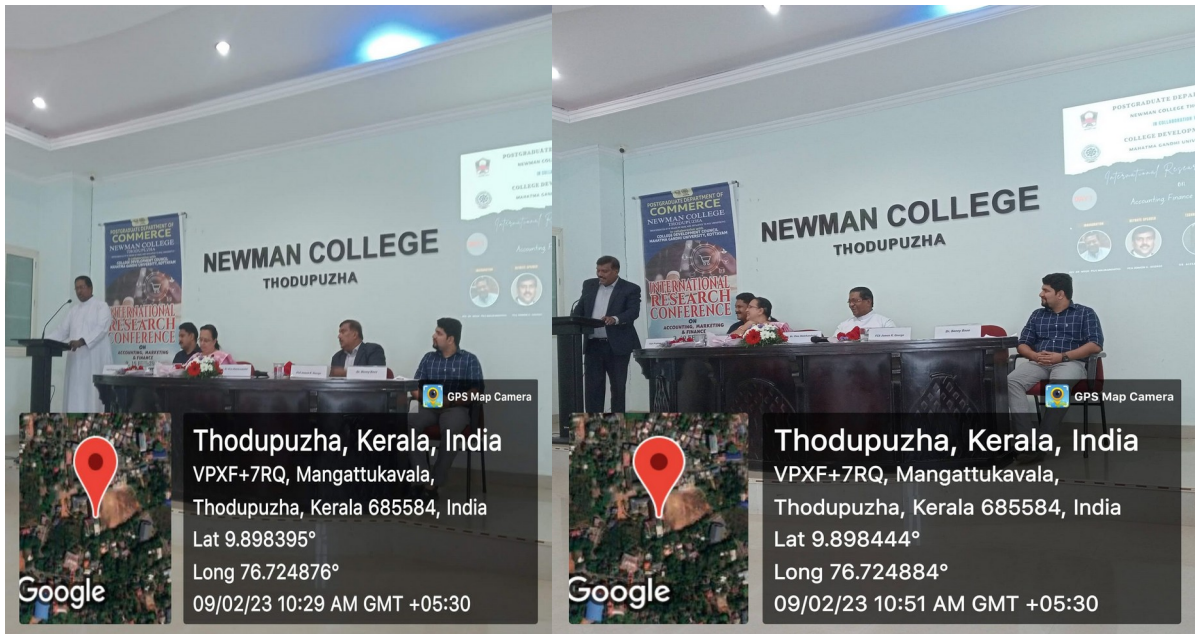

Pittappillil,Lecturer,Mainz,Germany.the session was chaired by Dr.Mathew Abraham, Assistant Professor,ST.Xavier's college,Vaikom.

This summary captures the two-day program of presentations and keynote addresses, which took place from the 9th to 10 th February 2023 . The event brought together research scholars, members of faculty, students, and key officials nationally and internationally to discuss the recent advances in accounting,finance and Marketing followed by paper presentations on the research projects of different selected individuals. It concluded with a set of presentations of real-world cases describing new and noteworthy initiatives relevant to the conference theme.

The two-day Conference ended with a valedictory session. The welcome speech in the session was delivered by Mr.Aby Thomas(Conference Joint coordinator). This was followed by valedictory address and finally the Award announcement by FCMA Biju Mathew,Finance Officer,M.G university,kottayam. . A few delegates gave a feedback on the Conference and the session concluded with a vote of thanks proposed by Ms.Beena Deepthi Louis(conference joint convener).

Highlights of the Event

Seminar on Research Methodology in Life Science

Title of the Workshop/Seminar	:	Seminar on Research Methodology in Life Science
Nature of the Programme	:	Research Methodology
Date and Time	:	28 January 2023
Venue	:	Online Mode
Resource Persons	:	Dr. Sherin Antony, an Assistant Professor from the Department of Zoology at Bharata Mata College, Thrikkakara, Kerala
Organising Department	:	Department of Botany & Biotechnology
Name of the Coordinator	:	Dr. Anju T.R, Assistant Professor, Department of Biotechnology
No. of Participants	:	66

Seminar on Research Methodology in Life Science

The Department of Botany and Biotechnology, in association with the Institution's Innovation Council (IIC), organized a seminar on Research Methodology at Newman College, Thodupuzha. The aim of the seminar was to introduce systematic and scientific research methodologies that can yield tangible outcomes. The event commenced with a warm welcome by Dr. Anju T R, Assistant Professor, and Internship Coordinator of IIC at Newman College. The program featured an invited lecture on Research Methodology by Dr. Sherin Antony, an Assistant Professor from the Department of Zoology at Bharata Mata College, Thrikkakara, Kerala. Dr. Sherin has authored numerous research articles in high-impact journals.

Dr. Sherin's talk focused on the meaning and purpose of research. She provided an elaborate discussion on the steps necessary to achieve successful research outcomes. She emphasized the importance of identifying a problem statement and addressing it properly, while also emphasizing the need to plan research activities based on a strong knowledge base to obtain desirable outcomes. The lecture aimed to cultivate research aptitude among undergraduate science students and provide final-year undergraduate students with a clear outline for addressing scientific problems in a proper manner during their final year project work.

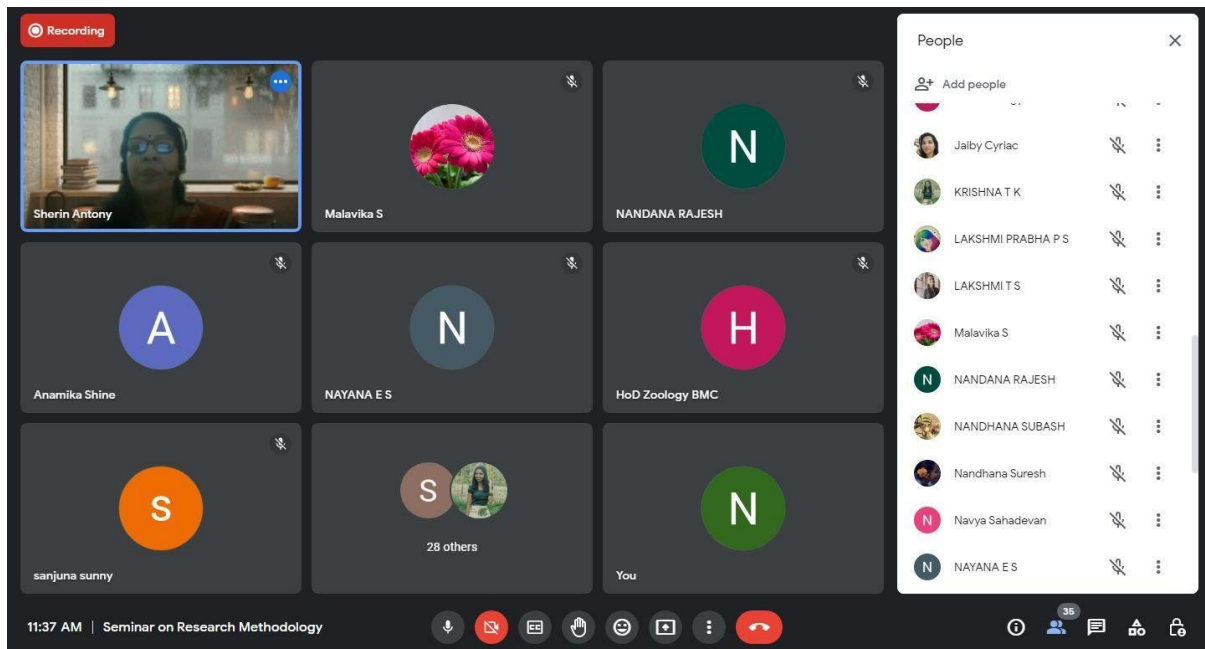

Following the lecture, there was an interactive session with the students. Undergraduate students from various science disciplines participated in the session, which provided an opportunity for them to engage with Dr. Sherin and clarify their doubts regarding research methodology. The session proved to be valuable in enhancing the students' understanding of research processes and methods. The presence of an esteemed speaker like Dr. Sherin Antony and the active participation of the students contributed to the success of the event. The seminar provided a solid foundation for students to develop their research aptitude and equipped them with the necessary tools to address scientific problems effectively in their future endeavors. The seminar concluded at 12:00 noon with a vote of thanks delivered by a student representative.

The event was successful in achieving its objectives of familiarizing students with research methodologies and instilling in them a research-oriented mindset. The attendees gained insights into the significance of a well-defined problem statement, proper planning, and a strong knowledge base in conducting successful research. The seminar not only benefited

undergraduate students but also provided final-year students with valuable guidance for their upcoming research projects.

Workshop on Research Methodology I & II

Title of the Workshop/Seminar	:	Workshop on Research Methodology I & II
Nature of the Programme	:	Research Methodology
Date and Time	:	26 January 2023
Venue	:	Online Mode
Resource Persons	:	Ms. Ajomy Maria Joseph, Assistant Professor, Department of English, Newman College, Thodupuzha
Organising Department	:	English
Name of the Coordinator	:	Dr. Jerome K Jose, Assistant Professor, Department of English
No. of Participants	:	56

Workshop on Research Methodology I and II

A two-day workshop on research methodology was jointly organized by the Department of English, Newman College, Thodupuzha, and the Department of English, St. Xavier's College for Women, Aluva. The workshop aimed to provide final year BA students from both colleges with essential knowledge and skills in research methodology. Ms. Ajomy Maria Joseph, Assistant Professor from the Department of English, Newman College, Thodupuzha, served as the resource person for the workshop. This report highlights the outcomes and impact of the workshop.

Day 1: 26th January 2023

The workshop commenced on 26th January 2023 at 6.00pm in online mode. The first day focused on introducing the fundamental concepts and principles of research methodology. Ms. Ajomy Maria Joseph conducted interactive sessions, engaging the participants in discussions and activities. The following topics were covered:

Introduction to Research Methodology: The participants gained an understanding of the importance of research methodology in academic research and its application in various disciplines.

Research Design: Various research designs, such as experimental, descriptive, and qualitative research, were explained in detail. The participants learned about the selection of appropriate research designs based on research objectives and data collection methods.

Literature Review: The significance of a comprehensive literature review and the process of conducting one were discussed. The participants learned how to identify relevant sources, critically analyze existing literature, and develop a conceptual framework for their research.

Day 2: 18th March 2023

The second day of the workshop was on 18th March 2023. Building upon the foundation laid on the first day, Ms. Ajomy Maria Joseph delved deeper into advanced research methodology topics. The sessions included:

Data Collection Methods: The participants were introduced to various data collection methods, such as surveys, interviews, observations, and focus groups. The resource person emphasized the importance of selecting appropriate methods based on research questions and data analysis requirements.

Data Analysis: Different techniques and tools for data analysis, including qualitative and quantitative analysis, were discussed. The participants gained insights into using software like SPSS and NVivo for statistical analysis and thematic coding.

Research Ethics: The ethical considerations in research, including informed consent, confidentiality, and plagiarism, were highlighted. The participants were made aware of the ethical guidelines they should follow while conducting their research.

The two-day workshop on research methodology had a significant impact on the participating students from both Newman College and St. Xavier's College for Women. The outcomes of the workshop can be summarized as follows:

Enhanced Understanding: The participants gained a thorough understanding of research methodology, including research design, literature review, data collection methods, data analysis, and research ethics. They acquired the knowledge necessary to plan and conduct their research projects effectively.

Skill Development: The workshop provided hands-on training and practical exposure to various research techniques and tools. The participants developed skills in literature review, data collection, data analysis, and ethical research practices, which will be invaluable in their future academic pursuits.

Networking and Collaboration: The workshop brought together students from different colleges, fostering a collaborative environment for learning and networking. The participants had the opportunity to interact with their peers, exchange ideas, and form potential research partnerships.

Confidence Building: Through interactive sessions and activities, the participants gained confidence in their ability to undertake research projects. They received guidance and feedback from the resource person, which helped boost their confidence and motivation.

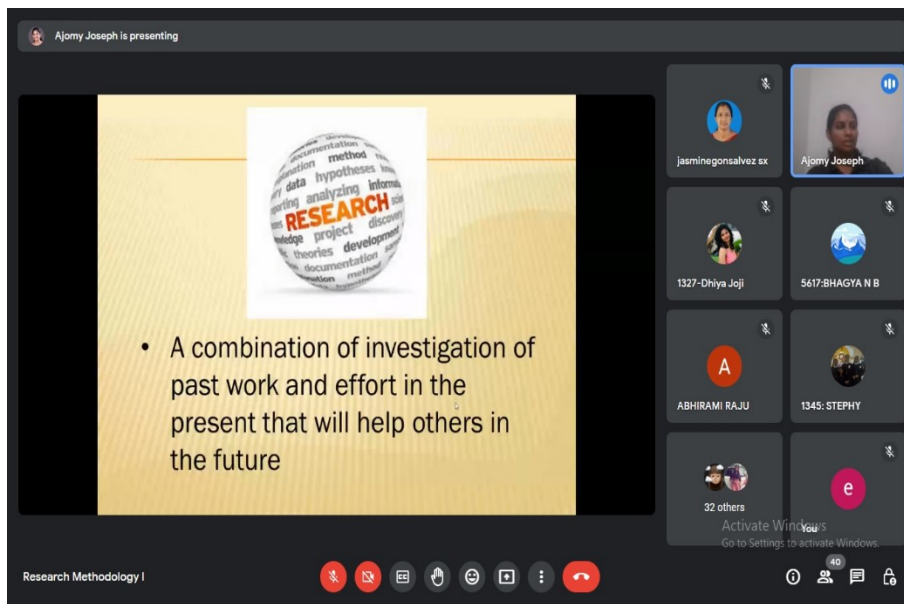

The two-day workshop on research methodology organized jointly by the Department of English, Newman College, and the Department of English, St. Xavier's College for Women, proved to be a highly beneficial program for the final year BA students. The workshop, led by Ms. Ajomy Maria Joseph, provided a comprehensive understanding of research methodology and equipped the participants with essential skills required for conducting research.

The workshop's outcomes were evident in the participants' enhanced understanding of research design, literature review, data collection methods, data analysis, and research ethics. The practical training offered during the workshop enabled the students to develop valuable skills and gain hands-on experience in conducting research. Additionally, the workshop facilitated networking and collaboration among the students, promoting a supportive learning environment. The participants' confidence and motivation were positively influenced by the workshop, empowering them to undertake future research projects with greater self-assurance. Overall, the workshop on research methodology served as a stepping stone for the students, preparing them for their academic pursuits and instilling in them a strong foundation in research practices. It is recommended that such workshops be organized periodically to continue providing students with the necessary knowledge and skills to excel in research. The collaborative efforts between Newman College and St. Xavier's College for Women in organizing this workshop serve as an excellent model for future initiatives aimed at enhancing research capabilities among students.

Online Workshop on Intellectual Property Rights & Patents and Design Filing

The IPR Cell, Newman College Thodupuzha in association with the Institutions Innovation Council (IIC), National IP Awareness Mission (NIPAM) and Rajiv Gandhi National Institute of Intellectual Property Management has organized a Workshop on " Intellectual Property Rights & Patents and Design Filing" on 24 January 2023. Dr. Anu Mary Joseph, Assistant Professor, Department of Chemistry, Newman College and Dr. Krishnakumar M.V., Head, Department of History, Newman College, Thodupuzha and were the coordinators of this programme. The programme was in continuation with our last years collaboration with the National IP Awareness Mission, Government of India. This year we had an eminent scholar Dr. Bharat N. Suryawanshi, Assistant Controller of Patents & Designs, Rajiv Gandhi National Institute of Intellectual Property Management, Nagpur. Dr. Krishnakumar has introduced the theme and formally welcomed the gathering. Dr. Suryawanshi has explained in details the basic concepts of the Intellectual Property Rights (IPR), Patents and Design filing. He has elaborated the origin of these concept by using various examples of trademarks and designs.

In the question-answer session, he has demonstrated how the intellectual property laws are complement each other across the world and the explained the procedure through which the attainment of global consensus over the issues of intellectual property rights. Dr. Anju T. R, Coordinator of the Internal quality Assurance Cell (IQAC) offered the formal vote of thanks. More than 100 students have participated the programme through online and offline mode.

Seminar on Research Methodology and Techniques in Mathematics

The department of Mathematics and Statistics organized an Induction and Interactive Session - Research Methodology and Techniques in Mathematics on 20th January 2023. Session was open to all undergraduate and postgraduate students. Smt. Nancy Jacob, Head of the department, Department of Mathematics welcomed the gathering. Dr. Bijimol Thomas, principal, Newman college, presided the event. The class was handled by Dr. Shaini P. Assistant Professor, Department of Mathematics Central University of Kerala. Dr. Jane A Luke, Head of the department, Department of Statistics felicitate the gathering. The seminar helped students to acknowledge the terms and opportunities in research and future mathematics.

Seminar Presentation on Research Methodology in Chemical Science

Title of the Workshop/Seminar	:	Seminar Presentation on Research Methodology in Chemical Science
Nature of the Programme	:	Research Methodology
Date and Time	:	18 January 2023
Venue	:	Mar Pothanamuzhi Hall, Newman College
Resource Persons	:	Dr Jyothi P R, Assistant Professor, Mar Athanasius College, Kothamangalam
Name of the Coordinator	:	Ms.Roshny Roy, Assistant Professor, Department of Chemistry.
No. of Participants	:	121

Seminar Presentation on Research Methodology in Chemical Science

The Department of Chemistry of Newman College in association with institutional innovation council and DBT star college organized a seminar on Research Methodology. The seminar was led by Dr Jyothi P R, assistant professor from Mar Athanasius College, Kothamangalam who is good mentor and a fine researcher. The students from UG, PG department of both Chemistry and Physics and PhD students attended the seminar. The seminar, led by Dr. Jyothi P R, was a memorable academic exercise for the 121 participants. The seminar took place at the Pothanamuzhi Hall of Newman College at 1:30 pm.

The seminar on Research Methodology aimed to provide students from the undergraduate and postgraduate departments of both Chemistry and Physics, as well as PhD students, with a comprehensive understanding of research methods and the challenges faced by researchers. The event was meticulously organized by the Department of Chemistry, Newman College, in collaboration with the Institutional Innovation Council and DBT Star College, ensuring a meaningful and enlightening experience for all attendees.

The seminar commenced with a prayer, setting a serene and focused atmosphere for the gathering. Sri Biju Peter, the Head of the Department of Chemistry, Newman College, delivered a warm welcome address, expressing his gratitude to the participants for their active participation and enthusiasm. Sri Biju Peter's address set the stage for an engaging and productive seminar, highlighting the significance of research methodology in academic pursuits. Following the welcome address, Dr. Bijimol Thomas, the Principal of Newman College, delivered the presidential address. Dr. Thomas expressed her delight at hosting the seminar and emphasized the importance of research methodology in fostering academic excellence. Her inspiring words motivated the participants and reinforced the college's commitment to providing quality education and research opportunities.

Dr. Jyothi P R, the esteemed Assistant Professor from Mar Athanasius College, Kothamangalam, then took the stage to deliver the seminar presentation on Research Methodology. Known for her expertise as a researcher and mentor, Dr. Jyothi P R's presence added immense value to the seminar. With her vast knowledge and experience, she provided the participants with valuable insights into various research methods and the challenges encountered by researchers.

Dr. Jyothi P R's presentation was both understanding and empathetic, catering to the diverse audience comprising undergraduate and postgraduate students, as well as PhD scholars. She skillfully explained the methods followed in research, ensuring that the concepts were accessible to participants at different levels of expertise. By using clear examples, she illustrated the problems faced by researchers and offered meaningful and actionable suggestions on how to improve research practices.

Participants found Dr. Jyothi P R's presentation engaging and enlightening, as she seamlessly bridged the gap between theory and practical application. Her interactive approach allowed participants to actively engage in discussions, fostering a spirit of curiosity and intellectual exploration.

The seminar proved to be a valuable academic exercise for all the participants. The knowledge and insights gained from Dr. Jyothi P R's presentation will undoubtedly contribute to the growth and development of the attendees' research endeavors. Participants expressed their appreciation for the opportunity to learn from such an esteemed researcher and mentor, noting that the seminar surpassed their expectations.

The seminar also facilitated interdisciplinary interactions among participants from the undergraduate and postgraduate departments of Chemistry and Physics, as well as PhD scholars. This cross-disciplinary engagement allowed for the exchange of ideas and experiences, further enriching the learning environment.

In conclusion, the seminar on Research Methodology organized by the Department of Chemistry, Newman College, in association with the Institutional Innovation Council and DBT Star College, was a resounding success. The presence of Dr. Jyothi P R as the seminar leader significantly enhanced the value and impact of the event. Her expertise and guidance provided the participants with valuable insights into research methodology and equipped them with practical strategies to overcome challenges.

The organizers and coordinators, led by Ms. Roshny Roy, deserve commendation for their meticulous planning and execution of the seminar. Their efforts ensured a seamless and enriching experience for all attendees. The success of this seminar highlights Newman College's commitment to fostering academic excellence and nurturing research capabilities among its students and faculty.

As we reflect on the seminar, it becomes evident that the knowledge gained and the actionable suggestions provided by Dr. Jyothi P R will have a lasting impact on the participants' academic journeys. The seminar not only enhanced their understanding of research methodology but also instilled a sense of enthusiasm and motivation to pursue research with diligence and integrity.

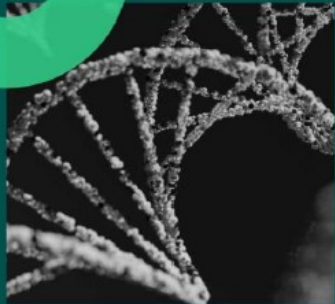

In conclusion, we extend our heartfelt appreciation to Dr. Jyothi P R for her exceptional presentation and mentorship. We also express our gratitude to all the participants for their active engagement and valuable contributions. Let this seminar serve as a stepping stone for future endeavors in research, empowering individuals to push the boundaries of knowledge and contribute to the advancement of their respective fields.

Highlights of the Event

Dr Jyothi P R taking the class on research methodology held on 18 January 2023

The DST-FIST and KSCSTE-SARD supported Department of Chemistry at Newman College, Thodupuzha is an excellent center for learning Chemical Science since 1967. The department gives importance to both academic teaching and as well as research. The Chemistry department enjoys financial assistance from government agencies including UGC, DST, DBT, SERB, KSCSTE and SRIBS. It has dedicated research laboratories with advanced instrumental facilities like IR, UV-Vis, DRS with Peltier, Fluorescence Spectrometer, Electrochemical workstation etc. Approximately 70 research publications came out from the department in the last 10 years which include reviews, research articles, book chapters, edited books etc...

DR JYOTHIPR
Resource Person

Dr. Jyothi P. R., Assistant Professor, Department of Chemistry, Mar Athanasius College is a good mentor and a fine researcher. She has completed her masters from St. Berchman College and doctoral studies from University of Calicut. She has had numerous publications and book chapters in reputed journals. She has been taking classes for Coordination Chemistry in Swayam platform. Mrs. Jyothi is an inspiration for her students and an excellent resource person. She is an ideal person to engage with bright young minds to ignite an ever-burning flame of academic passion in them.

Date and Time	:	02 December 2022
Organising Department	:	Institution Innovation Council
No. of Participants	:	15

Results of IDEATION 2.0

Newman College in association with Institute Innovation Council conducted an idea competition ; ideation 2.0 during the academic year 2022-2023. The theme of the idea competition was “Theme : “Sustainable Development Goals”. Postgraduate and undergraduate students actively participated in the competition. The ideas are evaluated based on novelty, relevance and application of idea by IIC members of the college. Following are the consolidated results of IDEATION 2.0

First : Mr. Jithu Johny , CS9

Second : Ms. AIRIN C JOMON, PS1

Third : Ms. Merin Antony, MS1

Workshop on Agri-Entrepreneurship

Title of the Workshop/Seminar	:	Workshop on Agri-Entrepreneurship
Nature of the Programme	:	Entrepreneurship
Date	:	11 November 2022
Venue	:	Newman College
Organising Department	:	Commerce
Name of the Coordinator	:	Dr. Boney Bose, Assistant Professor, Department of commerce
No. of Participants	:	34

Workshop on Agri - Entrepreneurship

Pachakudukka focused to inculcate entrepreneurial skills, marketing ability, finance control and team spirit among student community. An important feature of Pachakudukka is that vegetables grown in houses that are surplus to requirements are given to consumers. The products were made at lower price and better quality to the staff and students of Newman college and they utilise it in a very well manner. These may not be the conventional list of vegetables we eat everyday but they were once part of the Malayali cuisine and had slowly disappeared from the market-driven home kitchens. The new generation is initiated into farming and it reduces overdependence on market and provides homes with protein-rich vegetables free of pesticides. Pachakudukka is aimed not only at providing pesticide-free vegetables and tubers to consumers but is also providing income and rekindling an interest in farming among students. Classes in farming and traditional food recipes were given to the club members. This will not only instils saving habit in them but also make them aware of our traditional food habits. This program is initiated commerce department of Newman College. It focuses to make students future entrepreneurs.

- This program was really effective for the students to improve their marketing and business skills. It created an opportunity for promoting organic farming and agricultural organic products.
- It also provided training for both agropreneurship and entrepreneurship.
- And this program really opened up a window for all students to boost their self-confidence and channelize them to market their products without extra effort.

Seminar on Stepping to the World of Innovation: Know the Institutional Supports

Title of the Workshop/Seminar	:	Seminar on Stepping to the World of Innovation: Know the Institutional Supports
Nature of the Programme	:	Intellectual Property Rights
Date	:	25 October 2022
Venue	:	Biotechnology lab, Newman College
Resource Person	:	Dr Anju T R, Assistant Professor, Department of Botany and Biotechnology
Organising Department	:	Botany and Biotechnology
Name of the Coordinator	:	Jaiby Cyriac, Assistant Professor, Department of Botany and Biotechnology
No. of Participants	:	66

Stepping to the World of Innovation: Know the Institutional Supports

The Department of Botany and Biotechnology, in association with the Institution's Innovation Council, organized a lecture titled "Stepping to the World of Innovation: Know the Institutional Supports" to commemorate Innovation Day 2022. The event aimed to inspire students to embrace innovation and provided insights into the factors affecting creative thinking, institutional supports, and opportunities available for nurturing innovative ideas. Dr. Anju T R, the Innovation Ambassador of Newman College, delivered an engaging lecture, followed by a student interaction session.

The lecture began with Dr. Anju T R addressing the factors that hinder creative thinking among students and explained the neurobiology behind these inhibitions. She emphasized the importance of identifying and overcoming mental blocks to think outside the box. Dr. Anju encouraged the students to observe the problems existing in their community and challenged them to come up with innovative ideas to address these issues. During the session, various problem statements related to common societal issues were discussed, allowing students to apply their field of specialization to propose potential solutions. The aim was to foster an innovative mindset among the students and encourage them to identify problems that they could work on.

Furthermore, Dr. Anju introduced the Ministry of Education's Innovation Cell (MIC) and highlighted its various activities. She also shed light on the Institution's Innovation Council of Newman College, outlining the support and resources provided by the institute to mentor, nurture innovation, and facilitate incubation of innovative ideas. The students were made aware of the opportunities available for them to collaborate with industry, startups, and other stakeholders to bring their ideas to fruition.

The lecture also touched upon the significance of intellectual property rights, such as patents and copyrights, for protecting innovative ideas. Students were educated on the process of securing ownership of their ideas and the benefits it can bring to their career and entrepreneurial endeavors. Following the lecture, a student interaction session was conducted, allowing students to ask questions and seek clarifications. This interactive segment provided a platform for students to engage in meaningful discussions and gain further insights into the world of innovation.

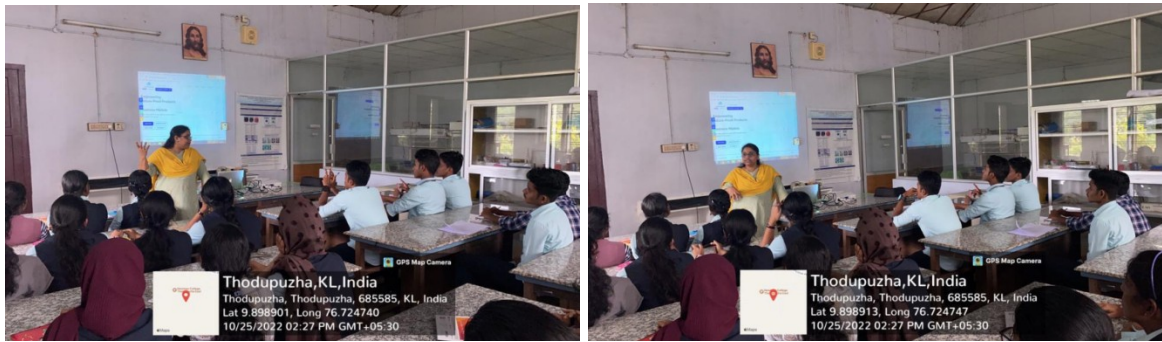

The lecture and interaction session were attended by first-year undergraduate students, who actively participated and expressed their enthusiasm for exploring innovative ideas. The event concluded at 03:20 PM, leaving the students inspired and motivated to embark on their innovative journeys.

The Innovation Ambassador Lecture addressed the factors inhibiting creative thinking among students and encouraged them to identify and resolve societal problems through innovative ideas. The session acquainted students with the Ministry of Education's Innovation Cell and highlighted the support provided by the Institution's Innovation Council of Newman College. The lecture emphasized the importance of intellectual property rights and the potential for students to become creators and innovators in their respective fields.. The event concluded with the students leaving with a newfound passion for innovation and a greater understanding of the institutional support available to foster their creative ideas.

Date	: 11 October 2022
Venue	: Mar Pothanamuzhi Hall, Newman College
Resource Person	: Dr. P Sasikumar
Organising Department	: Physics
Name of the Coordinator	: Dr. Subin Jose, Assistant Professor, Department of Physics
No. of Participants	: 82

Seminar on Entrepreneurial Skills

Institution Innovation Council of Newman College in association with Science Cub conducted a motivational session to graduate and undergraduate students on theme “How to become a successful Entrepreneur”. Dr. P Sasikumar from Vikram Sarabhai Space Center was the resource person. The event started with a prayer by Ms. Krishnagadha, 3rd year B.Sc Physics student. Dr. Bijimol Thomas, principal inaugurated the event and gave the welcome address. Second and third year student from various department actively participated in the talk. The presentation is followed by a brain storming sessions, many students actively asked questions and Dr. P Sasikumar shared his life experience and challenges faced by him during his carrier in VSSC. Dr. Subin Jose, Assistant Prof, Department of physics gave the vote of thanks.

Workshop on Revamping Critical Thinking and Entrepreneurship Skills

The Department of Botany and Biotechnology at Newman College, Thodupuzha, organized a workshop on "Revamping Critical Thinking and Entrepreneurship Skills" on August 30, 2022. The workshop aimed to enhance critical thinking abilities and foster entrepreneurship skills among graduate students from various disciplines such as Life Science, Chemistry, Physics, and Mathematics. Dr. Civy V Pulayath, a motivational speaker, life coach, and Head of the Department of Public Health Dentistry at Malabar Dental College, led the workshop.

The workshop commenced with a prayer, followed by a welcome speech from Dr. Saju Abraham, Vice Principal and Head of the Department of Botany, Newman College, Thodupuzha. Dr. Bijimol Thomas, the Principal of Newman College, delivered the inaugural address, emphasizing the importance of attending interactive sessions for the holistic development of students, encompassing intellectual, moral, and spiritual growth.

Dr. Civy V Pulayath then conducted an interactive session that began with a thought-provoking activity to engage students' attention. He quoted Dr. APJ Abdul Kalam's famous words, "Dream, Dream, Dream, Dreams Transform Into Thoughts And Thoughts Result In Action," emphasizing the significance of determination and the willingness to work towards one's goals. The speaker shared real-life examples of individuals who, through strong desire, determination, and dedication, overcame obstacles and achieved success.

The session incorporated various activities, including group reshuffling to encourage students to interact with peers from different departments. Dr. Civy emphasized that everyone faces initial challenges when venturing into new endeavors, but overcoming them is a measure of success. Effective communication, presentation skills, technical skills, and soft skills were highlighted as crucial for securing jobs and entrepreneurial success. The speaker conducted a creativity-based activity, urging students to develop their entrepreneurship skills by nurturing creativity, critical thinking, observation, problem analysis, problem-solving, time management, and other essential soft and technical skills.

The workshop concluded with a vote of thanks delivered by Dr. Prajeesh C Mathew, Head of the Department of Commerce, Newman College, Thodupuzha. Student representatives also shared their feedback, demonstrating the positive impact of the session. The students expressed their newfound motivation to step out of their comfort zones, pursue new opportunities, and achieve their aspirations.

The workshop highlighted the significance of critical thinking and entrepreneurship in today's competitive world. Through thought-provoking activities, real-life examples, and interactive sessions, students were encouraged to develop their communication skills, presentation skills, and problem-solving abilities. The workshop successfully ignited a spark of creativity, critical thinking, and entrepreneurial spirit among the participants, paving the way for their future success. The event concluded with a renewed sense of enthusiasm and determination among the students, as they aspire to pursue their dreams and make a positive impact in their chosen fields.

Workshop on Python

The department of mathematics and statistics organized the “TWO DAY WORKSHOP ON PYTHON ”, Sponsored by DBT star college on 29th and 30th August, 2022. Workshop was open to second year and third year under graduate students and 32 students attended the workshop. Smt.Nancy Jacob, Head of the Department of Mathematics addressed the gathering.

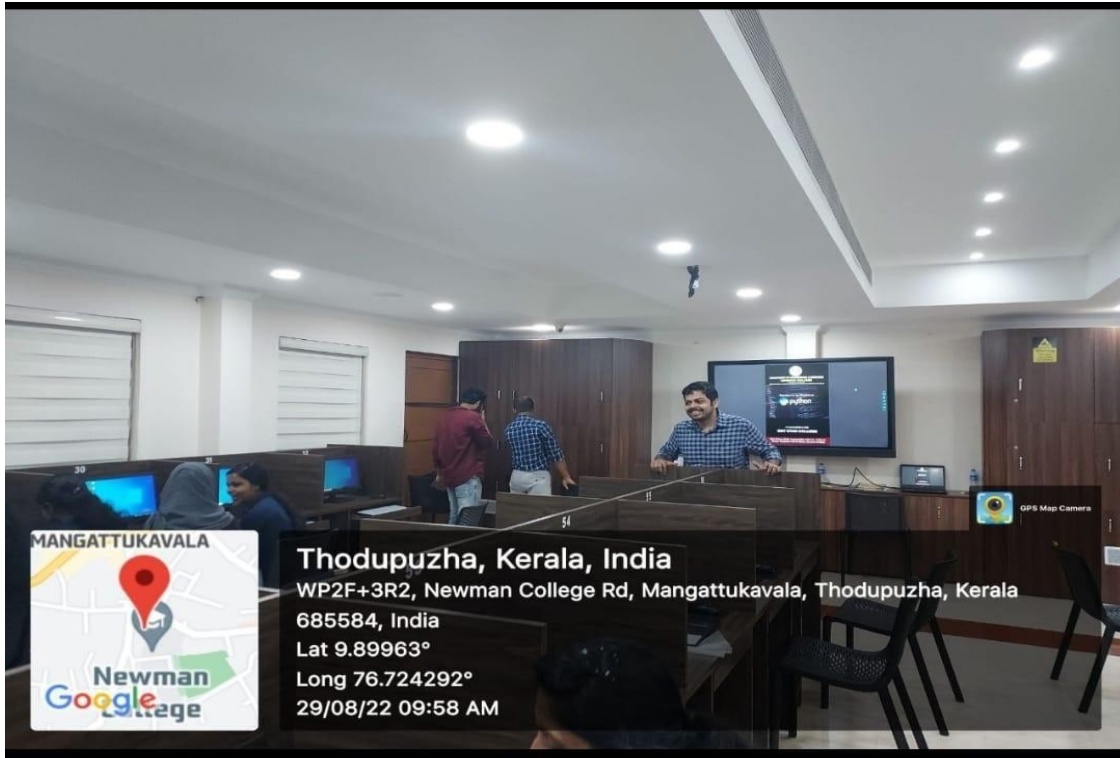

Sri.Nidhi Ramesh, Assistant Professor , Department of statistics, M.A .College(Autonomous) , Kothamangalam presented and delivered the lecture on the programming language python. Python is the most eminent programming language. The class was so effective and lively. This workshop truly helped the students to acquire the preliminaries about the python and to chase the dream of the learning of a new programming language. After the session the students were asked to perform the task about the programming. The two day workshop on python ended with the vote of thanks by the student representative.

Talk on the Highway to Success

The department of Mathematics & Statistics organized the Seminar on “THE HIGHWAY TO SUCCESS”, sponsored by the DBT star college on 22nd August 2022. Seminar was open to second year and third year under graduate students and 60 students were present. Smt. Nancy Jacob, Head of the department, Department of Mathematics welcomed the gathering.

Sri. Baby Joseph, Rtd Grade II Assistant Librarian, Mahatma Gandhi University, Counsellor & Trainer, addressed the students and delivered lecture on Highway to success. He enlightened our mind and soul with his powerful words. Sri Baby Joseph’s lecture give us the idea on how to chase the dream and achieve them. After the session students had an opportunity to interact with the speaker. The two of the audience gave the feedback on the lecture. Seminar ended at 12.30 pm by the vote of thanks by the student of second year, Aleena Hussain.

Workshop on Entrepreneurship Skills in Electronics

Department of Physics organized an Entrepreneurship programme to train B.Sc and M.Sc Physics students. The programme was inaugurated on 20th August 2022. Mr. A. V Jacob was the resource person. Programme started at 9.30am. Mr. Jacob gave an introduction on transformer, basic working principle of power supply and LED bulb circuits. After that, hands on training on transformer winding, Power supply making and LED repairing started. 32 students were participated. Programme ended at 4.30 pm. The programme was continued on Aug 29 and Aug 30.

A total nine 6-0-6 transformers were winded. Using these, 7 power supplies were made and is still using in B.Sc labs. 16 LED bulbs were repaired during the event.

Research Methodology Seminar on Bioinformatics

Title of the Workshop/Seminar	:	Research Methodology Seminar on Bioinformatics
Nature of the Programme	:	Research Methodology
Date	:	19 August 2022
Venue	:	Punnakottil Hall, Newman college Thodupuzha
Resource Person	:	Dr.Dhanya B Pillai, Director and CEO of Green Clones Natural Pvt Ltd, KRIBS BIONEST, Kochi
Organising Department	:	Botany & Biotechnology
Name of the Coordinator	:	Dr. Anju T.R, Assistant Professor, Department of Physics
No. of Participants	:	42

Research Methodology Seminar on Bioinformatics

The Department of Botany & Biotechnology at Newman College, Thodupuzha, organized a seminar on Research Methodology in Bioinformatics and Molecular Docking on August 19, 2022, under the support of the DBT Star College Scheme. The seminar aimed to introduce students to the field of bioinformatics and molecular docking, providing them with valuable insights into new techniques and soft skills required for research. The resource person for the seminar was Dr. Dhanya B Pillai, Director and CEO of Greenclones Natural Pvt Ltd, KRIBS BIONEST, Kochi.

The seminar commenced with an introduction by the welcome address by Dr. Anju T R, Programme coordinator. The inaugural address was given by Dr. Bijimol Thomas, Principal, Newman College in which she emphasized the importance of research methodology in the field of life sciences. This was followed by the talk by Dr. Dhanya B Pillai, an expert in the field of bioinformatics and molecular docking.

Dr. Dhanya B Pillai shared her expertise and knowledge, providing an overview of bioinformatics and its applications in various biological research areas. She explained the fundamental concepts of bioinformatics and its significance in understanding complex biological systems. The resource person also introduced the participants to molecular docking, an essential technique used in drug discovery and protein-ligand interaction studies.

The seminar focused on familiarizing the participants with the practical aspects of research methodology in bioinformatics and molecular docking. Dr. Dhanya B Pillai discussed various tools and software used in bioinformatics analysis, providing hands-on demonstrations to illustrate their functionalities. She also highlighted the importance of data analysis and interpretation in bioinformatics research.

The session fostered an interactive environment, enabling participants to actively engage with the resource person. Students and faculty members enthusiastically clarified their doubts, seeking guidance on research methodologies, software applications, and career prospects in the field of bioinformatics.

The seminar was attended by students and faculty members from the Department of Botany & Biotechnology, creating a diverse and intellectually stimulating atmosphere. The

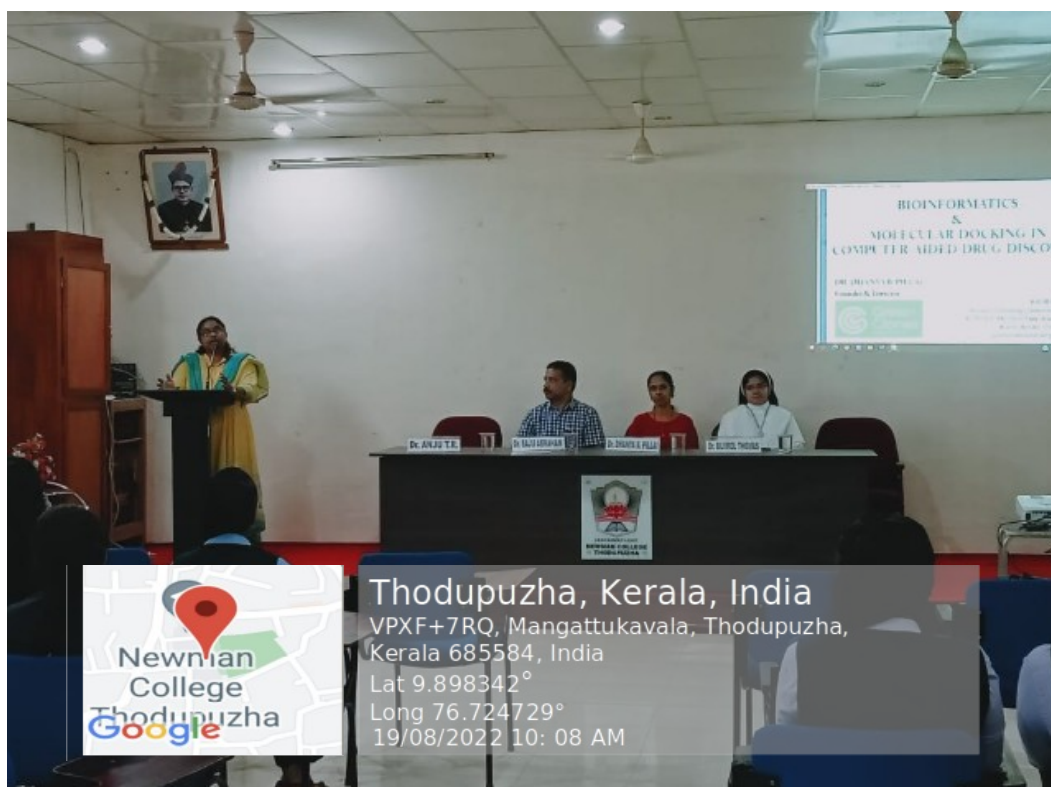

participants gained valuable insights into the emerging field of bioinformatics and molecular docking, equipping them with essential skills and knowledge for future research endeavors. The Department of Botany & Biotechnology expressed their gratitude to Dr. Dhanya B Pillai for sharing her expertise and insights.

Outcome:

The seminar successfully familiarized the participants with new techniques and soft skills required for research in the field of life sciences. The event, held under the support of the DBT Star College Scheme, emphasized the importance of research methodology and equipped the participants with valuable knowledge to advance their research pursuits. The seminar served as a platform to inspire and empower students in their scientific journey, encouraging them to explore the vast possibilities offered by bioinformatics and molecular docking. The seminar concluded with a sense of enthusiasm and renewed motivation among the participants, fostering a culture of research excellence and innovation within the department.

Research workshop on Lab Safety and Good Laboratory Practices

Title of the Workshop/Seminar	:	Research workshop on Lab Safety and Good Laboratory Practices
Nature of the Programme	:	Research Methodology
Date	:	11-12 August 2022
Venue	:	Punnakkottil Hall
Resource Person	:	Dr.Anju T.R, Asst. Professor, Dept. of Biotechnology, Newman College, Thodupuzha Dr. Anu Mary Joseph, Asst. Professor, Dept. of Chemistry, Newman College, Thodupuzha Sri. Jaseer P. V., District Coordinator, Suchithwa Mission, Idukki
Organising Department	:	Chemistry
Name of the Coordinator	:	Ms.Sona John, Assistant Professor, Department of Chemistry.
No. of Participants	:	68

Research workshop on Lab Safety and Good Laboratory Practices

Department of Chemistry, Newman College, Thodupuzha, in association with STIC-CUSAT and IIC, organized a Two-Day Workshop on ‘Lab Safety and Good Laboratory Practises’ during 11-12th August 2022, under the DBT Star College Scheme. The workshop was meant for teachers, laboratory assistants and students from various science streams.

The program began with an inaugural ceremony which was presided over by Rev. Fr. Paul Nedumpurath, Higher Educational Secretary, Corporate Educational Agency, Kothamangalam and inaugurated by Sri. Saneesh George, Municipal Chairman, Thodupuzha Municipality, on 11th August 2022.

On Day-I, the workshop constituted of 4 sessions. Session 1 was handled by Dr. Shibu Eapen Scientific Officer, SAIF STIC, CUSAT on Good Laboratory Practises (GLP). The session was chaired by Dr. Anju T. R., Asst. Professor, Dept. of Biotechnology, Newman College, Thodupuzha. Session 2 was on Material Safety Data Sheets (MSDS), by Dr. Anu Mary Joseph, Asst. Professor, Dept. of Chemistry, Newman College, Thodupuzha. Dr. Cincy George, Asst. Professor, Dept. of Chemistry, Newman College, Thodupuzha, chaired the session. Session 3 was by Sri. Jaseer P. V., District Coordinator, Suchithwa Mission, Idukki, on Waste Management for a Clean Environment. The session was chaired by Dr. Subin Jose, Asst. Professor, Dept. of Physics, Newman College, Thodupuzha. Session 4 was on Laboratory Preparations by Sri. Biju Peter, HOD of Chemistry, Newman College, Thodupuzha. Smt. Sona John, Asst. Professor, Dept. of Chemistry, Newman College, Thodupuzha, chaired the session

On Day-II, Session 5 was on Biomedical Waste Management by Sri. Eby Varghese, Environmental Engineer, Kerala State Pollution Control Board. Chair of the session was Dr. Beena Mary John, Asst. Professor, Dept. of Physics, Newman College, Thodupuzha. Session 6 was by Sri. Sreekumar S., Health Superintendent, Thodupuzha Municipality, on Psychological Aspects of Pollution. Smt Jaiby Cyriac, Asst. Professor, Dept. of Botany, Newman College, Thodupuzha, chaired the session. Session 7 was on Lab Safety and Disaster Management by Sri. Jayaram T. K., Senior Fire and Rescue Officer, Kerala Fire and Rescue Services. The chair of the session was Dr. Indu Sebastian, Asst. Professor, Dept. of Physics, Newman College, Thodupuzha. Session 8 was by Sri. Christopher M., CEO, Chris Global Traders, on Solid Waste Management. Fr. Dr. Eldho K. Thomas, Asst. Professor, Dept. of Mathematics, Newman College, Thodupuzha chaired the session.

The program ended on August 12th 2022, with a valedictory function in which participants shared their experiences and feedbacks. There were about 100 participants for the workshop including 59 outside-participants and participation certificates were distributed to all. Dr. Bejoy Thomas and Smt. Sona John, Assistant Professors, Dept. of Chemistry and Dr. Shibu Eapen, Scientific Officer, STIC-CUSAT were the organizing secretaries.

Research workshop on

LAB SAFETY AND GOOD LABORATORY PRACTICES

to property

Date: 11-12 August, 2022

Venue: Mar Punnakkottil Hall
Hall- Newman College- Thodupuzha

In addition to chemistry or science in general, laboratory personnel need to plan for the proper procedures, equipment, safety, and environmental fate of the products and byproducts generated. They should consult the literature and their colleagues, update methods, and replace particularly hazardous or environmentally inappropriate chemicals with benign alternatives. Where possible, procedures should be scaled down to minimize chemical usage and waste generation. Furthermore, fire safety becomes very important and requires adequate measures to reduce the possibility of fire accidents and loss. In this regard, Department of Chemistry at Newman College is organizing a two day workshop on Lab safety and good laboratory practices during 11 & 12 August 2022. The target beneficiaries include science teachers, Laboratory staff and students. It's our privilege to welcome you all to this workshop to make use of the diverse aspects of Lab safety and GLP.

FOCUS OF THE WORKSHOP

- * Good laboratory practices
- * Material Safety and Toxicity
- * Sustainable Practices in the Laboratory
- * Solid Waste Management (SWM)
- * Biomedical Waste Management (BWM)
- * Fire and Safety

STIC @ CUSAT: Sophisticated Test and Instrumentation Center is an Institution Sponsored Jointly by Kerala State Council for Science Technology and Environment (KSCSTE) and Cochin University of Science and Technology (CUSAT).

The objective of this institution is to assist the Industries, R&D organizations and Higher Education Centers by providing highly sophisticated testing and calibration facilities, material analysis facility, R&D support, consultancy services and training programs. The Calibration Laboratories of STIC are equipped with modern calibration instruments and standards that are traceable to National Standards. These laboratories are accredited by National Accreditation Board for Testing and Calibration Laboratories (NABL). STIC offers calibration services for Electro-Technical, Thermal and Mechanical parameters. The calibration services of STIC are made use of by industries, R&D Organizations and other Calibration Laboratories, mainly from South India.

Chemistry@Newman: The DST-FIST and KSCSTE-SARD supported Department of Chemistry at Newman College, Thodupuzha is a potential centre of learning in chemical sciences. As a department, it was started in the year 1967. The department give importance to both academic teaching and as well as research. The Chemistry department enjoys financial assistance from government agencies including UGC, DST, DBT, SERB, KSCSTE, and SRIBS and has dedicated research laboratories with advanced instrumental facilities like IR, UV-Vis, DRS with Peltier, Fluorescence spectrometer, Electrochemical work-station etc. Credibility as a potential centre for chemical science research is evident from the number of publications from the department. Approximately 70 research publications came out from the department during the last 10 years (2012-), which include reviews, research articles, book chapters edited books etc. Major research focuses include amphiphilic biopolymers and eco-design of materials, sustainable and clean energy materials, (bio) polymeric nanocomposites, nanomaterial's for biomedical applications etc.

Research workshop on How to prepare a High Impact Publications? Research Writing

The Department of Chemistry, in association with DBT-STAR college scheme organized one day seminar on research methodology on the topic “How to Prepare a High Impact Publication?” on 08 August 2022. This orientation programme is guided by the concept that students should know the structure of a scientific paper at the beginning of their careers, as the value of research and the career of a student depend heavily on the success in publishing scientific papers. Dr. Bejoy Thomas Assistant Professor, Department of Chemistry, Newman college Thodupuzha, served as the resource person. Dr. Anu Mary Joseph and Dr. Cintil Jose served as coordinators. About 120 participants including students, research scholars, and teachers from other departments attended the programme.

Chief Guest:

Dr. Bejoy Thomas

Assistant Professor, Department of Chemistry
Newman college Thodupuzha

Date & Time : 03 August 2022 @ 01.30 p.m.

Venue: Pothanamuzhi Hall

Dr. Bejoy Thomas studied chemistry at the University of Bangalore (India) and received his PhD in physical chemistry from Cochin University of Science and Technology (India). After working for some time in NMR spectroscopy at the Indian Institute of Science (India), he moved to Germany as a DFG (German Chemical Society) postdoctoral fellow at the Institute of Chemical Technology, University of Stuttgart. Dr. Bejoy then moved to France as a CNRS postdoctoral associate at the Laboratoire de Chimie de la Matière de Condensée de Paris, UPMC-P6 before coming back to India to join Newman College, Thodupuzha, Kerala in 2011. The focus of his work is self-assembly of biosurfactant molecules including long chain fatty acids and their esters, small proteins, polysaccharides, etc. synthesis of hierarchical zeolites, ordered mesoporous materials, surface science, and catalysis, and in situ NMR spectroscopy of working catalysts. Recently, the work is focussed on the extraction, characteristics, and application of nanocellulosic materials, especially towards catalysis. Dr. Bejoy has an h-index of 21 and published about 40 research articles in high impact journals.

Seminar on Research opportunities in India and Abroad

Title of the Workshop/Seminar	:	Seminar on Research opportunities in India and Abroad
Nature of the Programme	:	Research Methodology
Date	:	30 July 2022
Venue	:	Online Mode
Resource Person	:	Dr.S.Balarama Kaimal, Professor, Department of Biochemistry, Saveetha Medical College & Hospital, Saveetha Institute of Medical & Technical Sciences, Chennai.
Organising Department	:	Botany & Biotechnology
Name of the Coordinator	:	Dr. Anju T R, Assistant Professor, Department of Botany and Biotechnology
No. of Participants	:	47

Seminar on Research opportunities in India and Abroad

The Department of Botany Biotechnology at Newman College, Thodupuzha, organized an online seminar on Research Opportunities in India and Abroad. The seminar aimed to familiarize students and faculty members in the field of Sciences with the research areas and opportunities available in life science subjects, both in India and abroad. The resource person for the seminar was Prof. Dr. S. Balarama Kaimal, a renowned professor from the Department of Biochemistry at Saveetha Medical College & Hospital, Saveetha Institute of Medical & Technical Sciences in Chennai.

The seminar commenced with a formal welcome address by Dr. Saju Abraham, Vice Principal of Newman College, setting the tone for the session. Prof. Dr. S. Balarama Kaimal, the resource person, introduced various research areas and highlighted emerging fields of research. He emphasized the prospects of interdisciplinary cutting-edge research and its significance in the current scientific landscape.

The resource person provided valuable insights into renowned research institutions in India, such as IISc (Indian Institute of Science), IITs (Indian Institutes of Technology), and other esteemed research organizations. He briefed the participants on the entry procedures and opportunities available at these institutions, encouraging them to consider these avenues for their research pursuits. Additionally, Prof. Dr. S. Balarama Kaimal introduced several world-class institutions in the Asia-Pacific region and the USA, known for their high-end research programs. He discussed the possibilities of pursuing research at these institutions, opening doors to global opportunities for the participants.

The seminar facilitated an interactive session where participants actively engaged with the resource person, seeking clarification and sharing their queries. The discussions further enriched their understanding of research opportunities and clarified their doubts regarding the application processes, eligibility criteria, and potential research areas.

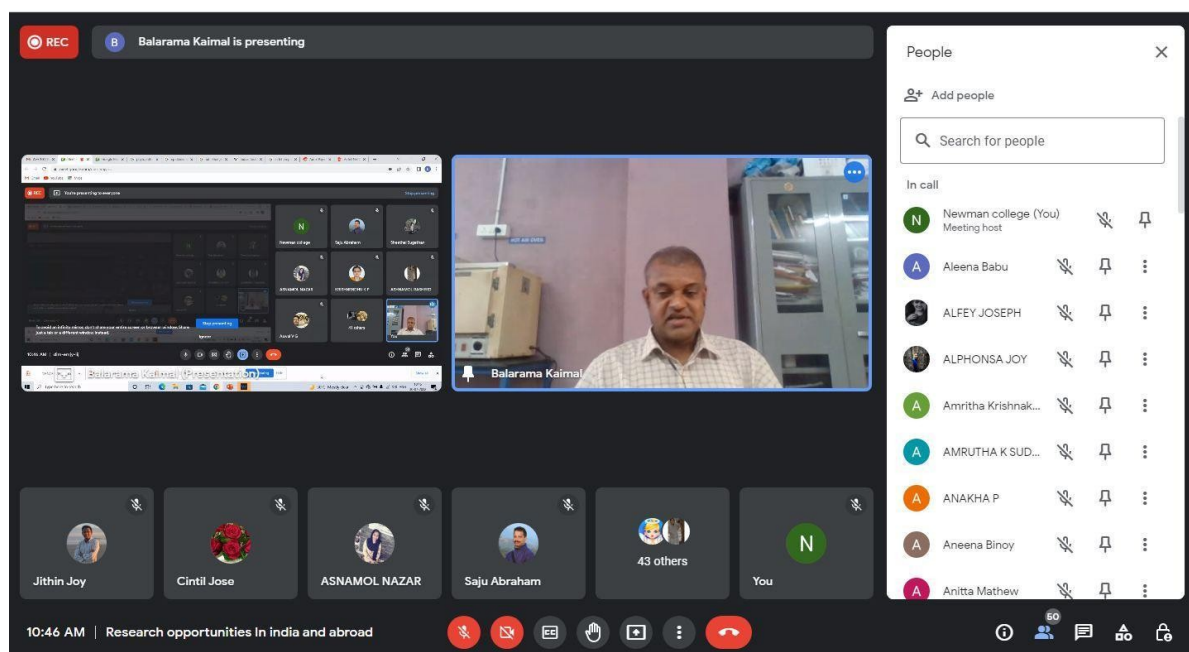

The seminar witnessed enthusiastic participation from students and faculty members from the departments of Botany, Biotechnology, Zoology, and Chemistry. This diverse representation fostered a holistic understanding of research opportunities across different disciplines within the life sciences. The seminar aimed to inspire students and faculty members to consider

research as a career path and explore interdisciplinary research areas. The program concluded with a formal vote of thanks by Dr. Anju T R, the program coordinator, expressing gratitude to the resource person, participants, and organizers. The seminar served as a platform to bridge the gap between academic knowledge and research prospects, equipping participants with the necessary information to pursue research opportunities in the field of life sciences.

Overall, the seminar provided valuable insights into the research landscape, instilling a sense of curiosity and motivation among the participants. It aimed to inspire and guide students and faculty members in their research aspirations, fostering a culture of excellence and innovation within the scientific community at Newman College, Thodupuzha.

Highlights of the Event

Technical session by Dr. Balarama Kaimal held on 30July 2022

The screenshot shows a Zoom meeting interface. At the top, a status bar indicates 'Balarama Kaimal is presenting'. The main content area displays a presentation slide with the title 'Branches in life sciences..' and a list of 13 branches: Botany, AYUSH Biology, Zoology, Evolutionary biology, Medical Science, Rehabilitation, Medical biotechnology, Developmental biology, Agricultural sciences, Anatomy, Physiology, Biochemistry, and Microbiology. Below the slide, a grid of participant thumbnails is visible, including Cintil Jose, Balarama Kaimal, ASNAMOL NAZAR, Mariat George, 35 others, and You. On the right side, a 'People' panel lists 11 participants in the call, such as Newman college (You), ABHIMON, P. DIN..., ALEENA VARGHESE, ALPHONSA JOY, Amritha Krishnak..., ANAKHA P, Aneena Binoy, Anitta Mathew, and ANJANA G KRISH... The bottom of the screen shows a toolbar with various meeting controls and a timestamp of 11:02 AM.

Seminar on Biosafety and Laboratory Practices

Title of the Workshop/Seminar	:	Seminar on Biosafety and Laboratory Practices
Nature of the Programme	:	Biosafety
Date	:	15 July2022
Venue	:	Punnakottil Hall, Newman College Thodupuzha
Resource Person	:	Dr.Mohanan Valiyaveettil, Senior Principal Scientist,Institute of Advanced Virology, Trivandrum
Organising Department	:	Botany & Biotechnology
Name of the Coordinator	:	Dr.Anju T.R, Assistant Professor, Department of Botany and Biotechnology
No. of Participants	:	47

Seminar on Biosafety and Laboratory Practices

The Department of Botany Biotechnology at Newman College, Thodupuzha, organized an seminar and online training session on Biosafety and Standard Operating Procedures (SOP) for students, faculty members, and laboratory staff in the field of Life Sciences and allied sciences. The session aimed to enhance understanding of the safety measures that need to be followed in laboratories related to life science subjects. Dr. Mohanan Valiya Veettil, Senior Principal Scientist (F) at the Institute of Advanced Virology, Trivandrum, served as the resource person for the session.

The program commenced with a formal welcome address by Dr. Saju Abraham, Vice Principal of Newman College, setting the tone for the training session. Dr. Mohanan Valiya Veettil, the resource person, provided a comprehensive account of various biosafety measures to be adhered to in different biosafety labs. He emphasized the importance of general safety measures and discussed the levels of safety precautions, the proper use of special safety gears, and the appropriate methods of disposal.

Additionally, the resource person explained the guidelines for the preparation of Standard Operating Procedures (SOP) in laboratories, ensuring uniformity and adherence to best practices. The participants actively engaged with the resource person, seeking clarification and discussing specific scenarios to better understand the implementation of biosafety measures and SOPs.

The training session was conducted in a hybrid mode, combining online and offline participation. Participants from the departments of Botany, Biotechnology, Zoology, and Psychology actively attended the program, creating a diverse and engaged learning environment.

The online training session on Biosafety and Standard Operating Procedures (SOP) provided valuable insights and guidance to students, faculty members, and laboratory staff in the field of Life Sciences and allied sciences. Dr. Mohanan Valiya Veettil, as the resource person, shared his expertise and experience, emphasizing the importance of adhering to biosafety measures and the preparation of SOPs in laboratory settings.

The active interaction between the participants and the resource person facilitated a deeper understanding of the subject matter, enabling the attendees to address their queries and concerns effectively. The program successfully catered to the needs of participants from different departments, highlighting the relevance of biosafety and SOPs in their respective fields. The training session concluded with a formal vote of thanks by Sr. Dr. Mariat George, expressing gratitude to the resource person, participants, and organizers. The program was coordinated by Dr. Anju T R from the Department of Biotechnology, ensuring its smooth execution.

Overall, the online training session on Biosafety and Standard Operating Procedures (SOP) served as a platform to enhance knowledge and awareness regarding laboratory safety measures in the field of Life Sciences and allied sciences. The program aimed to foster a culture of safety and best practices, promoting a secure and productive environment for students, faculty members, and laboratory staff.

Workshop on Telescope Making

Title of the Workshop/Seminar	:	Workshop on Telescope Making
Nature of the Programme	:	Research Methodology & Entrepreneurship
Date and Time	:	25 June 2022
Venue	:	Pothanamuzhy hall, Newman College Thodupuzha
Resource Persons	:	Mr. K.L. Eappachan, Secretary, Idukki Chapter of BSS & Prof. P.N. Thankachan, BSS state secretary
Organising Department	:	Physics
Name of the Coordinator	:	Dr. Indhu Sebastian, Assistant Professor, Department of Physics
No. of Participants	:	72

Workshop on Telescope Making

The postgraduate Department of Physics, Newman College Thodupuzha in association with Breakthrough Science Society organized 'One day workshop on Telescope Making under DBT STAR College Scheme on 25 th June 2022 at Pothanamuzhy Hall, Newman college. 72 students from nearby schools and 28 students of our college actively participated in the workshop.

The Workshop started with an inaugural session and a talk. Dr.Beena Mary John, Head, Dept. of Physics welcomed the gathering. Dr. Bijimol Thomas, Principal Presided over the function. Dr.Joe Jacob, former HOD and a well-known astrophysicist, President of Idukki Chapter of BSS inaugurated the workshop. He explained the importance of scientific observations of celestial objects and the activities of IUCAA , Pune. Mr. K.L. Eappachan, Secretary , Idukki Chapter of BSS explained the activities of BSS in reforming the society.

Prof, P.N.Thankachan, BSS state secretary delivered a talk on 'The History Telescope'. The students were divided into ten groups and there were 10 members in each group. Each group was named as the names of astronomers like Galelio, Kepler, Bruno etc. Telescope assembling kit was provided to each team. Prof. P.N. Thankachan and team demonstrated the assembly of Telescope. Dr.Indu Sebastian demonstrated the method to find the focal lengths of lenses to be used as both objective and eyepiece. Under the supervision of the resource persons, Prof. P.N.Thankachachan and team, each team assembled the telescope successfully. At the end of the technical session, all the students were able to assemble a telescope of their own. The students watched the distant objects using the telescope they had assembled. The programme ended by 4.30 pm. As the participants are able to make telescopes, they could supply telescopes to the amature astronomers and to various institutions. In that point of view the workshop enabled the participants to become entrepreneurs.

Highlights of the Event

Highlights of the workshop held on 25 June 2022.

Students participating in telescope making.

Registration Details

- Any interested students/faculty from school/college
- Registration fee: 50/-
- Fee can be paid directly on 25th June 2022.

Note: Telescope will be sold with a cost of Rs. 500/-

Newman College

- First Higher education institution in Idukki Dt
- DBT sponsored STAR College Scheme
- One among the 18 STRIDE project awardees In India
- The only college in India having ICARD centre
- Selected under UGC Paramarsh Scheme
- University Ranks & Placement Records
- Research facilities in Physics, Chemistry and English
- Produced 8 PhD's in Physics

Workshop on Software Designing: An Introduction and Career Opportunities

Title of the Workshop/Seminar	:	Workshop on Software Designing: An Introduction and Career Opportunities
Nature of the Programme	:	Research Methodology
Date and Time	:	25 June 2022
Venue	:	Online mode- Google Meet
Resource Person	:	Mr Rajesh Medackal, Associate Director, Cognizant, Kochi, Kerala
Organising Department	:	Mathematics
Name of the Coordinator	:	Fr.Dr.Eldho K Thomas, Assistant Professor, Department of Mathematics
No. of Participants	:	50

Workshop on Software Designing: An Introduction and Career Opportunities

Department of Mathematics, Newman College, Thodupuzha in association with Institution's Innovation Council (Ministry of Education Initiative) with the support of DBT Star College scheme organized a seminar on software designing on 25th June 2022. The main objective of this program was to familiarize the software development life cycle (SDLC) and the major steps involved in it. The seminar topic was introduced and the resource person was welcomed by Dr. Anju TR, IIC Convenor and the college IQAC coordinator. The Resource person of the program was Mr Rajesh Medackal, Associate Director, Kochi, Kerala, who is an expert in the field having more than twelve years of experience in development and management. Mr. Rajesh started the session by discussing the software designing life cycle (SDLC). The major steps involved in SDLC are analysis, design, development, testing, deployment and maintenance. He then described the technical design and the UI/UX designing including prototyping. He mentioned the role of a Business analyst, Program manager, Architect, Client team, Developers etc in SDLC. After discussing the SDLC, Mr. Rajesh explained various career opportunities in software field and the fundamental qualities, qualifications and skills needed for a candidate to be selected. Around 50 students and teachers from various departments, attended the programme. The session ended around 11.30 with the concluding remarks and vote of thanks by the program coordinator Fr. Dr. Eldho K. Thomas from Department of Mathematics

Snapshot of the programme conducted on 25 June 2022.

Seminar on Chalo India Startup Drive

Title of the Workshop/Seminar	:	Seminar on Chalo India Startup Drive
Nature of the Programme	:	Entrepreneurship
Date	:	23 June 2022
Venue	:	Mar Pothanmuzhi Hall
Resource Person	:	Mr. Rahul M R from Avodha Edutech, Infopark Kochi.
Organising Department	:	Commerce
Name of the Coordinator	:	Dr. Boney Bose, Assistant Professor, Department of Commerce
No. of Participants	:	110

Seminar on Chalo India Startup Drive

The Institution Innovation Council (IIC) of Newman College, Thodupuzha, in collaboration with Avodha Edutech, organized a session titled 'Chalo India Start-up Drive' to provide incubation support to innovative ideas. The session aimed to inspire students to think outside the box and come up with innovative start-up ideas. The program commenced with a formal inaugural session, followed by a talk on various start-ups and the start-up drive program. The session was led by Mr. Rahul M R from Avodha Edutech, Infopark Kochi.

Mr. Rahul M R began the session by introducing the concept of start-ups and their significance in the current entrepreneurial landscape. He highlighted the success stories of various start-ups in India that have achieved remarkable growth and market success through their innovative ideas. By sharing these success stories, Mr. Rahul motivated the students to think creatively and encouraged them to explore new possibilities.

The session specifically targeted students from life sciences and commerce backgrounds, recognizing their potential to contribute innovative ideas to various sectors. Mr. Rahul emphasized the importance of understanding market demands and identifying gaps that can be filled with unique and disruptive solutions. He urged the students to think critically, identify problems, and develop creative solutions that can address these challenges effectively.

During the session, Mr. Rahul introduced the 'Chalo India Start-up Drive' program, which aims to provide incubation support and guidance to aspiring entrepreneurs. He explained the key components of the program, including mentoring, financial support, networking opportunities, and access to resources. Mr. Rahul highlighted the benefits of participating in such programs and encouraged the students to take advantage of the support and guidance available to them.

The session sparked enthusiasm among the students, who actively participated in discussions and brainstorming activities. They eagerly shared their ideas and engaged in fruitful conversations on potential start-up ventures. The interactive nature of the session allowed students to gain insights into the start-up ecosystem and learn from the experiences shared by Mr. Rahul. As the session concluded, the students expressed their gratitude for the informative and inspiring session. They acknowledged the value of such initiatives in nurturing their entrepreneurial spirit and providing them with the necessary guidance and support to embark on their start-up journeys. The programme was attended by around 110 participants and was concluded by 12:30 PM

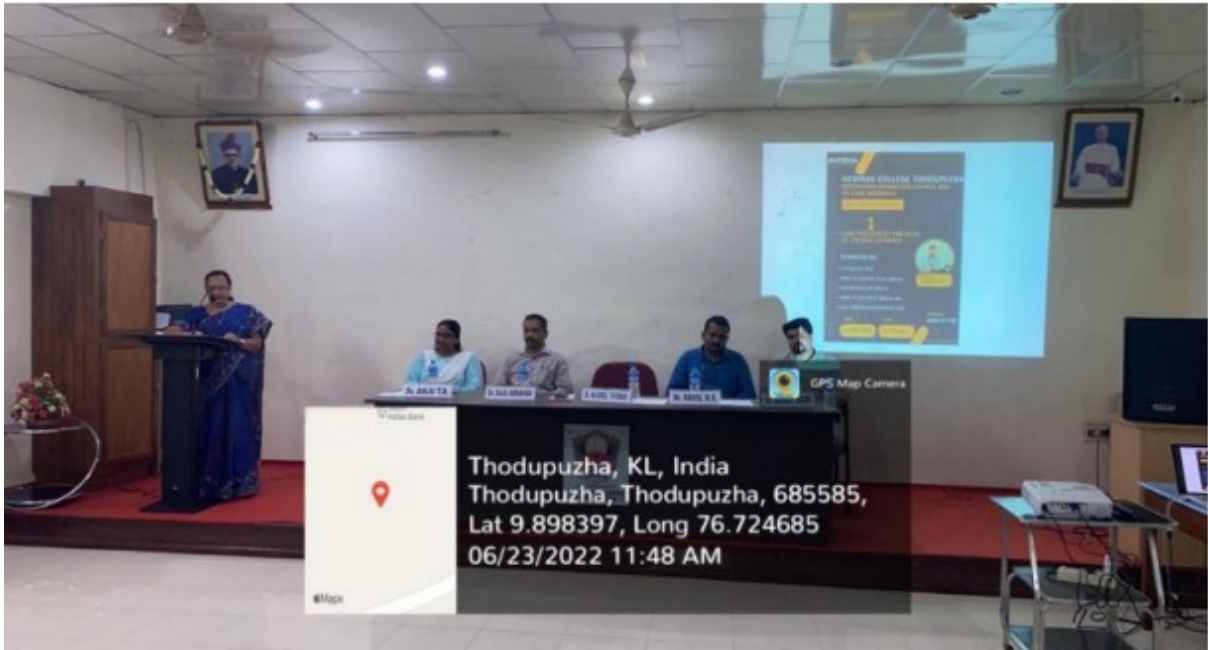

The IIC of Newman College, Thodupuzha, in collaboration with Avodha Edutech, aims to provide a platform for students to explore their entrepreneurial potential and transform their innovative ideas into successful start-up ventures. By organizing the 'Chalo India Start-up Drive' session, the IIC encourages students to think beyond conventional career paths and embrace the opportunities offered by the dynamic start-up ecosystem.

'Chalo India Start-up Drive' session organized by the Institution Innovation Council, Newman College, Thodupuzha, in association with Avodha Edutech, served as a catalyst for igniting the entrepreneurial spirit among students. By providing them with insights into the start-up ecosystem and encouraging innovative thinking, the session inspires students to explore the world of entrepreneurship and contribute to the growth and development of the nation.

Workshop on R Programming

Title of the Workshop/Seminar	:	Workshop on R Programming
Nature of the Programme	:	Research Methodology
Date	:	23, 24 June 2022
Venue	:	Computer Lab, E block, Newman College Thodupuzha
Resource Person	:	Dr. Nidhi Ramesh, Department of Statistics, MA College, Kothamangalam
Organising Department	:	Mr. Tijo Mathew, Assistant Professor, Dept. of Statistics, KE College Mannanam
Name of the Coordinator	:	Mathematics and Statistics Smt. Nancy Jacob, Assistant Professor, Department of Mathematics and Statistics.
No. of Participants	:	56

Workshop on R Programming

The department of Mathematics & Statistics organized the Two day workshop on ‘‘R programming’’ sponsored by the DBT star college on 23, 24 June 2022. Workshop was open to second year and third year under graduate students and 55 students were present. The purpose of the seminar was to make aware the students about R programming. Smt. Nancy Jacob, Head of the department, Department of Mathematics welcomed the gathering.

The first day of the seminar was about the introductory session of R programming. The class was efficiently handled by Dr. Nidhi Ramesh, Department of Statistics, MA College, Kothamangalam. The second day of the workshop was hosted by Mr. Tijo Mathew , Assistant professor, Dept. of statistics, KE college Mannanam. The class was about the applications of R programming and career options about R. This really helped the students to acquire knowledge about the programming language.

DBT STAR COLLEGE

Organizes two day Workshop on
R PROGRAMMING

Date & time: 23-24, June 2022, 9.30 a.m. - 3.30 p.m
Venue: Computer Lab. E- Block , Newman College

R is a language and environment for statistical computing and graphics. It is a GNU Project which is similar to the S language and environment which was developed at Bell Laboratories (formerly AT&T, now Lucent Technologies) by John Chambers and colleagues. R can be considered as a different implementation of S

R provides a wide variety of statistical (linear and nonlinear modelling, classical statistical tests, time-series analysis, classification, clustering, ...) and graphical techniques, and is highly extensible. The S language is often the vehicle of choice for research in statistical methodology, and R provides an open source route to participation in that activity.

Workshop on Multidisciplinary Approach to Research Methodology

Title of the Workshop/Seminar	:	Workshop on Multidisciplinary Approach to Research Methodology
Nature of the Programme	:	Research Methodology
Date	:	16 May 2022
Venue	:	Mar.Mathew Pothanamuzhy hall
Resource Person	:	Dr. Sony Kuriakose, the IQAC Coordinator of Nirmala College Muvattupuzha
Name of the Coordinator	:	Dr. M.V Krishnakumar, Assistant Professor, Department of History.
No. of Participants	:	57

Workshop on Multidisciplinary Approach to Research Methodology

On the 16th of May 2022, the STRIDE Project Newman College Thodupuzha organized a workshop focused on the application of research methodology across multiple disciplines for students of arts and commerce streams. The workshop was led by Dr. Sony Kuriakose, the IQAC Coordinator of Nirmala College Muvattupuzha, and had an attendance of 60 students. Dr. Sony Kuriakose emphasized the importance of a multidisciplinary approach to research methodology in understanding complex issues and discovering innovative solutions. She also stressed the necessity of following a structured approach to ensure accuracy and quality research outcomes. The workshop covered different research designs, such as experimental, quasi-experimental, and non-experimental, and their respective advantages and disadvantages were discussed. Dr. Sony Kuriakose highlighted the importance of selecting the appropriate design to suit the research question. Data collection methods were also discussed, including surveys, interviews, and observations. Dr. Sony Kuriakose stressed the importance of choosing the appropriate method for the research question and ensuring the reliability and validity of the data collected. Statistical methods in multidisciplinary research were also covered, including descriptive and inferential statistics. Dr. Sony Kuriakose emphasized the importance of selecting the appropriate statistical method based on the research question and the type of data collected. The workshop also included discussions on ethical considerations in research. Dr. Sony Kuriakose discussed the significance of ethical considerations in research and emphasized obtaining informed consent from research participants. The importance of maintaining confidentiality and privacy in research and conducting the research in an ethical and responsible manner was also discussed.

Throughout the workshop, Dr. Sony Kuriakose engaged the students in interactive discussions and activities to ensure that they understood the concepts presented. She provided examples of research studies and data analysis methods to illustrate the concepts covered in the workshop.

The workshop concluded with a question-and-answer session, where the students were given the opportunity to clarify their doubts. Dr. Sony Kuriakose answered each question with clarity and provided additional explanations to ensure that the students understood the concepts covered. The workshop on a multidisciplinary approach to research methodology was successful in providing the students with a deeper understanding of research methodology principles and techniques. The workshop was engaging, informative, and

interactive, enabling the students to apply the concepts covered in their future academic and professional pursuits.

Workshop on Research Methodology in Science

Title of the Workshop/Seminar	:	Workshop on Research Methodology in Science
Nature of the Programme	:	Research Methodology
Date	:	16 May 2022
Venue	:	Mar Punnakkottil Hall, Newman College Thodupuzha
Resource Person	:	Dr. Jikku Jose, CEO of Scire Science Cochin
Organising Department	:	STRIDE
Name of the Coordinator	:	Bany Joy, Assistant Professor, Department of Zoology
No. of Participants	:	25

Workshop on Research Methodology in Science

A session on research methodology in science was organized by the STRIDE Project Newman College Thodupuzha on May 16, 2022, and was conducted by Dr. Jikku Jose, CEO of Scire Science Cochin. The session aimed to provide the students with an understanding of the fundamental principles and techniques of research methodology in the context of scientific research. The session was attended by 40 students. The session began with a brief introduction by Dr. Jikku Jose, where she explained the importance of research methodology in scientific research. She highlighted the significance of research methodology in ensuring the quality and accuracy of research outcomes. She emphasized that research methodology is the backbone of scientific research, and it is essential to follow a structured approach to conduct research. The session then proceeded to cover the different types of research designs, including experimental, quasi-experimental, and non-experimental research designs. Dr. Jikku Jose explained the advantages and disadvantages of each type of research design and highlighted the importance of selecting the appropriate research design based on the research question. Dr. Jikku Jose then moved on to discuss the process of data collection in scientific research. She explained the different methods of data collection, such as surveys, interviews, and observations, and highlighted the importance of selecting the appropriate data collection method based on the research question. She also discussed the importance of ensuring the validity and reliability of the data collected.

The session then proceeded to discuss statistical methods in scientific research. Dr. Jikku Jose explained the different statistical methods used in data analysis, including descriptive statistics and inferential statistics. She also explained the importance of selecting the appropriate statistical method based on the research question and the type of data collected.

Dr. Jikku Jose then discussed ethical considerations in scientific research. She explained the importance of ethical considerations in scientific research and highlighted the significance of obtaining informed consent from research participants. She also discussed the importance of maintaining confidentiality and privacy in research and ensuring that the research is conducted in an ethical and responsible manner.

Throughout the session, Dr. Jikku Jose engaged the students in interactive discussions and activities to ensure that they understood the concepts covered. She also provided examples of research studies and data analysis methods to illustrate the concepts covered in the session.

The session concluded with a question-and-answer session, where the students asked questions and clarified their doubts. Dr. Jikku Jose addressed each question with clarity and

provided additional explanations to ensure that the students understood the concepts covered. The session on research methodology in science organized by the STRIDE Project Newman College Thodupuzha and conducted by Dr. Jikku Jose would have been a valuable learning opportunity for the students. The session provided the students with an understanding of the fundamental principles and techniques of research methodology in the context of scientific research. The session would have enabled the students to appreciate the importance of research methodology in scientific research and to follow a structured approach in conducting research.

Overall, the session on research methodology in science was a success, and the students gained valuable insights into the principles and techniques of research methodology in scientific research. The session was informative, engaging, and interactive, and it would have enabled the students to apply the concepts covered in their future academic and professional pursuits. The session was a testament to the commitment of the STRIDE Project Newman College Thodupuzha in providing quality education to its students and preparing them for their future endeavors.

Theme: Students Research Capacity Building

Resource Person

DR. JIKKU JOSE

Founder and CEO - Scire Science Group

Member - Indian Institute of Sustainable Development (IISD), New Delhi

Date & Time : 16.05.2022 @ 10.00 am

Venue: Mar Punnakkottil Hall

About the Resource Person

Dr Jikku Jose is a biotechnology entrepreneur who focuses on sustainable technology development in the bioenergy and nutraceutical sectors. She heads Scire Science R & D and Publications, Kochi, India. Scire Science has been recognized at the national level through her leadership with an outstanding achievement award for business excellence in 2018 and penetrated the market with high-quality personal care and hygiene products by 2020. She is a research member of IISD(Indian Institute of Sustainable Development), New Delhi, India, and works as guest faculty to teach environmental studies and human rights in St Joseph's College of Communications, Changanassery, India. Besides, she is a consultant and advisory board member of different companies. She completed her doctoral degree in Biotechnology in 2013 from the Cochin University of Science & Technology, Kochi. She has published and presented her research in international and national journals and conferences. She successfully organized several international scientific conferences and workshops.

She is the author of a few academic book chapters. She had been the chairperson of scientific sessions and invited as speaker for various academic non-academic programmes. Some of her talks and interviews have been aired through FM during special occasions. On recognizing her contributions in science and education, she received various awards from different organisations, including the Social entrepreneur award, recognition from the Chief Minister of Kerala State, India, and special honour on Women's day 2017. She was a panellist of the Women Science Congress during Indian Science Congress, 2020. Her initiative 'Speed Writing Technology' and 'Scire Writers Club' supported more than 400 candidates to complete their writing works easier and faster. She serves as the supervisor for a Post Doctoral Fellow who is working under the CUSATECH foundation fellowship, Kochi

Seminar on Concept of IPR With Special Reference to Patents

Title of the Workshop/Seminar	:	Seminar on Concept of IPR With Special Reference to Patents
Nature of the Programme	:	IPR
Date	:	10 March 2022
Venue	:	Mar Punnakkottil Hall
Resource Person	:	Adv. Benoy K. Kadavan, founder partner of Kadavans legal offices
Organising Department	:	Chemistry
Name of the Coordinator	:	Dr. Bejoy Thomas, Assistant Professor, Department of Chemistry
No. of Participants	:	68

Seminar on Concept of IPR With Special Reference to Patents

On 10th March 2022, a seminar on the concept of Intellectual Property Rights (IPR) with a special reference to patents was held at the Punnakkottil Hall, Newman College in Thodupuzha. The seminar was delivered by Adv. Benoy K. Kadavan, who is an expert in IPR and patent laws.

The seminar covered a wide range of topics related to IPR and patents. Some of the key takeaways from the seminar are as follows:

Introduction to IPR: The seminar started with a brief introduction to IPR and its importance in the modern world. Adv. Benoy K. Kadavan explained how IPR is a critical component of the knowledge-based economy and how it helps in fostering innovation and creativity.

Understanding Patents: The seminar then delved into the concept of patents and how they are essential for protecting inventions. Adv. Kadavan explained how patents are granted by the government for a limited period in exchange for disclosing the details of the invention.

Patentability: Adv. Kadavan then went on to explain the criteria for patentability. He discussed how an invention needs to meet certain requirements such as novelty, non-obviousness, and industrial applicability to be eligible for a patent.

Patent Infringement: The seminar also touched upon the topic of patent infringement. Adv. Kadavan explained how patent infringement occurs when someone uses, makes, or sells a patented invention without the permission of the patent holder. He also discussed the various legal remedies available for patent infringement.

Patent Filing Process: The seminar concluded with a discussion on the patent filing process. Adv. Kadavan explained the steps involved in filing a patent application, including the preparation of the patent specification and claims, and the role of patent attorneys.

Overall, the seminar was a great learning experience for everyone who attended it. It provided a comprehensive overview of IPR and patents, which are essential for protecting innovation and creativity. Adv. Benoy K. Kadavan did an excellent job of explaining the complex concepts in a simple and understandable way. The seminar was well-received, and the attendees left with a better understanding of IPR and patents.

Chemistry@Newman: The DST-FIST and KSCSTE-SARD supported Department of Chemistry at Newman College, Thodupuzha is a potential centre of learning in chemical sciences. As a department, it was started in the year 1967 and has celebrated fifty years of its existence in 2017. The department give importance to academic as well as research activities. In 2018 it is promoted as a research department by Mahatma Gandhi University. The Chemistry department enjoys financial assistance from government agencies including UGC, DST, DBT, SERB, KSCSTE, and SRIBS and has dedicated research laboratories with advanced instrumental facilities like IR, UV-Vis DRS with Peltier, Fluorescence spectrometer, Electrochemical work-station etc. Approximately 100 research publications has come out from the department during the last 10 years, which include reviews, research articles, book chapters, edited books etc. Major research focuses include amphiphilic biopolymers, eco-design of materials, sustainable and clean energy materials, (bio) polymeric nanocomposites, nanomaterials for biomedical applications etc.

Adv. Benoy K. Kadavan is the founder Partner of Kadavans Legal Offices, a law firm specialised in Intellectual property law and Media and Technology law since November, 2006. Adv. Benoy completed his Master of Laws (L.L. M) from School of Legal Studies, Cochin University of Science and Technology with specialisation in Intellectual Property Rights and Human Rights with a scholarship awarded by Ministry of Human Resources, Govt. of India and secured first rank in the University. Benoy was awarded with the third rank in the University for Bachelor of Laws (LL.B) from School of Legal Studies, Cochin University of Science and Technology. Adv. Benoy is associated with many reputed law firms including, A.K.Avirah and Associates, Udwardia & Udeshi, New Delhi and associated with Ministry of Commerce, Government of India. He is specialised in Patent, Copyright, Design, Geographical Indication, and Internet domain name Registrations, and opposition proceedings before the concerned authorities. He has been the resource person for many reputed events and organized training programmes in the field of IP for many Organisations. He has nominated to the Advisory Panel on IPR of Kerala State Council for Science and Environment, Govt. of Kerala for framing laws for the protection of IPR in Kerala. Some of his reputed clients include Agas Pharmaceuticals, Akessis Pharma Pvt Ltd., Ashuthosh Gawaricker Productions Pvt Ltd., Sree Chithra Tirunal Institute for Medical Science and Technology many more.

Webinar on Intellectual Property Rights

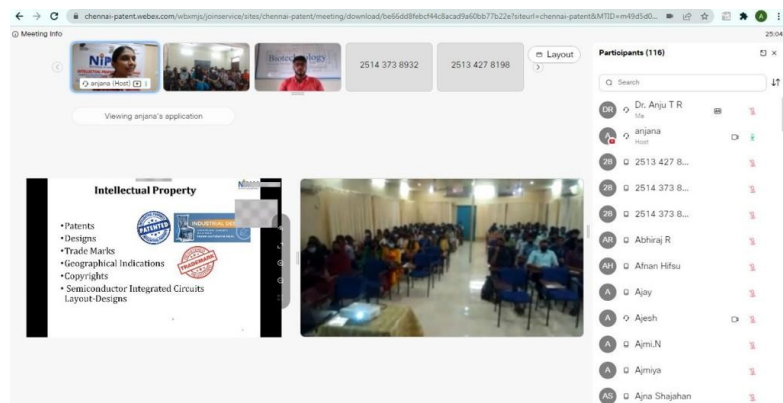

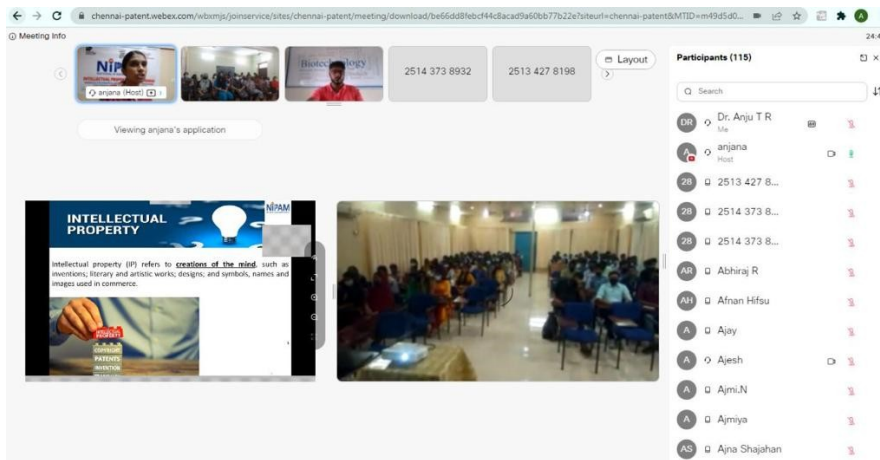

Title of the Workshop/Seminar	:	Webinar on Intellectual Property Rights
Nature of the Programme	:	IPR
Date	:	25 February 2022
Venue	:	Google Meet
Resource Person	:	Ms. Anjana Haridas, Examiner of Patents and Design in Indian Patent Office, Chennai.
Organising Department	:	History
Name of the Coordinator	:	Dr. Krishnakumar M.V, Assistant Professor, Department of History
No. of Participants	:	104

Webinar on Intellectual Property Rights

The Department of History, in association with National IP Awareness Mission (NIPAM), Intellectual Property Office, Chennai, Institutions Innovation Council (IIC) and IPR Cell, Newman College Thodupuzha organized a Webinar titled "Intellectual Property Rights" on 25 February 2022. The Webinar was intended to create widespread awareness on Intellectual Property Rights on the occasion of the 75th anniversary of Indian Independence under the banner "Azadi ka Amrit Mahotsav". The Chief resource person of the Webinar was Ms. Anjana Haridas, Examiner of Patents and Design in Indian Patent Office, Chennai. Ms. Anjana Haridas had a detailed presentation of the various aspects of the Intellectual property rights and she explained the importance of IPR in the current context of globalization. Students from various departments of the Newman College and other members from the neighbouring institutions participated in the Webinar.

**Seminar on Current Trends on Mobile App Development and
Intro in React Native**

Title of the Workshop/Seminar	:	Seminar on Current Trends on Mobile App Development and Intro in React Native
Nature of the Programme	:	Research Methodology
Date	:	23 February 2022
Venue	:	Computer lab E-block, Newman college
Resource Person	:	Mr Vineet Vijayan, Senior Consultant, Neudesic, Infopark, Cochin, Kerala
Organising Department	:	Mathematics
Name of the Coordinator	:	Fr. Dr. Eldho K. Thomas, Assistant Professor, Department of Mathematics
No. of Participants	:	45

Seminar on Current Trends on Mobile App Development and Intro in React Native

Department of Mathematics, Newman College, Thodupuzha in association with Institution's Innovation Council (Ministry of Education Initiative) organized a seminar cum training session on Mobile application development and introduction in React Native on 23rd February 2022. The main objective of this program was to familiarize the main ideas behind a mobile application development and to give a basic training on React Native, a platform for developing iOS and Android apps. The seminar topic was introduced and the resource person was welcomed by Fr. Dr. Eldho K. Thomas, Department of Mathematics and program coordinator. Dr. Thomson Joseph, Principal of Newman college gave the opening remarks. The Resource person of the program was Mr Vineet Vijayan, Senior Consultant, Neudesic, Infopark, Cochin, Kerala, who is an expert in the field having more than thirteen years of experience in development.

Mr. Vineeth started the training session by discussing the fundamental steps behind a mobile application development. He also explained the major tools and platforms such as Flutter, React Native, Xamarin, Cordova etc., which are being used nowadays for the development.

The main topic of the program was the introduction and basic training in React Native (also known as RN). It is a popular JavaScript-based mobile app framework that allows one to build natively-rendered mobile apps for iOS and Android. The framework lets us create an application for various platforms by using the same codebase.

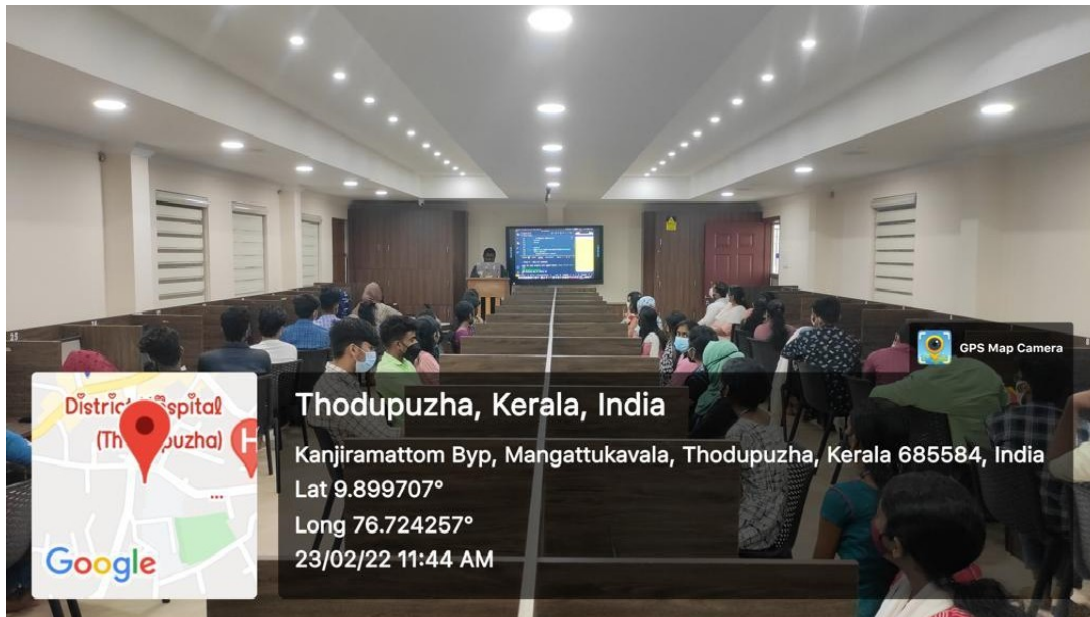

React Native was first released by Facebook as an open-source project in 2015. In just a couple of years, it became one of the top solutions used for mobile development. React Native development is used to power some of the world's leading mobile apps, including Instagram, Facebook, and Skype.

After introducing RN, Mr. Vineeth demonstrated the development of a basic mobile app using RN, after receiving several inputs and feedback from the students. At the end of the session he showed different pointers to the participants to enhance their developing skills.

Around 45 students and teachers from various departments, including Dr. Anju T.R, IIC

Convenor, Dr. Alex Joseph, IIC Start up coordinator, attended the programme. At the end of the session, Ms. Anusha George, Second Year BSc Mathematics student gave a positive feed back and conveyed vote of thanks.

Webinar (Hybrid Mode) on Green Entrepreneurship

Title of the Workshop/Seminar	:	Webinar (Hybrid Mode) on Green Entrepreneurship
Nature of the Programme	:	Entrepreneurship
Date	:	17 February 2022
Venue	:	Punnakkottil Hall, Newman College & Google meet
Resource Person	:	Dr.Jacob Varghese, Retired professor, Department of Botany, Bharat Matha College Thrikkakkara
Organising Department	:	Botany & Biotechnology
Name of the Coordinator	:	Ms. Jaiby Cyriac, Assistant Professor, Department of Botany and Biotechnology
No. of Participants	:	51

Webinar (Hybrid Mode) on Green Entrepreneurship

A hybrid mode webinar on 'Green Entrepreneurship' was conducted by the Department of Botany & Biotechnology in association with Institution Innovation Council in February, 17th 2022 at Punnakkottil Hall. The resource person Dr. Jacob Varghese joined in Google meet. Ms. Jaiby Cyriac, Assistant Professor, Department of Botany, Programme coordinator welcomed the participants. Dr. Thomson Joseph, Principal, Newman College delivered the Presidential address and officially inaugurated the webinar. Ms. Vyshnavy Shaji, Student coordinator, II BSc botany introduced the Resource Person.

Dr. Jacob Varghese, Rtd professor in Botany is an expert in the areas of horticulture and the author of various books related to the same and a well known columnist in many dailies. Dr. Jacob Varghese talked about various green businesses and its opportunities that can be explored after graduation. Also, he familiarised some of the experts doing various such a businesses for further reference. Participants interacted well with the resource person.

The programme was ended at 3.30 PM and Dr. Saju Abraham proposed vote of thanks to everyone.

The Department of Botany & Biotechnology at Newman College in association with the Institution Innovation Council organized a hybrid mode webinar on "Green Entrepreneurship" on February 17, 2022. The programme aimed to provide participants with insights into the various opportunities available in the field of green businesses. Dr. Jacob Varghese, a retired professor in Botany, served as the resource person.

The webinar commenced with a warm welcome from Ms. Jaiby Cyriac, Program coordinator who welcomed the participants to the hybrid mode webinar on green entrepreneurship. Dr. Thomson Joseph, Principal of Newman College, delivered the presidential address, officially inaugurating the webinar and highlighting the significance of exploring green businesses. Ms. Vyshnavy Shaji, a student coordinator from the II BSc Botany, introduced Dr. Jacob Varghese, the esteemed resource person for the webinar. Dr. Varghese, a retired professor in Botany, is an expert in the areas of horticulture and has authored various books on the subject. He is also a renowned columnist in many dailies, providing valuable insights into sustainable practices.

Dr. Jacob Varghese delivered an informative lecture on green entrepreneurship, focusing on the various opportunities that can be explored after graduation. He discussed different green businesses and highlighted their potential in terms of sustainability and profitability. Dr.

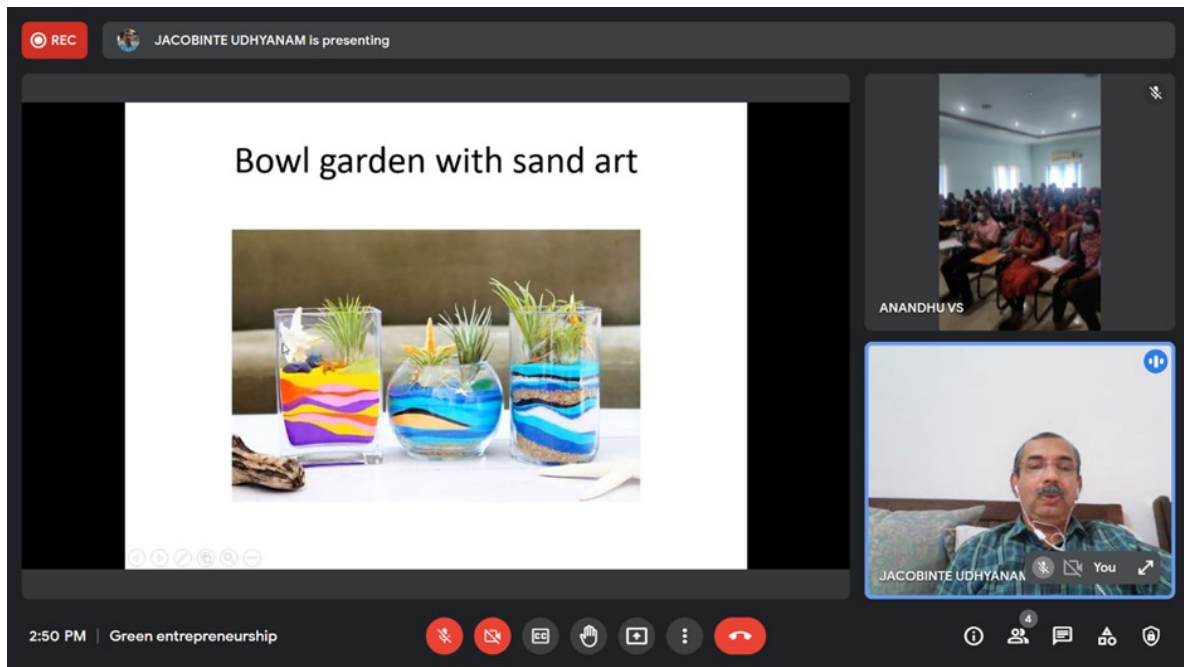

Varghese also shared examples of experts who are successfully running such businesses, providing participants with valuable references for further exploration. The lecture sparked engagement from the participants, who actively interacted with Dr. Varghese. Attendees had the opportunity to ask questions, seek advice, and gain further clarity on various aspects of green entrepreneurship. Dr. Varghese's expertise and experience added depth and practicality to the discussion, leaving participants inspired and motivated. The webinar concluded at 3:30 PM, with Dr. Saju Abraham proposing a vote of thanks to everyone involved.

Outcome

Dr. Jacob Varghese's extensive knowledge in horticulture and his expertise in the field of green businesses provided participants with valuable insights into the opportunities available after graduation. The programme effectively highlighted the importance of sustainable practices and the potential for entrepreneurship in green businesses. The interactive session allowed participants to engage with the resource person, fostering a vibrant exchange of ideas and inspiring them to explore the field of green entrepreneurship further.

Webinar on Mental Health of Entrepreneurs

Title of the Workshop/Seminar	:	Webinar on Mental Health of Entrepreneurs
Nature of the Programme	:	Entrepreneurship
Date	:	12 February 2022
Venue	:	Google Meet
Resource Person	:	Ms. Julia Mackolil, a researcher in psychology at Christ University, Bangalore
Organising Department	:	Botany & Biotechnology
Name of the Coordinator	:	Dr. Anju T.R, Assistant Professor, Department of Botany and Biotechnology
No. of Participants	:	51

Webinar on Mental Health of Entrepreneurs

On February 12, 2022, a webinar on the topic of "Webinar on Mental Health of Entrepreneurs" was organized by Newman College. The primary objective of the webinar was to help students identify the behavioral aspects that contribute to the development of entrepreneurial skills. This report provides an overview of the webinar, including the agenda, key discussions, and the participants' engagement. The program commenced with a warm welcome address by Dr. Saju Abraham, Head of the Department of Botany at Newman College. Dr. Abraham set the tone for the webinar and emphasized the importance of mental health in the entrepreneurial journey. Dr. Thomson Joseph, Principal of Newman College, delivered the opening remarks. He shared his thoughts on the significance of entrepreneurship and its impact on society. Dr. Joseph's speech provided a broader perspective on the subject, setting the stage for the subsequent discussions.

Ms. Julia Mackolil, a researcher in psychology at Christ University, Bangalore, served as the resource person for the webinar. Ms. Julia Mackolil delivered a compelling presentation highlighting the crucial role of perseverance and determination in an entrepreneur's success. She also addressed the series of dilemmas that entrepreneurs face during decision-making processes and stressful situations. Furthermore, she discussed the behavioural and attitudinal attributes necessary for a successful entrepreneur.

The participants actively engaged with Ms. Julia Mackolil throughout the webinar, demonstrating a high level of interest and enthusiasm. They asked thought-provoking questions and sought clarification on various aspects of the discussion. The interaction between the participants and the resource person facilitated a deeper understanding of the challenges faced by entrepreneurs and the strategies to overcome them. Ms. Mackolil effectively responded to the queries, providing valuable insights and guidance. Ms. Malavika S, a student member of the Innovation and Incubation Cell (IIC) at Newman College, delivered the vote of thanks, expressing gratitude to Dr. Saju Abraham, Dr. Thomson Joseph, and Ms. Julia Mackolil for their valuable contributions to the webinar. She also extended appreciation to the organizing committee, the participants, and all those who played a part in making the event a success.

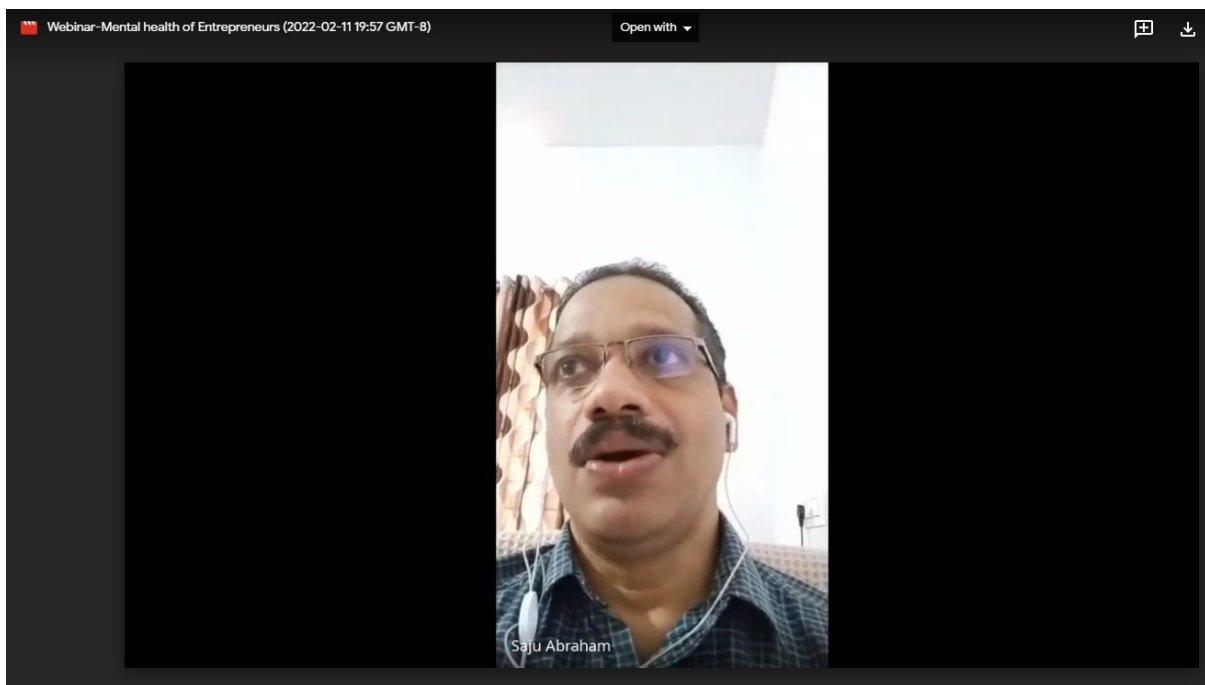

Outcome

The webinar on the mental health of entrepreneurs, organized under the topic of Entrepreneurship Skill, Attitude, and Behavior Development, was an insightful and thought-provoking event. Ms. Julia Mackolil's presentation shed light on the importance of

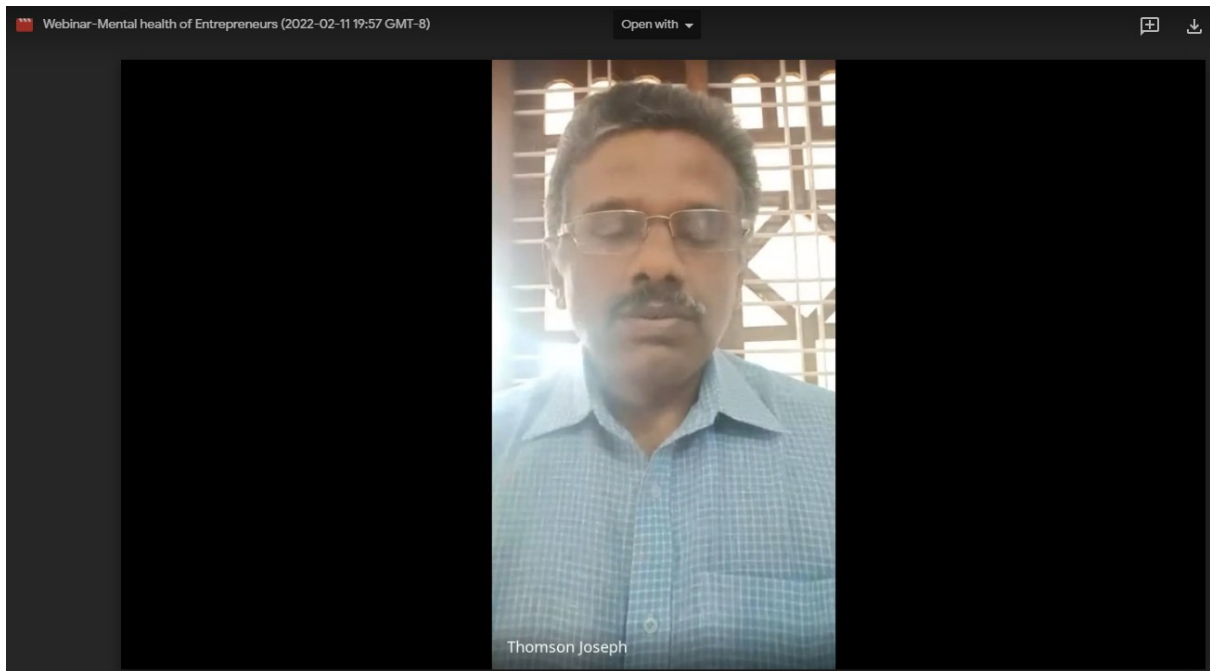

perseverance, determination, and effective decision-making in entrepreneurship. Her discussion on the behavioral and attitudinal attributes for success provided valuable guidance to the participants. The active participation and engagement of the participants showcased their eagerness to learn and understand the nuances of entrepreneurship. The interactive session provided an excellent platform for the exchange of ideas and insights, enriching the learning experience for all involved.

Seminar on Patenting Your Research: Experience Sharing

Title of the Workshop/Seminar	:	Seminar on Patenting Your Research: Experience Sharing
Nature of the Programme	:	IPR
Date	:	29 January 2022
Venue	:	Online mode
Resource Person	:	Dr. Anu Mary Joseph, Assistant Professor, Department of Chemistry, Newman College
Organising Department	:	Botany and Biotechnology
Name of the Coordinator	:	Dr. Anju T.R, Assistant Professor, Department of Botany and Biotechnology
No. of Participants	:	71

Patenting Your Research: Experience Sharing

A seminar on 'Patenting Your Research: Experience Sharing' was organized by Department of Botany and Biotechnology on January 29, 2022 to raise awareness about the importance of patenting research and familiarize participants with the process. The seminar aimed to highlight the significance of patents in the field of entrepreneurship and provide practical insights into the challenges and considerations involved in the patenting process. The event took place at Newman College, and it began with a warm welcome address by Dr. Anju T R, the Convener of the Institution's Innovation Council (IIC), followed by an opening remark by Dr. Thomson Joseph, the Principal of Newman College.

The resource person for the seminar was Dr. Anu Mary Joseph, an Assistant Professor in the Department of Chemistry at Newman College. Dr. Anu, who had successfully obtained a patent for her doctoral research, shared her experiences and knowledge with the participants. She emphasized the significance of patents in the field of entrepreneurship and highlighted the practical difficulties that researchers may encounter during the patenting process. During her session, Dr. Anu stressed the importance of identifying a market for the prototype developed and discussed the planning required for patent grant and its subsequent maintenance. She provided valuable insights into the steps and considerations involved in the patenting process, including conducting a thorough patent search, drafting patent applications, and navigating the legal and administrative procedures. Her expertise and experiences provided the participants with a clear understanding of the planning and preparation required for a successful patent grant.

The seminar facilitated an interactive environment, allowing the participants to engage with the resource person and ask questions about the possibilities and challenges associated with patenting. The participants actively interacted with Dr. Anu, seeking guidance on patenting their own research and gaining valuable insights from her personal experiences. The interaction provided the attendees with practical knowledge and real-world examples, making the session both informative and inspiring. The seminar successfully accomplished its objective of sensitizing participants to the need for patenting their research and familiarizing them with the patenting process. Dr. Anu's expertise and firsthand experience in obtaining a patent served as a valuable resource, empowering the participants to consider patenting as a vital aspect of their research journey.

The seminar concluded with a vote of thanks delivered by Ms. Vyshnavi Shaji, a student member of the Institution's Innovation Council (IIC) at Newman College. The vote of thanks expressed gratitude to Dr. Anu Mary Joseph for sharing her knowledge and experiences, and

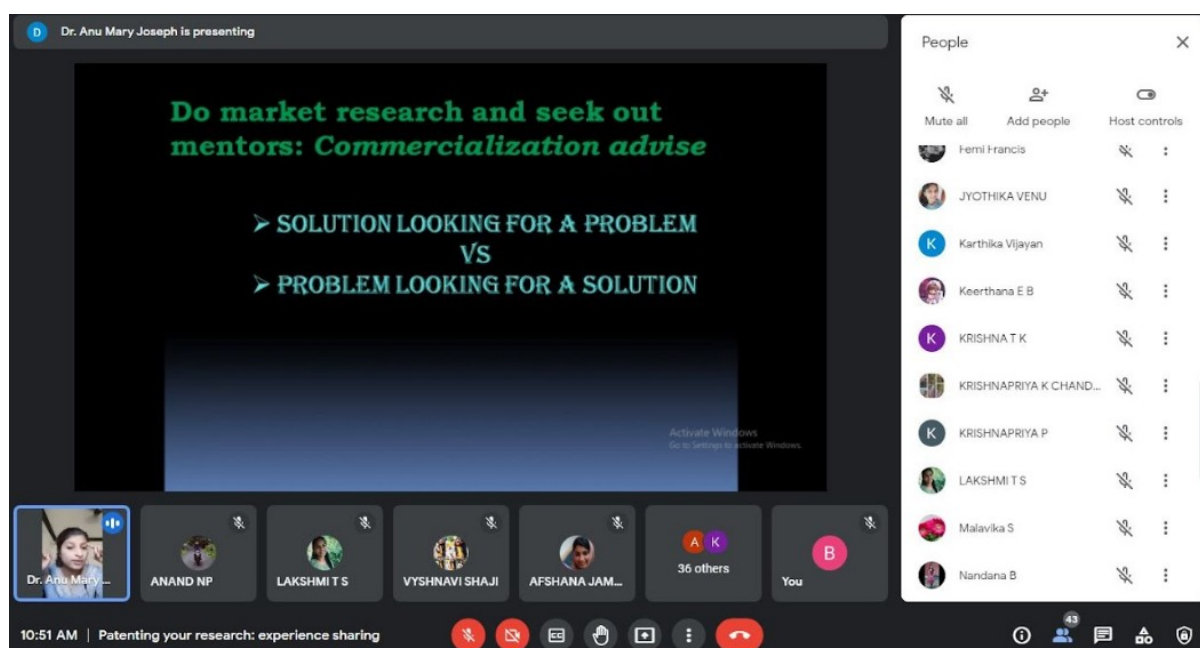

it acknowledged the efforts of the organizers in arranging the seminar. The seminar's impact was evident in the enriched understanding and enthusiasm displayed by the participants.

Outcome

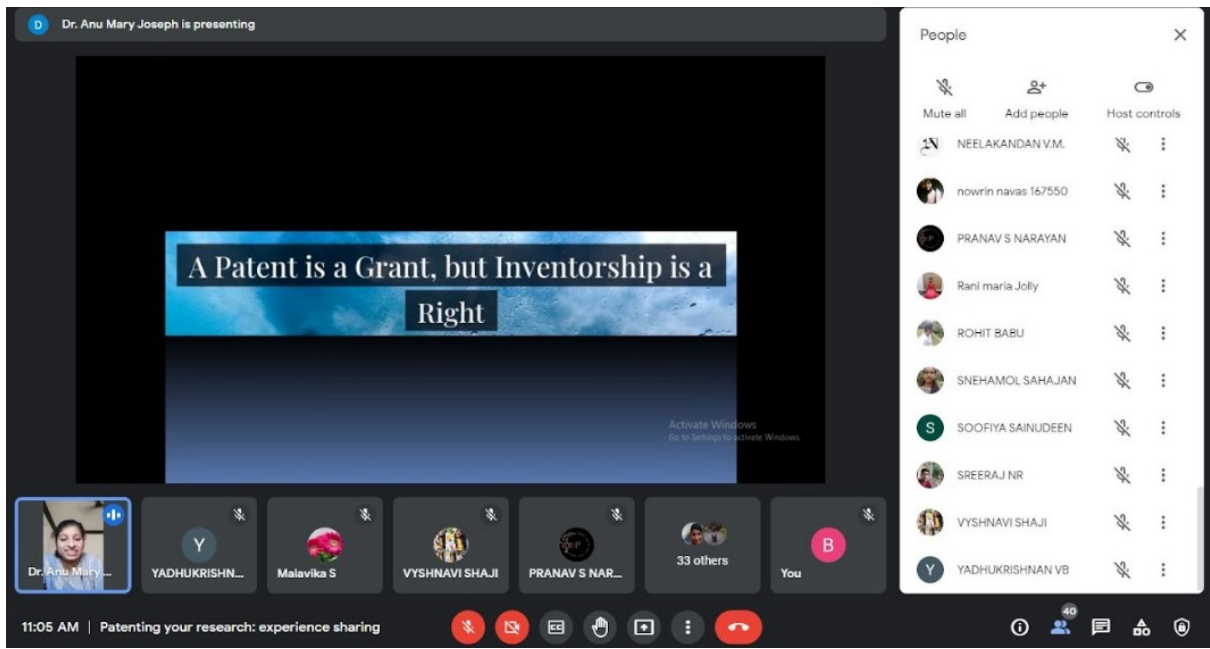

The seminar on 'Patenting Your Research: Experience Sharing' provided participants with invaluable insights into the process and significance of patenting. Dr. Anu Mary Joseph's expertise and experience added great value to the session, inspiring and guiding the participants on their own path towards successful patenting. The seminar served as a stepping stone for researchers to consider the importance of protecting their intellectual property and exploring the opportunities that patents can offer in the field of entrepreneurship.

Seminar on An Introduction to Software and Mobile Application Development

Department of Mathematics, Newman College in association with Institution's Innovation Council (Ministry of Education Initiative) organized a webinar on software and mobile application development on 08th January 2022. The main objective of this webinar was to introduce the main ideas behind a software and mobile application development to students who do not have any prior background in the field. The webinar topic was introduced and the resource person was welcomed by Dr. Bejoy Thomas, Department of Chemistry and President of IIC, Newman College. Dr. Thomson Joseph, Principal of Newman College gave the opening remarks. The Resource person Mr. Sijo Abraham, Program Manager, MariApps Marine Solutions Europe, Germany was introduced by Fr. Dr. Eldho K Thomas, Department of Mathematics and program coordinator.

In the lecture Dr. Abraham focused on the fundamental principles behind a software and mobile application development. Beginning with some basic IT terms everyone uses, he classified software applications into four categories: windows applications, console applications, mobile applications and web applications. He then explained the specialities, differences and similarities of them. After that Mr. Abraham discussed the front end and back end process involved in a software development. He demonstrated those ideas by showing some real websites and their properties. Followed by that, the six stages in a software development cycle were explained. Those stages are: planning, analysis, design, implementation, testing and integration, and maintenance.

Mobile application development was discussed then. They can be classified as web, hybrid and native, where web apps are those uses browsers to run, native apps are those designed specifically for Android or Apple stores and hybrid apps are those work on both platforms and uses some of the properties of both web and native apps. Mr. Abraham also described different stages involved in the life cycle of a mobile app development. Questions were asked by the participants regarding many of the contents and he answered them all with precise examples. Through his friendly interaction with the participants, Mr. Abraham motivated them to enhance their software skills by further learning.

Many participants including students and teachers from various departments attended the programme. At the end of the session, Dr. Alex Joseph, Department of Chemistry, IIC innovation and startup coordinator gave a briefing on the upcoming Ideation and Young Innovation Programme (YIP). The event concluded successfully with the vote of thanks by program coordinator Fr. Dr. Eldho K. Thomas.

National Webinar on An Introduction to Intellectual Property Rights

Title of the Workshop/Seminar	:	National Webinar on An Introduction to Intellectual Property Rights
Nature of the Programme	:	IPR
Date	:	21 December 2021
Venue	:	Google Meet
Resource Person	:	Dr. Prabhu Alope Narasinga, Professor, O.P. Jindal Global University
Organising Department	:	History
Name of the Coordinator	:	Dr. Krishnakumar M.V, Assistant Professor, Department of History
No. of Participants	:	73

National Webinar on An Introduction to Intellectual Property Rights

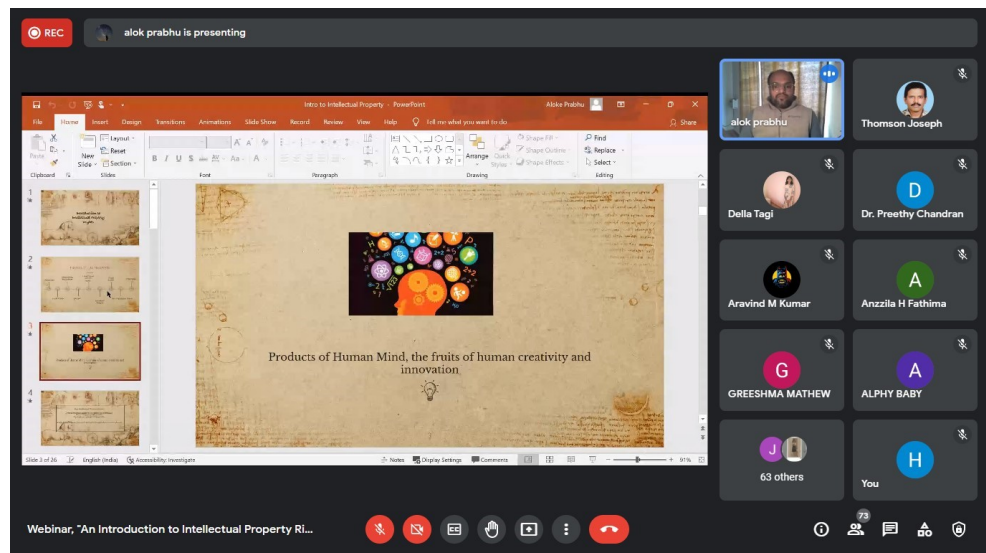

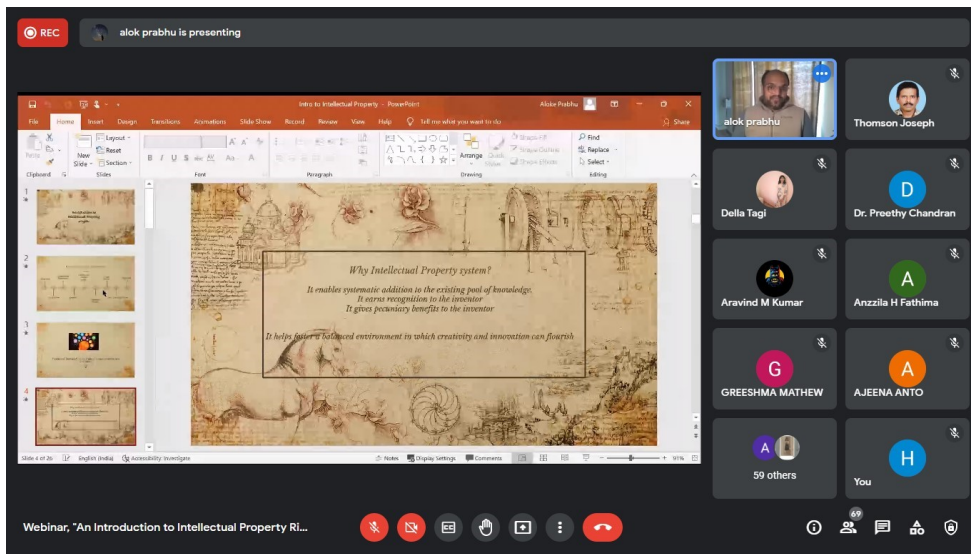

Department of History, Newman College in association with Institution's Innovation Council (Ministry of Education Initiative) organized a national webinar on 'An Introduction to Intellectual property Rights' on 21st December 2021. The main objective of this webinar was to create awareness about the various implications of International Property rights amongst students and teachers. The topic of the webinar was introduced and the resource person was welcomed by Dr Krishnakumar M.V., Head of History Department, Newman College. The Resource person for the webinar was Dr. Prabhu Alope Narasinga, Professor, O.P. Jindal Global University, Haryana. Dr. Thomson Joseph, respected principal of Newman College, presided over the session.

Dr. Alope began his lecture with introducing the concept of Intellectual Property Rights and its significance in different spheres of everyday life including inventions, trademarks, geographical indications, literary and artistic works, industrial designs, non-traditional marks, etc. He demonstrated it through a systemic thinking process. He added that intellectual property rights helps foster a balanced environment in which creativity and innovation can flourish. He also explained different aspects in the field of intellectual property rights like 'innovation', 'patent', 'trademark', 'sign', etc. Dr. Alope tried in his lecture to define the new concept called geographical indications. He demonstrated it as a sign used on goods that have a specific geographical origin. He added that it possess quality reputation or characteristics that are essentially attributable to that place of origin. He argued that geographical indications are used to identify its source; to indicate its unique qualities'; to promote the product with a distinguishing name; and to prevent infringement and unfair competition. Then, he explained various aspects of copy rights. He explained copy rights as the rights over literary and artistic works. Dr. Alope also discussed in detail the limitations and exceptions of the concept of intellectual property rights.

Many participants including students from different departments and teachers attended the webinar. The brief question answer session followed, demonstrated how the lecture has made the audience-especially students- thoughtful about Intellectual Property Rights and confident about their future 'original' ideas.

Seminar on Earnings from Your Leisure Time by Making Decorative Stuffs

Report on Seminar on Earnings from your Leisure time by making decorative stuffs

Entrepreneurship programme was conducted in collaboration with IIC, Newman College. Mrs. Minu Annie John Project manager & Design Engineer of Woots Structures, Cochin was the resource person. Even though she is a pioneer in the steel structural engineer she is an entrepreneur in the decorative stuff industry. She explained the tips to make income by utilizing our leisure time. She described the make of Christmas wreaths, attractive statues, paper arts, handi crafts etc. She explained the creation of such crafts using waste materials and easily available raw materials from nature. Mrs Minu detailed the processing of raw flowers, grass etc. The programme was conducted in online mode. Fifty students were participated.

Seminar on Organic Products, Certification and its Potential in Market

Title of the Workshop/Seminar	:	Seminar on Organic Products, Certification and its Potential in Market
Nature of the Programme	:	Marketing & Enterprenurship
Date	:	20 November 2021
Venue	:	Online
Resource Person	:	Mr. Bobby Issac, Managing Director of M/s LACON Quality Certification Pvt. Ltd, India
Organising Department	:	Botany & Biotechnology
Name of the Coordinator	:	Dr.Saju Abraham, Associate Professor, Department of Botany and Biotechnology.
No. of Participants	:	71

Seminar on Organic Products, Certification and its Potential in Market

An session on “Organic products, certification and its potential in market” by a successful innovator was organized by the Department of Botany & Biotechnology and Institution’s Innovation Council (IIC) of Newman College, Thodupuzha on 20 November 2021. The official function started with the welcome address by Dr. Saju Abraham, Head, Depart lege, Thodupuzha. The session by delivered by Mr. Bobby Issac, Managing Director of M/s LACON Quality Certification Pvt. Ltd, India (subsidiary of LACON GmbH)- An accredited International Certification body in India as well as in other countries for sustainable Agriculture, food safety & Social standards.

The resource person shared his journey into the innovative methods of organic farming and the activities of LACON. He specifically highlighted the need to ensure quality in organic food and the importance of certification especially during export of food products. Mr. Bobby mentioned the high potential of India and Kerala in food industry and the relevance of developing innovative and systematic techniques of organic farming and its further marketing. The session helped students to recognize the immense potential of our state in food industry and also gave a new outlook into the promotion and marketing of organic products, not only in food industry but even in other industries too. The session was followed by an active open discussion during which students and teachers interacted with the resource and the programme with 120 participants was officially concluded at 12:30 hrs with the vote of thanks by Dr. Anju T R, Convener, IIC, Newman College.

The Department of Botany & Biotechnology and the Institution's Innovation Council (IIC) of Newman College, Thodupuzha, organized a session on "Organic Products, Certification, and its Potential in the Market" on November 20, 2021. The session aimed to enlighten students about the innovative methods of organic farming, the importance of certification for organic food, and the immense potential of organic products in the market. This report provides an overview of the session, including the speakers, key discussions, and participant engagement. The session began with a warm welcome address by Dr. Saju Abraham, Head of the Department of Botany, Newman College. Dr. Abraham set the tone for the session, emphasizing the importance of organic farming and sustainable practices. Dr. Thomson Joseph, Principal of Newman College, provided the opening remarks. He highlighted the significance of organic products in the market and the need for certification to ensure quality and credibility.

Mr. Bobby Issac, Managing Director of M/s LACON Quality Certification Pvt. Ltd, India (subsidiary of LACON GmbH), an accredited international certification body, delivered the session. Mr. Issac shared his journey in the field of organic farming and discussed the activities of LACON. He specifically emphasized the importance of quality assurance in organic food, particularly during the export of food products. Furthermore, he highlighted the high potential of India, specifically Kerala, in the food industry. He discussed the need for innovative and systematic techniques in organic farming and marketing.

The session witnessed active participation and engagement from both students and teachers. An open discussion followed the presentation, allowing participants to interact with Mr. Bobby Issac and seek clarification on various aspects of organic farming, certification, and marketing. The interaction provided valuable insights and a new perspective on promoting and marketing organic products in various industries. The resource person effectively responded to the queries, enriching the learning experience for all participants. Dr. Anju T R, Convener of the Institution's Innovation Council (IIC) at Newman College, delivered the vote of thanks. She expressed gratitude to Mr. Bobby Issac for sharing his knowledge and experiences. Dr. Anju T R also extended appreciation to the organizing committee, participants, and all those who contributed to the success of the session.

Outcome

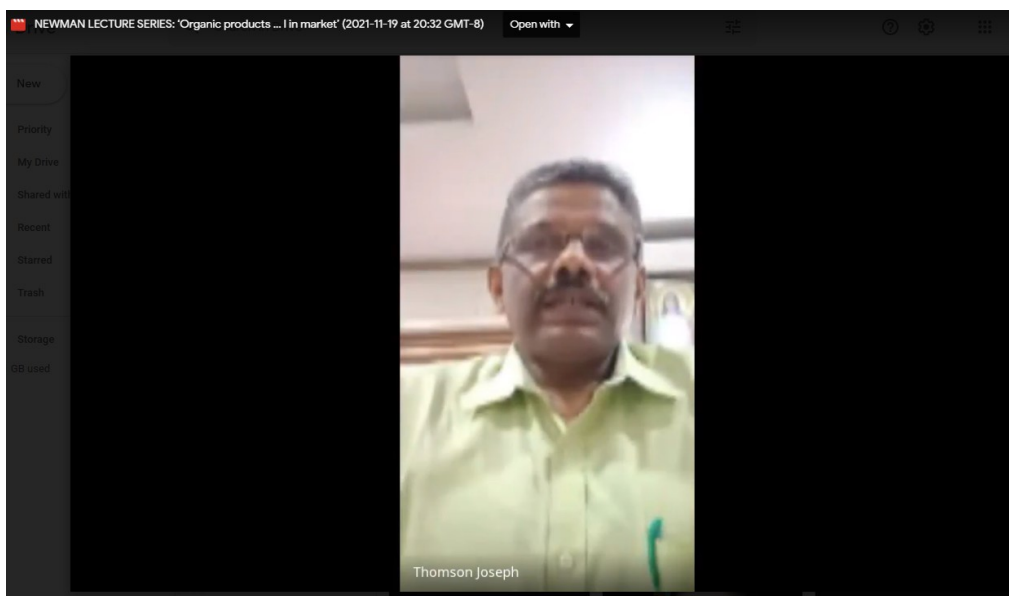

The session on "Organic Products, Certification, and its Potential in the Market" successfully highlighted the innovative methods of organic farming and the importance of certification in ensuring the quality and credibility of organic food. Mr. Bobby Issac's presentation shed light on the immense potential of Kerala, and India as a whole, in the food industry. The session encouraged students to recognize the opportunities in the market for organic products and develop a new outlook on their promotion and marketing.

Seminar on Developing Successful Entrepreneur Skills

Motivational Session by a Successful Entrepreneur was arranged by Institution's Innovation council (IIC) in association with IQAC of Newman College Thodupuzha as an Alumni talk on 13th Nov 2021 at 10.00 am. This programme was organised by Dr. Alex Joseph and Dr. Anju T R, on behalf of IIC, Newman College Thodupuzha. The resource person was Dr. Anas K Kizhakekara, one of the alumni of Department of Physics, Newman College Thodupuzha, who is now a successful entrepreneur and a business man in the field of Export of food products from India to various countries like Gulf countries, USA, UK etc.

The programme started with the welcome address by Dr. Alex Joseph and inaugural address by college Principal, Dr. Thomson Joseph. This was followed by the invited talk by Dr. Anas K. He elaborated his journey in life to the present status. He described how the son of government employees hailing from a middle class family, who has no intention of entrepreneurship in the early years, decided to take a drastic route change in his life and how proper planning and execution has finally find the way to success. Dr. Anas appreciated initiatives like IIC in college which help and motivate the today's young generation to take up self employment and entrepreneurship with more courage and guidance. For sure the talk inspired the students in all dimensions of their life, their career, talent and need for full dedication to achieve their life dream. The session concluded with the vote of thanks with Dr. Bijimol Thomas, the IQAC coordinator of the college.

Online workshop on Entrepreneurship as Career Opportunity

Title of the Workshop/Seminar	:	Online workshop on Entrepreneurship as Career Opportunity
Nature of the Programme	:	Entrepreneurship
Date	:	06 November 2021
Venue	:	Online Mode-Google meet
Resource Person	:	Dr.Dhanya B. Pillai, Director and CEO of GreenClones Naturals Pvt. Ltd., KINFRA Hi-Tech Park, Kochi
Organising Department	:	Botany and Biotechnology
Name of the Coordinator	:	Dr.Anju T.R, Assistant Professor, Department of Botany and Biotechnology.
No. of Participants	:	71

Online workshop on Entrepreneurship as Career Opportunity

An online workshop on "Entrepreneurship as Career Opportunity" was organized by the Department of Botany & Biotechnology and the Institution's Innovation Council (IIC) of Newman College, Thodupuzha on November 6, 2021. The workshop aimed to inspire and educate students about the possibilities and qualities required for becoming successful entrepreneurs. The workshop was conducted virtually, and the sessions were held on various online platforms.

The workshop commenced with a welcome address by Dr. Anju T R, Convener of the IIC, Newman College, followed by an opening remark by Dr. Thomson Joseph, the Principal of Newman College, Thodupuzha. The official function set the stage for the workshop and highlighted the importance of entrepreneurship in today's world.

Dr. Dhanya B. Pillai, Director and CEO of GreenClones Naturals Pvt. Ltd., located in KINFRA Hi-Tech Park, Kochi, was the esteemed resource person for the workshop. Dr. Dhanya, a doctoral graduate and founder of a startup in the field of sustainable use of natural resources, provided valuable insights into the essential qualities and steps involved in becoming a successful entrepreneur.

In her session, Dr. Dhanya explained the process of converting an idea into a startup. She elaborated on how an idea can be transformed into a prototype and eventually developed into a minimum viable product (MVP) and a final processed product. The resource person also shed light on the importance of creating a business plan and guided the students on the process of registering a startup in India. Moreover, Dr. Dhanya discussed various sources of funding for startups, including grants, loans, and angel investors. She shared her knowledge and experience in accessing funding and highlighted the importance of strategic financial planning for entrepreneurial ventures. Additionally, Dr. Dhanya introduced the services and products offered by her own company, providing the students with practical insights into the startup ecosystem.

The session was followed by an interactive open discussion, during which students and teachers actively participated and engaged with the resource person. They had the opportunity to ask questions, seek guidance, and share their own perspectives on entrepreneurship. The fruitful discussion enriched the learning experience and inspired the participants to explore entrepreneurial opportunities further.

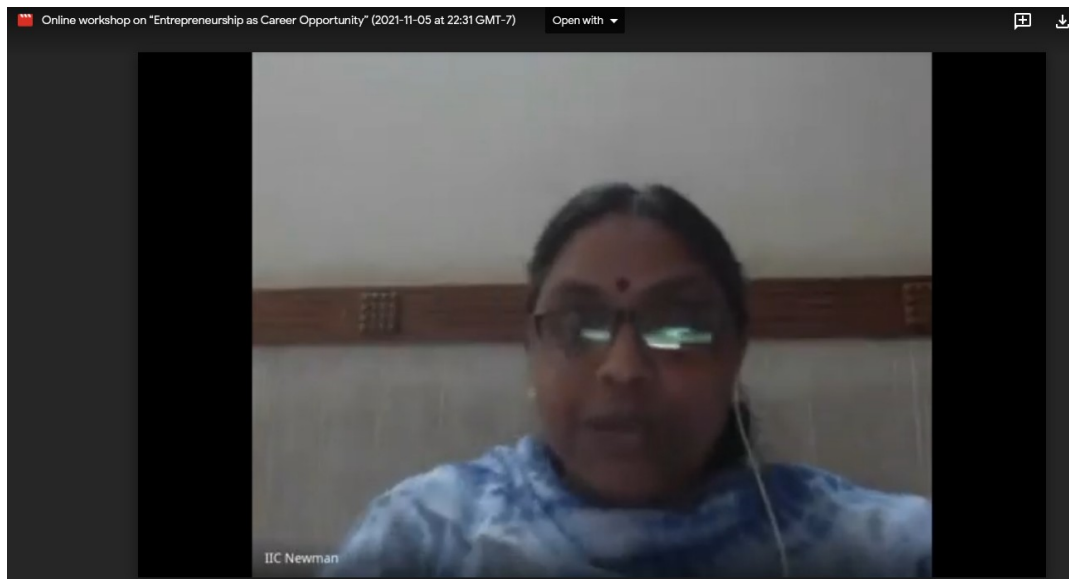

The online workshop witnessed a total of 110 participants, including students and faculty members. The active participation and enthusiasm shown by the attendees reflected their interest in entrepreneurship and their eagerness to learn from the resource person's expertise. The workshop was officially concluded at 12:30 hrs with a vote of thanks delivered by Dr. Saju Abraham, Head of the Department of Botany at Newman College. The vote of thanks expressed gratitude to Dr. Dhanya for sharing her valuable insights and inspiring the participants. It also acknowledged the efforts of the organizers in arranging the workshop and emphasized the importance of such initiatives in promoting entrepreneurship among students.

Outcome

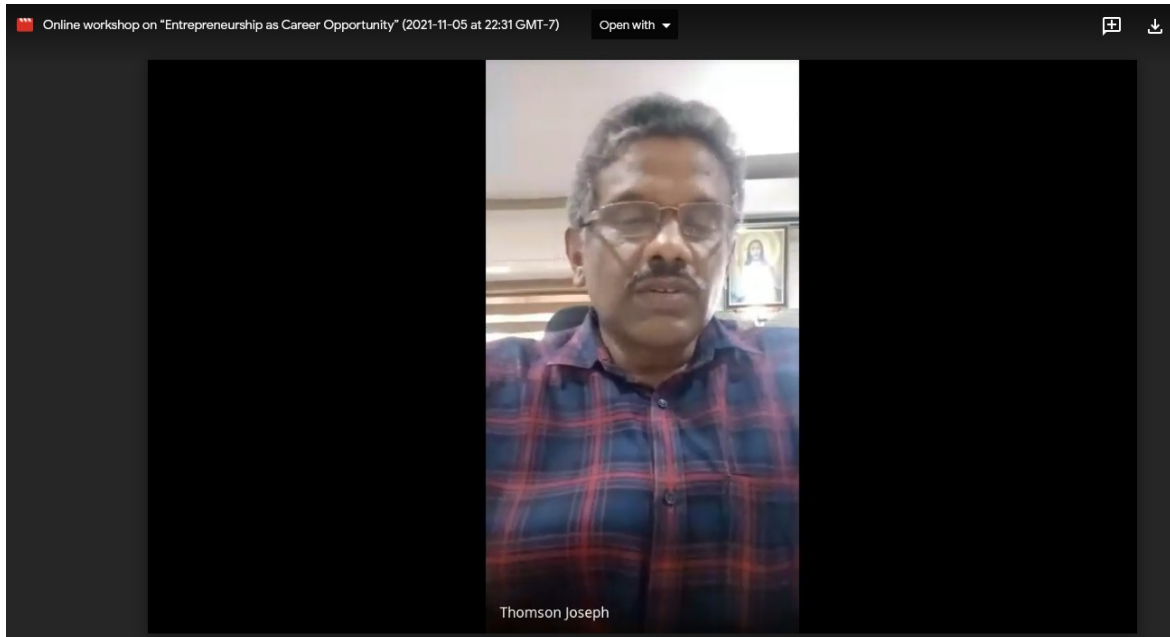

The online workshop on "Entrepreneurship as Career Opportunity" successfully provided students with the knowledge, guidance, and motivation to explore and pursue entrepreneurial ventures. The session by Dr. Dhanya B. Pillai proved to be highly informative and inspiring, instilling in the participants a sense of confidence and enthusiasm to embark on their entrepreneurial journeys.

Seminar on Internship Opportunities at Research Institutions

Title of the Workshop/Seminar	:	Seminar on Internship Opportunities at Research Institutions
Nature of the Programme	:	Research Methodology
Date	:	14th September 2021
Venue	:	online mode
Resource Person	:	Ms.Aamina Mehzin K J, JNCASR Summer fellowship holder
Organising Department	:	IIC
Name of the Coordinator	:	Dr.Anju T.R, Assistant Professor, Department of Botany and Biotechnology
No. of Participants	:	51

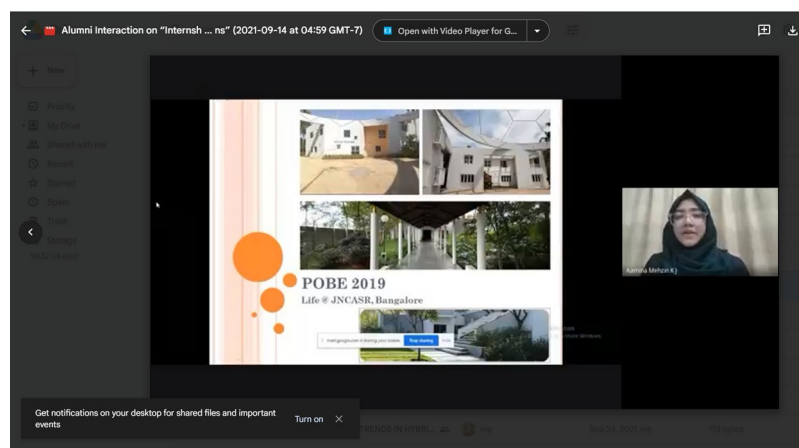

Seminar on Internship Opportunities at Research Institutions

Institution's innovation council, Newman College Thodupuzha organized a webinar on 'Internship opportunities at research institutions' on 14th September 2021. The main objective of this webinar was to create awareness about various 'Internship programs and scholarships' and to share the personal internship experience of the resource person at JNCASR. The webinar was coordinated by Dr. Anju T R, Convenor IIC and Dr. Cintil Jose Chirayil, Internship coordinator, IIC. The resource person was introduced by Ms. Jisha Jacob, Head of the department, Zoology, Newman College. The resource person for the webinar was Ms. Aamina Mehziin K J, JNCASR Summer fellowship holder, who was also an alumna of Newman college Zoology department.

In the session, Ms. Aamina discussed various internship opportunities in institutions like IIT, JNCASR, and academy fellowship. She gave a detailed outline on the process of applying such internship by giving her experience. The extensive exposure obtained during such internship programmes was narrated by the speaker, and motivated students to think higher. Along with that Ms Aamina provided information about scholarship programs for Masters degree like Erasmus Mundus, Rhodes etc and familiarised the websites for its application. This webinar provided a thorough understanding on the procedure of Internships and enlighten the students' interest on research in science field. Many participants including students and teachers from science departments attended the webinar. A brief interactive session was conducted followed by vote of thanks by student representative. The faculty members appreciated and expressed their gratitude towards their previous student. Overall session was really interesting and useful.

Webinar on Motivational Session with an Entrepreneur

Title of the Workshop/Seminar	:	Webinar on Motivational Session with an Entrepreneur
Nature of the Programme	:	Entrepreneurship
Date and Time	:	28 th August 2021
Venue	:	Online Mode
Resource Person	:	Akhil Nair, Co-founder of LaLa land Cake shop, Thodupuzha
Organising Department	:	Chemistry
Name of the Coordinator	:	Dr.Jithin Joy, Assistant Professor, Department of Chemistry
No. of Participants	:	59

Webinar on Motivational Session with an Entrepreneur

Department of Chemistry, Newman college in association with institution's innovation council organized a webinar on 'entrepreneurship and start-up ideas' on 28th August 2021. The main objective of the webinar was to create awareness about the scopes of entrepreneurship and experience of our resource person. Prof. Biju peter, head of the department of chemistry addressed the gathering. Later the felicitation was done by Dr. Anju T. R, Convener of institution's innovation council. The webinar topic was introduced and the resource person was introduced by Dr. Jithin Joy, faculty of chemistry department, Newman college. The resource person for the webinar was Akhil Nair, Co-founder of LaLa land Cake shop who was also an alumnus of Newman college chemistry department.

In the lecture Mr. Akhil focused on his experiences in business. Specifying each incidents in his growth he proved how skills were developed into achievement. Along with that Mr. Akhil also outlined the basic facts and features of his mode of business. This webinar provided a thorough understanding of start-up ideas and scopes.

Many participants including students and teachers from chemistry department attended the webinar. Then a brief interactive session was conducted. Finally few professors shared their memories about Mr. Akhil as a previous student. The session was proved to be an interesting and useful one.

Highlights of the Event

Seminar on Challenges and Possibilities of Women Entrepreneurs

Title of the Workshop/Seminar	:	Seminar on Challenges and Possibilities of Women Entrepreneurs
Nature of the Programme	:	Entrepreneurship
Date and Time	:	17 August 2021
Venue	:	Online Mode
Resource Person	:	Dr. Anusha Ashokan, the awardee of UN Women/MyGov Shri Shakti Challenge-2020 & BIRAC Award for Women in Entrepreneurial Research-2020
Organising Department	:	Botany & Biotechnology
Name of the Coordinator	:	Dr. Anju T R, Assistant Professor, Department of Botany and Biotechnology
No. of Participants	:	51

Seminar on Challenges and Possibilities of Women Entrepreneurs

A seminar on the topic "Challenges & Possibilities of Women Entrepreneurs" was organized by the Department of Botany & Biotechnology and the Institution's Innovation Council (IIC) of Newman College, Thodupuzha. The session featured Dr. Anusha Ashokan, the awardee of UN Women/MyGov Shri Shakti Challenge-2020 & BIRAC Award for Women in Entrepreneurial Research-2020. The event aimed to shed light on the challenges faced by women entrepreneurs and explore the possibilities and support available for their success. The session was attended by undergraduate students of the life science stream.

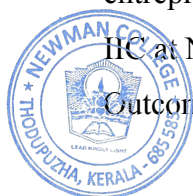

Dr. Saju Abraham, the Head of the Department of Botany at Newman College, welcomed the participants to the online platform for the session. Dr. Anju T R, the Program Coordinator and Head, Department of Biotechnology, chaired the session. The session began with Dr. Anusha explaining the concept of "idea pitching" after each module learned in class. She encouraged students to pitch ideas for various problem statements they could identify in their field of study. This practice was suggested to instill innovative thinking and problem identification among the students.

The session continued with an interactive discussion between the students and Dr. Anusha on various aspects of entrepreneurship, specifically focusing on the challenges faced by women in the field. The discussion also touched upon the extent of government support for women entrepreneurs, the willingness of women to take risks, the essential qualities for an entrepreneur, and the possible challenges and their solutions. Dr. Anusha provided insights into government schemes and support available in the field of entrepreneurship. She discussed the challenges that women may encounter in startups and provided practical tips to overcome those challenges. Dr. Anusha encouraged students to explore the websites of BIRAC to learn about various schemes and AngelList to stay updated on trending startups in the USA. This suggestion aimed to help students gain a better understanding of market trends and potential opportunities. The session witnessed active participation from 24 participants, and each participant interacted with the resource person to gain a deeper understanding of startup options and entrepreneurship.

The interactive session proved to be lively and engaging, allowing students to delve into the subject matter and exchange ideas with Dr. Anusha. The session concluded with concluding remarks by Dr. Anju T R, emphasizing the significance of empowering women in entrepreneurship, and a vote of thanks delivered by Ms. Vyshnavi Shaji, a student member of the

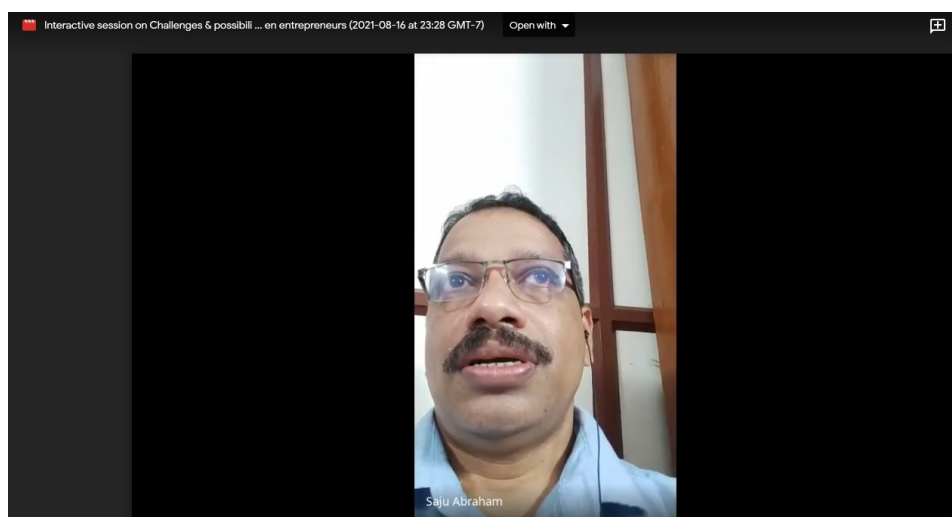

IIC at Newman College.

Outcome

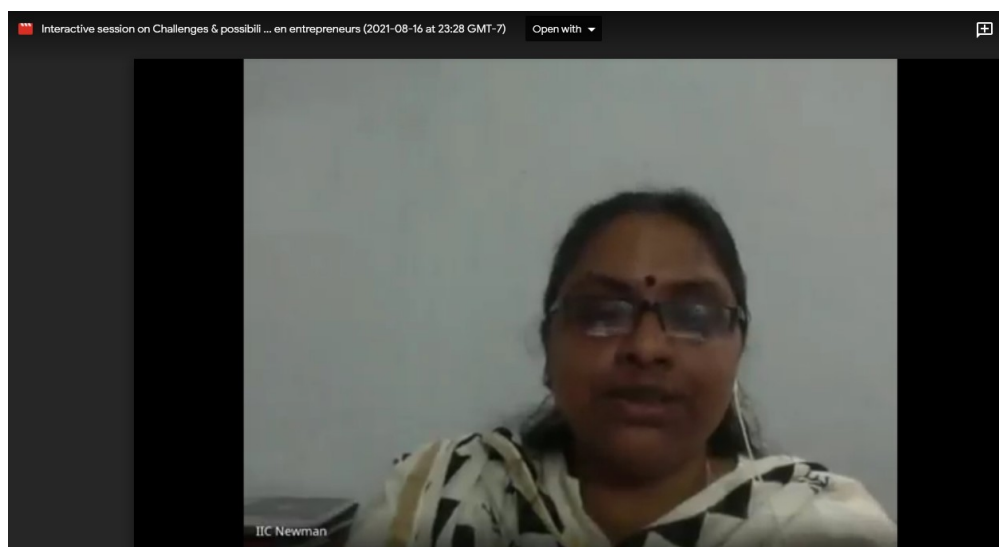

The interactive session on "Challenges & Possibilities of Women Entrepreneurs" provided valuable insights into the field of entrepreneurship, specifically focusing on the experiences and challenges faced by women entrepreneurs. Dr. Anusha Ashokan's expertise and experiences served as a guiding light for the students, encouraging them to think innovatively and explore their entrepreneurial potential. The session highlighted the importance of government support, the need for risk-taking, and the essential qualities for success in entrepreneurship. Overall, the session served as an inspiring platform for students to explore the possibilities and overcome the challenges in the entrepreneurial world.

National Webinar on Intellectual Property Rights and Startups

Title of the Workshop/Seminar	:	National Webinar on Intellectual Property Rights and Startups
Nature of the Programme	:	IPR
Date and Time	:	29 July 2021
Venue	:	Online Mode
Resource Person	:	Dr. Shannu Narayan, Chairperson, Humanities and Liberal Arts in Management, Indian Institute, Kozhikode.
Organising Department	:	History
Name of the Coordinator	:	Dr M. V Krishnakumar, Assistant Professor, Department of History
No. of Participants	:	92

Intellectual Property Rights and Startups

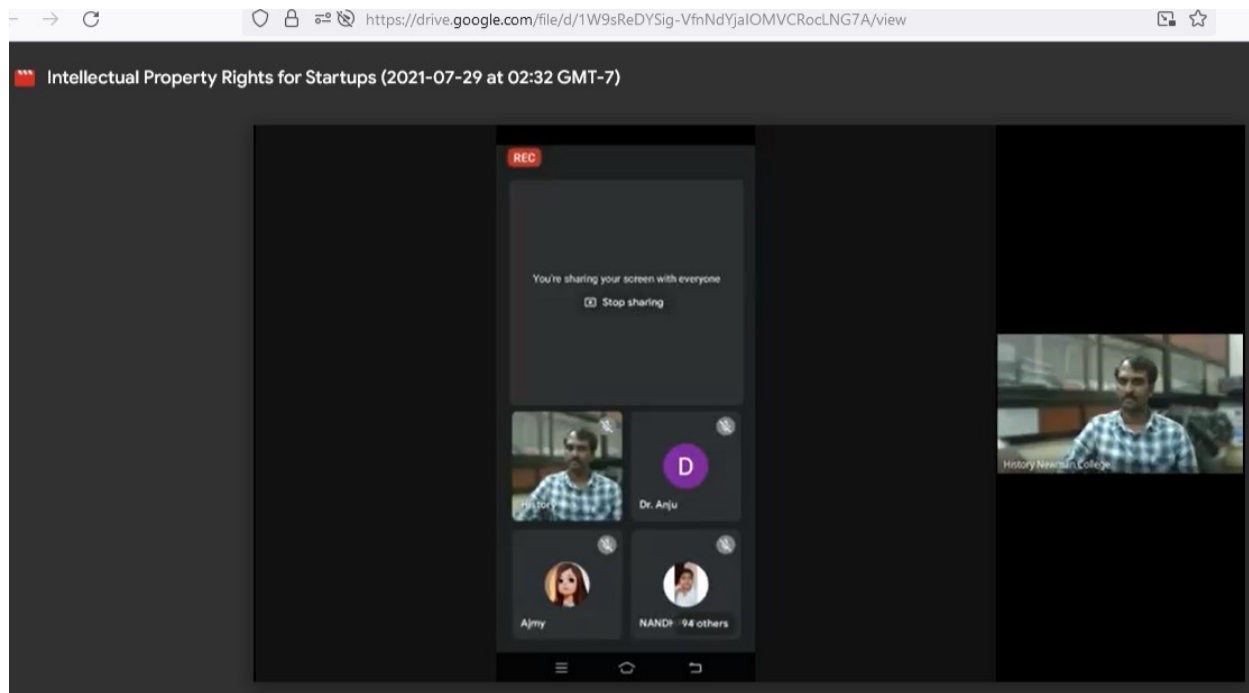

Department of History, Newman College in association with Institution's Innovation Council (Ministry of Education Initiative) organized a national webinar on 'Intellectual property Rights' on 29th July 2021. The main objective of this webinar was to create awareness about the various implications of International Property rights amongst students and teachers. The webinar Topic was introduced and the resource person was welcomed by Dr M. V Krishnakumar, Head of History Department, Newman College. The Resource person for the webinar was Dr. Shannu Narayan, Chairperson, Humanities and Liberal Arts in Management, Indian Institute, Kozhikode.

In the lecture Dr Shanu focused on emphasizing the need to be aware about the features and subtleties of IPR especially when planning to launch new startup enterprises. Beginning with some legal disputes regarding Intellectual property ranging from the Edison's bulb to the very recent verdict on the GI status of *Rasagola*, Dr. Shannu outlined the complex legal framework in which the IPR is placed. Specifying different types of intellectual property, she delineated how protection enabled by international laws and rights stimulate innovation and contribute to the technological progress of countries. For instance, IPR functions as an important factor leading to the success behind many Indian startup ventures as it helps the enterprises to compete effectively even against multi-national co-operations by 'patenting' their invention. Along with that, Dr. Shannu also outlined the basic Facts and features regarding the implementation of IPR. Basic details on how the rights are protected in different types of intellectual properties and how the law responds to its violations were discussed on the basis of very popular examples. Thus, through her friendly interaction and precise examples, Dr. Shannu has provided the audience a thorough understanding about the basics of IPR.

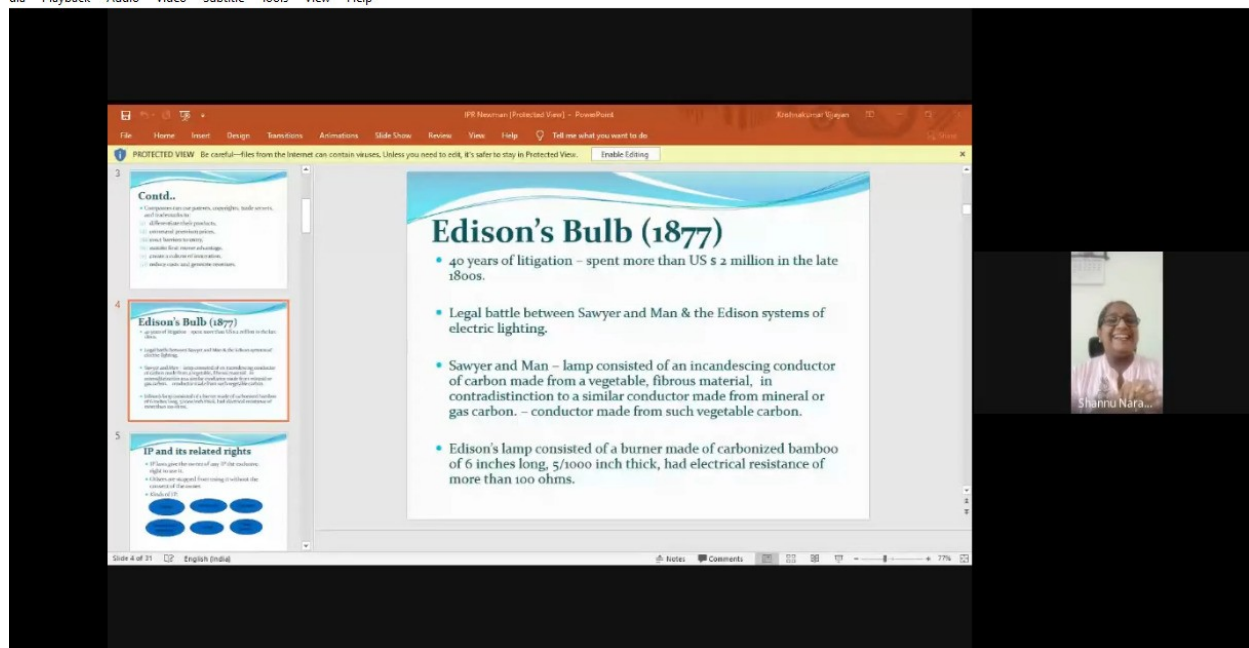

Many participants including students from different departments and teachers attended the webinar. The brief question answer session followed, demonstrated how the lecture has made the audience-especially students- thoughtful about Intellectual Property Rights and confident about their future 'original' ideas.

Entrepreneurship Seminar on Hydroponics - Prospects and Challenges

Title of the Workshop/Seminar	:	Entrepreneurship Seminar on Hydroponics - Prospects and Challenges
Nature of the Programme	:	Research Methodology
Date	:	26 April 2021
Venue	:	Google Meet
Resource Person	:	Dr.Sunnichan V George, Professor at Amal Jyothy College of Engineering, Kanjirappally, and the director of FOAB Solutions Pvt. Ltd
Organising Department	:	Botany and Biotechnology
Name of the Coordinator	:	Ms. Jaiby Cyriac, Assistant Professor, Department of Botany and Biotechnology
No. of Participants	:	79

Entrepreneurship Seminar on Hydroponics - Prospects and Challenges

The Department of Botany and Biotechnology at Newman College, Thodupuzha, organized an invited talk on the topic "Hydroponics - Prospects and Challenges" on April 26, 2021. The aim of the programme was to promote entrepreneurial skills among students. The resource person for the talk was Dr. Sunnichan V George, a professor at Amal Jyothy College of Engineering, Kanjirappally, and the director of FOAB Solutions Pvt. Ltd, a start-up company specializing in marketing a novel aerobic biocomposter.

The invited talk served as a platform for students to gain insights into the prospects and challenges of hydroponics, a soil-less farming technique gaining popularity in the agricultural industry. The program was coordinated by Ms. Jaiby Cyriac, Assistant Professor in the Department of Botany.

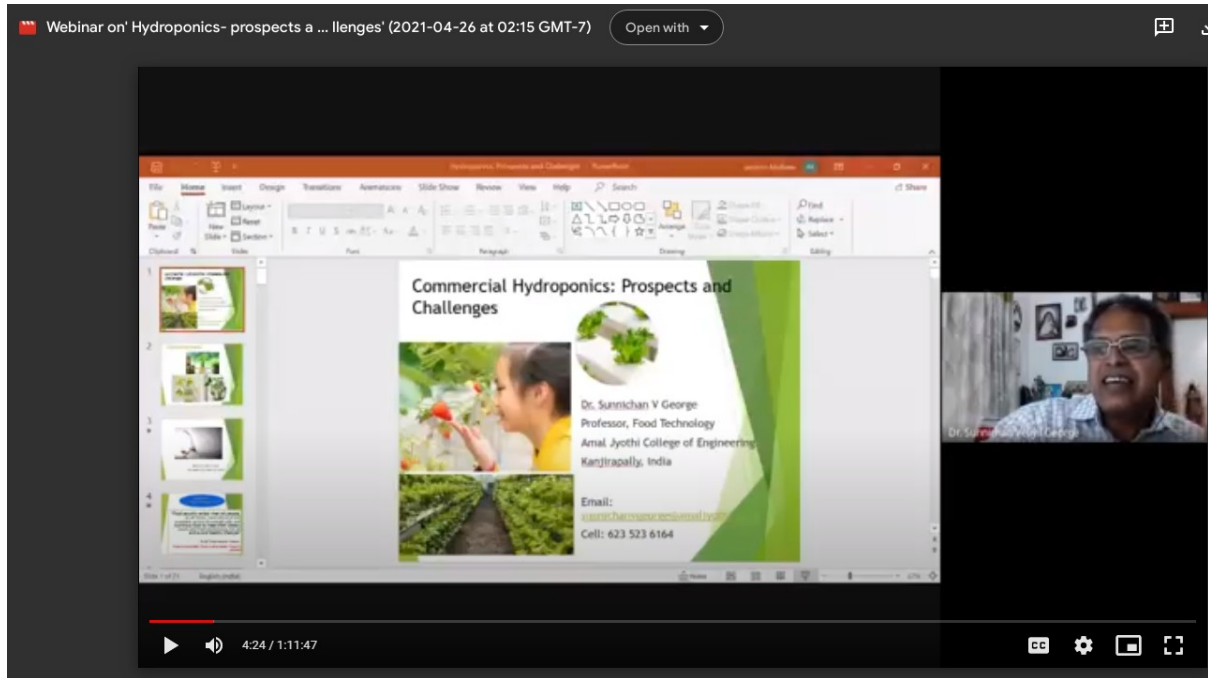

Dr. Sunnichan V George, the esteemed resource person, delivered an engaging lecture on hydroponics, covering various aspects of the technique. He discussed the prospects of hydroponics in modern agriculture and highlighted its potential benefits, such as increased crop yield, efficient resource utilization, and reduced environmental impact. Dr. George also shed light on the challenges associated with implementing hydroponics, including initial investment, technical expertise, and maintenance requirements. The lecture provided attendees with a comprehensive understanding of hydroponics, its principles, and its application in sustainable farming practices. Dr. George's expertise and experience in the field added depth to the presentation, enriching the participants' knowledge.

Following the keynote lecture, an interactive session allowed students to engage in discussions and seek clarifications from Dr. George. Attendees actively participated, asking questions related to hydroponics, its practical implementation, and the opportunities it presents for aspiring entrepreneurs in the agricultural sector. Dr. George's insightful responses contributed to the vibrant exchange of ideas.

The programme offered a platform for students to explore the entrepreneurial possibilities within the agricultural sector and gain knowledge about innovative farming techniques. The interactive session allowed participants to engage in meaningful discussions, expanding their understanding of hydroponics and its practical implications. The programme undoubtedly contributed to fostering entrepreneurial skills among the attendees and highlighted the importance of embracing modern farming techniques for a more sustainable future.

About the webinar

Hydroponics, a water-smart solution, has become popular in developed countries to grow pesticide-free produce on rooftops and terraces. India's hydroponics market is expected to grow at a compound annual growth rate of 13.53% in the coming years. The talk is organized to create awareness among young people about the scope of hydroponics, motivating them to launch new start ups.

About the speaker

Dr. Sunnichan V George obtained his Bachelor's and Master's degrees with gold medals. He is the recipient of prestigious fellowships such as JRF from Ministry of Environment and Forest, ICAR, and SRF from CSIR-UGC. He did his doctoral degree from University of Delhi in Crop genetics and Breeding in 1999 and post doctoral degree from ICGEB (International Centre For Genetic engineering and Biotechnology), New Delhi, India.

He was the research scientist in the UN organization in generating transgenic cotton plants using Bt genes and succeeded in developing new cotton transgenics through a high frequency plant regeneration method. He has got DST young scientist award for the same work. He has around 25 years of research experience in plant biotechnology and molecular farming of vegetables, fruits and other field crops, and various other fields related to horticulture including tissue culture. He earned advanced specialist programs in horticulture and agricultural biotechnology from University of Colorado, USA and had been working as Assistant professor of Biology, at St. Thomas University Miami, USA for a decade. He was the former director of Research, Homegrown Nursery and Farms, Kanjirappally. There, his contributions towards the multiplication and genetic enhancement of exotic fruit crops namely, Rambutan, Pulasan, Mangosteen etc. and the import of various varieties of these items from Thailand, Malaysia, Indonesia, USA etc. was admirable. He wrote many articles related to fruit crops cultivation in Malayalam agriculture magazines like Malayala Manorama Karshakasree, Deepika Karshakan and several Malayalam and English dailies. He is the founder and CEO of two new start ups in soil less system for ornamental plants and manufacturing of biofertilizers, biopesticides etc.

At present, he is Professor, Department of Food Technology at Amal Jyothi College of Engineering, Kanjirappally and Director of FOAB solutions Pvt. Ltd, a start up company for marketing a novel aerobic biocomposter for the management of household wastes using consortium of beneficial microbes.

National Webinar on Intellectual Property Right – An Overview

Title of the Workshop/Seminar	:	National Webinar on Intellectual Property Right – An Overview
Nature of the Programme	:	IPR
Date	:	09 April 2021
Venue	:	Online Mode- Google Meet
Resource Person	:	Dr. Asha R (Research Officer, IPR Facilitation Centre CUSAT, Cochin)
Organising Department	:	Zoology
Name of the Coordinator	:	Mr. Bany Joy, Assistant Professor, Department of Zoology
No. of Participants	:	48

National Webinar on Intellectual Property Right – An Overview

The Department of Zoology, Newman College, in collaboration with the Internal Quality Assurance Cell (IQAC), organized an online seminar on "Intellectual Property Right – An Overview." The aim of the seminar was to provide participants with a comprehensive understanding of intellectual property rights (IPR) and the procedure for applying for patents. The event took place on 9th April 2021 through the Google Meet platform.

Objectives:

1. To provide participants with a comprehensive understanding of intellectual property rights (IPR).
2. To familiarize participants with the procedure for applying for patents.
3. To encourage active participation and engagement among the participants.
4. To promote awareness about the significance of intellectual property rights in academic and research domains.

1. Enhanced Knowledge: The seminar successfully achieved its objective of providing participants with a comprehensive understanding of intellectual property rights. Through the talk by Dr. Asha R, participants gained insights into the definition, scope, and significance of IPR. They also acquired knowledge about the different forms of intellectual property and their role in protecting creative and innovative works.

2. Understanding Patent Applications: Participants obtained a detailed overview of the procedure for applying for patents. Dr. Asha R elucidated the step-by-step process, requirements, and documentation involved in patent applications. This information equipped participants with the necessary knowledge to navigate the patent application process in the future.

3. Interaction and Engagement: The seminar fostered an interactive environment where participants actively engaged in discussions and posed questions to clarify their doubts. The resource person, Dr. Asha R, responded to each query with expertise, ensuring that participants received comprehensive answers. This interactive session promoted a deeper understanding of the subject matter and encouraged active participation among the attendees.

4. Awareness and Appreciation: The seminar contributed to raising awareness about the importance of intellectual property rights in academic and research domains. Participants gained a better understanding of the value of protecting intellectual creations and the role that IPR plays in fostering innovation and creativity. The event also fostered appreciation for the efforts of the

resource person, Dr. Asha R, and the organizing committee in organizing an informative and engaging seminar.

The seminar began at 10:30 am IST with a warm welcome address by Mr. Bany Joy. He expressed gratitude to all the participants and highlighted the importance of intellectual property rights in today's world. Mr. Bany Joy also introduced the resource person, Dr. Asha R, and shared a brief overview of the seminar's agenda.

Talk by Dr. Asha R:

Dr. Asha R, a distinguished Research Officer from the IPR Facilitation Centre CUSAT, Cochin, took the virtual podium to deliver an informative talk on intellectual property rights. She provided a detailed overview of IPR, including its definition, scope, and significance. Dr. Asha R explained the various forms of intellectual property, such as patents, copyrights, trademarks, and trade secrets, and their role in protecting creative and innovative works.

Furthermore, Dr. Asha R delved into the procedure for applying for patents, a crucial aspect of IPR. She explained the step-by-step process, requirements, and documentation involved in patent applications. The session was highly interactive, with participants actively engaging in discussions and posing questions to clarify their doubts. Dr. Asha R responded to each query with clarity and expertise, ensuring that the participants gained a basic understanding of IPR and patent applications.

At around 12:30 pm, Ms. Jisha Jacob delivered the vote of thanks on behalf of the Department of Zoology, Newman College. She expressed deep appreciation to Dr. Asha R for sharing her valuable insights and expertise with the participants. Ms. Jacob also extended gratitude to the organizing committee, participants, and the IQAC for their support in making the seminar a success.

Participant Feedback and E-Certificates:

More than a hundred participants attended the seminar and actively shared their feedback on the session. The feedback received was overwhelmingly positive, with participants expressing their gratitude for the informative and interactive nature of the seminar. The Department of Zoology, Newman College, promptly issued e-certificates to all the participants as a token of appreciation for their active involvement.

Conclusion:

The seminar on "Intellectual Property Right – An Overview" organized by the Department of Zoology, Newman College, in association with IQAC, provided participants with a comprehensive understanding of intellectual property rights and the patent application process.

The talk by Dr. Asha R, a renowned Research Officer, was highly informative, engaging, and interactive, leaving participants with a solid foundation in IPR. The event was a resounding success, fostering knowledge dissemination and promoting awareness about the importance of intellectual property rights in academic and research domains.

The seminar on "Intellectual Property Right – An Overview" organized by the Department of Zoology, Newman College, in association with IQAC, successfully achieved its objectives of providing participants with a comprehensive understanding of intellectual property rights and the patent application process. The interactive session facilitated enhanced knowledge, understanding of patent applications, active participation, and increased awareness about the importance of intellectual property rights. The event was well-received by participants, who expressed their appreciation for the informative and engaging nature of the seminar.

National Webinar on Entrepreneurship in the Field of Life
Sciences/Biotechnology

Title of the Workshop/Seminar	:	National Webinar on Entrepreneurship in the Field of Life Sciences/Biotechnology
Nature of the Programme	:	Entrepreneurship
Date	:	11 January, 2021
Venue	:	Online
Resource Person	:	Dr. Anusha Ashokan, DST Inspire Faculty from the Department of Biotechnology, CUSAT
Organising Department	:	Botany and Biotechnology
Name of the Coordinator	:	Dr. Anju T. R, Assistant Professor, Department of Botany and Biotechnology
No. of Participants	:	79

National Webinar on Entrepreneurship in the Field of Life Sciences/Biotechnology

The Department of Botany & Biotechnology at Newman College organized a national webinar on "Entrepreneurship in the Field of Life Sciences/Biotechnology" on January 11, 2021. The webinar aimed to provide participants with insights into the entrepreneurial opportunities in the field of life sciences and biotechnology. The programme was conducted via Google Meet with Dr. Anusha Ashokan, DST Inspire Faculty from the Department of Biotechnology, CUSAT, as the resource person.

The webinar commenced with a warm welcome from Dr. Anju T R, Assistant Professor in the Department of Biotechnology and the program coordinator. Dr. Thomson Joseph, Principal of Newman College, delivered the presidential address and officially inaugurated the webinar, highlighting the importance of entrepreneurship in the field of life sciences and biotechnology. Ms. Jaiby Cyriac, Assistant Professor in the Department of Botany, introduced Dr. Anusha Ashokan as the resource person for the webinar. Dr. Anusha, an accomplished biotech entrepreneur, DST Inspire Faculty, and recipient of the BIRAC Women Entrepreneurship Award 2020 and UN Women My Gov Shri Shakthi Award 2020, delivered an insightful lecture on entrepreneurship in the field of life sciences and biotechnology.

Dr. Anusha Ashokan's lecture covered various aspects of entrepreneurship in the life sciences and biotechnology sectors. She provided participants with an overview of the entrepreneurship options available in these fields and discussed in detail the support schemes offered by BIRAC (DBT, Govt of India) and the Kerala Start-up Mission. Drawing from her personal journey as a biotech entrepreneur, Dr. Anusha shared valuable insights and experiences, inspiring aspiring entrepreneurs in the audience. Following the lecture, an interactive session allowed participants to engage in a meaningful discussion with Dr. Anusha. Attendees had the opportunity to ask questions, seek advice, and gain further clarity on various entrepreneurial aspects in the life sciences and biotechnology sectors.

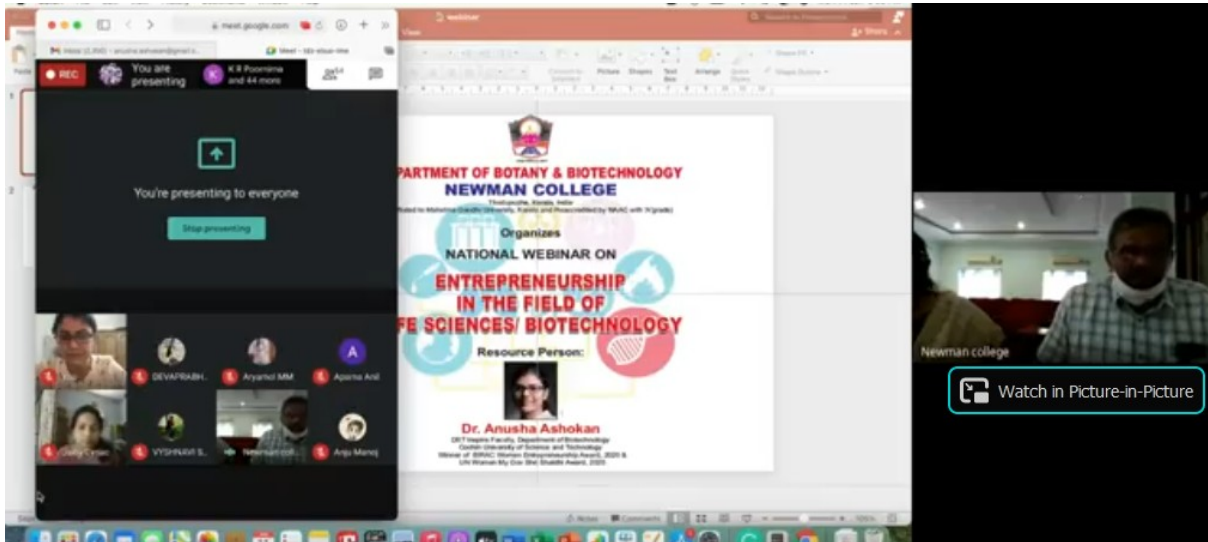

Ms. Jaiby Cyriac, Assistant Professor in the Department of Botany, concluded the webinar by proposing a vote of thanks.

The event fostered an environment of knowledge-sharing and inspiration, allowing participants to learn from the experiences of a successful biotech entrepreneur. The interactive session facilitated meaningful discussions, enabling participants to clarify their doubts and gain practical insights into the entrepreneurial journey. The session served as a

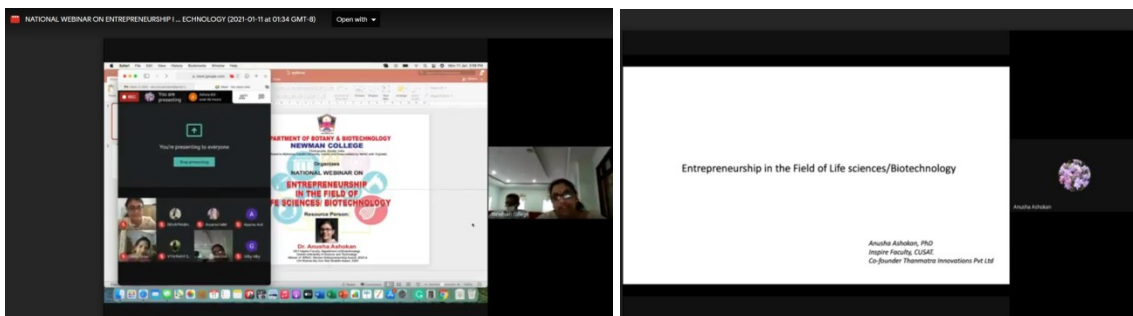

stepping stone for individuals aspiring to embark on entrepreneurial ventures in these domains.

Webinar on How to Conduct Research Work on Online Platform

Title of the Workshop/Seminar	:	Webinar on How to Conduct Research Work on Online Platform
Nature of the Programme	:	Research Methodology
Date	:	15 February 2020
Venue	:	Online -Google meet
Resource Person	:	Dr. Sony Kuriakose, Department of commerce, Nirmala college Muvattupuzha
Organising Department	:	Commerce Finance and Taxation SF
Name of the Coordinator	:	Ms.Jain Maria George, Assistant Professor, Department of Commerce (SF)
No. of Participants	:	72

Webinar on How to Conduct Research Work on Online Platform

Department of Finance and Taxation (SF) organized a webinar on How to Conduct Research Work in Online Platform. Dr. Sony Kuriakose, Department of Commerce Nirmala College, Muvattupuzha was the resource person.

The programme was co-ordinated by Ms.Jain Maria George. Ms Sona Liz Mathews delivered the welcome speech. College principal Dr. Thomson Joseph presided the webinar and Vice-principal Rev Dr Manual Pichalakkattu gave the felicitation.

Sir discussed the relevance of using online platform to conduct research work. Online survey research is much more impactful than traditional research, considering the easy of access and cost savings they come with. The response rates received for online research are much higher than the others as the respondents are assured that their identity will be protected. The target audience were the post graduate students of the college. The session was completed at 4.00 pm after 15 minutes of interactive session.

Seminar on Startup Ventures

Title of the Workshop/Seminar	:	Seminar on Startup Ventures
Nature of the Programme	:	Startup
Date	:	30 January 2020
Venue	:	Mar Mathew Pothanamuzhy Hall
Resource Person	:	Mr. Rajeev Sunu, the International Vice President of TATA Group
Organising Department	:	Commerce
Name of the Coordinator	:	Mr. Aby Thomas, Assistant Professor, Department of Commerce
No. of Participants	:	49

Seminar on Startup Ventures

The Post Graduate Department of Commerce at Newman College, Thodupuzha organized a seminar titled "Start up Ventures" on 31th January 2020 at the prestigious Mar Mathew Pothanamuzhi Hall. The event aimed to provide a platform for UG and PG students of the Commerce department to interact with successful entrepreneurs and gain valuable insights into the world of business. The seminar featured Mr. Rajeev Sunu, the International Vice President of TATA Group, as the esteemed chief resource person. The program commenced with a prayer song, followed by a warm welcome address by Dr. A. P. Philip, the Head of the Department.

Objectives of the Programme:

The seminar had the following key objectives:

1. To inspire and motivate students to explore entrepreneurship as a career option.
2. To provide students with an opportunity to interact with an accomplished entrepreneur and learn from his experiences.
3. To enhance students' understanding of the challenges and opportunities in the business world.
4. To encourage innovative thinking and foster an entrepreneurial mindset among students.

The seminar was highly successful in achieving its objectives. Mr. Rajeev Sunu delivered an insightful keynote speech, sharing his journey as an entrepreneur and highlighting the key factors contributing to his success. His talk focused on the importance of perseverance, adaptability, and continuous learning in the business world. The students were captivated by his experiences and eagerly participated in the interactive session that followed.

The interaction between the students and Mr. Rajeev Sunu was enriching, with students asking thought-provoking questions and seeking advice on various aspects of entrepreneurship. The chief resource person patiently addressed each query and shared valuable tips and strategies for aspiring entrepreneurs.

The seminar also provided a platform for networking among the participants. Students from both UG and PG levels of the Commerce department had the opportunity to connect with like-minded peers and exchange ideas. The event facilitated the creation of a supportive entrepreneurial community within the college.

In conclusion, the seminar "Start up Ventures" organized by the Post Graduate Department of Commerce at Newman College, Thodupuzha was a resounding success. The program achieved its objectives of inspiring and motivating students to explore entrepreneurship, providing them with insights from an accomplished entrepreneur, and fostering an entrepreneurial mindset. The keynote speech by Mr. Rajeev Sunu, the International Vice President of TATA Group, was highly informative and inspiring. The seminar served as a valuable platform for students to interact with successful entrepreneurs and gain practical knowledge about the business world.

The organizers, led by Mr. Aby Thomas, and the coordinators from the department of Commerce, deserve commendation for their efforts in planning and executing the event. The participation of UG and PG students from the department of Commerce was overwhelming, demonstrating their keen interest in entrepreneurship.

Overall, the seminar left a lasting impact on the participants, equipping them with valuable insights and motivation to pursue their entrepreneurial aspirations. The success of this event sets a positive precedent for future initiatives aimed at nurturing the entrepreneurial spirit among students.

Workshop on Data Processing and Analysis using Microsoft Excel

Title of the Workshop/Seminar	:	Workshop on Data Processing and Analysis using Microsoft Excel
Nature of the Programme	:	Research Methodology
Date	:	11 January 2020
Venue	:	Mar Mathew Pothamuzhy Hall
Resource Person	:	CMA Dr.Raju V.P
Organising Department	:	Commerce
Name of the Coordinator	:	Mr.Aby Thomas, Assistant Professor, Department of Commerce
No. of Participants	:	41

Research Workshop Data Processing and Analysis using Microsoft Excel

The Research Workshop on Data Processing and Analysis using Microsoft Excel was organized by the Post Graduate Department of Commerce, Newman College, Thodupuzha. The workshop aimed to enhance the skills and knowledge of teachers, research scholars, and postgraduate students in the field of data processing and analysis using Microsoft Excel.

Objectives of the Program:

1. To provide participants with a comprehensive understanding of data processing and analysis techniques using Microsoft Excel.
2. To enhance participants' skills in using advanced functions and features of Microsoft Excel for data manipulation.
3. To equip participants with the knowledge and tools to effectively analyze and interpret data using Microsoft Excel.
4. To facilitate networking and knowledge-sharing among participants and experts in the field.

The workshop successfully achieved its objectives by providing participants with valuable insights and practical knowledge in data processing and analysis using Microsoft Excel. The participants gained a deeper understanding of various Excel functions and techniques to handle complex datasets efficiently. They learned how to apply statistical formulas, create charts, and perform data analysis using Excel's built-in tools.

Through interactive sessions and hands-on exercises, the participants were able to enhance their skills in data manipulation, cleaning, and transforming data using Excel. The workshop also provided a platform for participants to exchange ideas, share best practices, and establish professional networks with fellow researchers and experts in the field.

The Research Workshop on Data Processing and Analysis using Microsoft Excel proved to be a valuable platform for enhancing participants' knowledge and skills in data processing and analysis. The comprehensive sessions conducted by CMA Dr. Raju V P, the Chief Resource Person, enabled participants to gain practical insights into the effective use of Microsoft Excel for research purposes. The coordination and support from the organizing department, Newman College, Thodupuzha, ensured the smooth execution of the program.

We extend our gratitude to CMA Dr. Raju V P for sharing his expertise and valuable insights. We also thank Dr. A P Philip, the Head of the Post Graduate Department of Commerce, for delivering the welcome address and Dr. Thomson Joseph, the Principal of Newman College, Thodupuzha, for the inaugural address. Our appreciation also goes to Aby Thomas, the coordinator, and the entire faculty of the Department of Commerce for their efforts in organizing this successful workshop.

The workshop was well-received, and the feedback from the participants was overwhelmingly positive. We believe that the knowledge and skills gained from this workshop will contribute to the participants' future research endeavors. We express our sincere gratitude to all the participants for their active involvement and enthusiastic participation.

We hope that similar programs will be organized in the future to further enhance the research skills of the academic community.

Highlights of the Event

CMA Dr.Raju V.P taking the session held on 11January 2020

Ms. Shalu Devasia giving the welcome address.

PROGRAMME CONTENT

Data Processing: To format XL worksheet for data entry - To import the data into Excel - To clean the data entered/imported - To check data to find the errors - To find and delete duplicate entries in the same worksheet - To crosscheck two worksheets/data sources to find duplicate entries - To filter data using specified conditions - To auto fill numbers, date, formula, text patterns etc. - To put the given text into different columns - To create data entry forms to ease the data entry process - To validate data cells by giving conditions for better accuracy in data entry - To sort the data using conditions based on value, icon, font colour, cell colour etc. - To auto highlight the data/data cells based on the given conditions by showing (a) that text/font in the colour specified (b) those cells in solid/gradient colours or (c) an extra icon with the data in the cell - To interchange columns and rows without affecting data - To create Google Form and bringing the collected data into Excel - To use different functional formulas (AND, IF, IFS, OR, IF/OR, IF/AND, DATEDIF, LOOKUP, CONCAT) - To protect the data from unauthorised access.

Mathematical Analysis: To do the basic calculations including percentage, power, square root etc. - To count and to calculate the sum, average, maximum and minimum values without formula - To do calculations based on absolute, relative and partial references - To set auto calculations based on date, time and duration to find out depreciation, wages etc. - To convert the unit of measurements from one to another - To assign ranks so as to change it automatically - To prepare the summarised Cross Tabulation Sheets from raw data - To link the summarised cross table and chart with the raw data table so as to update automatically according to the changes - To prepare the Summary Reports/Tables based on data from different worksheets - To use Slicers to create more informative reports.

Statistical Analysis: To use MS excel for Simple random sampling and Stratified random sampling - To prepare discrete and continuous frequency tables - To calculate the Measures of Central Tendency (Mean, Median, Mode, HM, GM) and Measures of Dispersion (Range, Percentiles, S.D., Variance), Moving averages, Skewness and Kurtosis, Trend analysis, Correlation and Regression analysis etc. - To perform hypothesis tests such as Z Test, t Test, F Test, X2 Test etc. using MS Excel.

Financial Analysis: To generate summary reports for managerial decisions - To calculate PV, FV, NPV, IRR etc. for financial decisions - To use MS Excel to analyse and interpret the financial performance more effectively.

**POSTGRADUATE DEPARTMENT OF COMMERCE

One day workshop on

**DATA PROCESSING AND ANALYSIS
USING MICROSOFT EXCEL**

Key Resource Person:
CMA Dr. Raju V. P.
Associate Professor
P.G. & Research Department of Commerce
Nirmala College, Muvattupuzha

Date: 11 January 2020 (Saturday)
Venue: MMP Hall, Newman College

About the College: Newman College, Thodupuzha, established in 1964, is a First Grade College, affiliated to Mahatma Gandhi University, Kottayam. The college was re-accredited by NAAC with 'A' in 2016 with CGPA 3.32. The college now offers 14 Undergraduate Programmes, 8 Postgraduate Programmes and 2 Research Programmes.

About the Department: The Postgraduate Department of Commerce is one of the oldest Departments of Newman College which started in 1964. The Department has been offering B.Com. Programme since 1980 and it was elevated as Postgraduate Department in 1995. Currently the Department offers two programmes viz., B.Com. (Finance and Taxation) and M.Com. (Finance)

About the Workshop: The one-day workshop "Data Processing and Analysis using Microsoft Excel" on 11 January 2020, organised by the Postgraduate Department Commerce, Newman College, Thodupuzha is meant for the research scholars and teachers to provide an in-depth knowledge about the applications of MS Excel in relation to data processing and analysis for the purpose of research and projects.

About the Resource Person: CMA Dr. Raju V. P. is a qualified Cost Accountant having supervisory level experience of more than 5 years in Financial Accounting and Cost Accounting with TATA, UB Group and MILMA. He is also having teaching experience of 23 years in both UG and PG level with 3 affiliated colleges under Mahatma Gandhi University Kottayam.

Target Group: The workshop targets the Research scholars and Faculty members of Commerce and Management from various Self-financing, Aided and Government colleges.

Programme outcome: Research scholars can do their research jobs in relation to data collection, processing and analysis easier. Teachers can give proper guidance to their students so as to do their project works in a better way with a lesser time period by using MS Excel.

Registration Fees: Rs. 400/- (Online) : Rs. 450/- (Spot Registration) (Lunch and tea will be provided)

Workshop on The Art of Writing and Publishing Research Articles in Top Tiered Journals

Title of the Workshop/Seminar	:	Workshop on The Art of Writing and Publishing Research Articles in Top Tiered Journals
Nature of the Programme	:	Research Methodology
Date	:	04 January 2020
Venue	:	Mar Mathew Pothanamuzhy Hall
Resource Person	:	Dr.Clement Cabral from IIT Roorkee, Uttarakhand
Organising Department	:	Commerce
Name of the Coordinator	:	Mr.Aby Mathew, Assistant Professor, Department of Commerce
No. of Participants	:	23

Workshop on The Art of Writing and Publishing Research Articles in Top Tiered Journals

The Research Workshop on the Art of Writing and Publishing Research Articles in Top-Tiered Journals was held on 04.01.2020 at the Mar Mathew Pothanamuzhi Hall. The workshop aimed to provide participants with valuable insights and practical knowledge about the intricacies of writing and publishing research articles in prestigious journals. Dr. Clement Cabral from IIT Roorkee, Uttarakhand, served as the chief resource person, sharing his expertise in the field.

Objectives of the Programme

The primary objectives of the workshop were as follows:

1. To familiarize participants with the fundamental principles and best practices of academic research article writing.
2. To explore effective strategies for selecting appropriate journals and understanding their submission guidelines.
3. To provide insights into the peer-review process and enhance the chances of getting research articles published.
4. To equip participants with essential skills to enhance the quality of their research articles and increase their chances of acceptance in top-tiered journals.

The Research Workshop on the Art of Writing and Publishing Research Articles in Top-Tiered Journals proved to be highly beneficial to the participants. Through interactive sessions, practical exercises, and discussions led by Dr. Clement Cabral, attendees gained valuable knowledge and insights into the intricacies of academic research article writing and publication.

Participants were able to enhance their understanding of various elements involved in crafting high-quality research articles, including the importance of research question formulation, literature review, methodology, data analysis, and conclusion drawing. They also gained insights into the significance of adhering to ethical guidelines and ensuring proper referencing and citation practices.

The workshop also provided participants with practical tips and techniques for selecting suitable journals, navigating the submission process, and dealing with the peer-review process. Dr. Clement Cabral's expertise and experience proved instrumental in demystifying the complexities associated with publishing in top-tiered journals.

The Research Workshop on the Art of Writing and Publishing Research Articles in Top-Tiered Journals was a resounding success, thanks to the invaluable contributions of Dr. Clement Cabral and the active participation of the attendees. The workshop enabled participants to enhance their knowledge and skills in academic research article writing, significantly improving their prospects of publishing in prestigious journals.

The Post Graduate Department of Commerce at Newman College, Thodupuzha, deserves commendation for organizing such an insightful and well-executed workshop. Special thanks go to Aby Thomas, the coordinator of the workshop, for his efforts in ensuring a smooth and successful event.

By equipping participants with the necessary tools and knowledge, this workshop has made a significant contribution to advancing research and academic writing in the field. It is hoped that the skills acquired during this workshop will empower participants to produce high-quality research articles that contribute to the advancement of knowledge in their respective domains.

Once again, we express our gratitude to all those who contributed to the success of this workshop and we look forward to organizing similar events in the future.

ABOUT THE INSTITUTION

Newman College Thodupuzha has been standing as a centre of academic excellence since 1964.

The institution have organized several programmes to sharpen the skills and knowledge of teachers and scholars.

ABOUT THE PROGRAMME

The department of commerce is planning to organize a one day work shop on The Art of Writing and Publishing Research Articles in Top tiered Journals on 4 th January 2020. The programme aims at improving the skills of the scholars in writing and publishing quality research articles.

OBJECTIVES OF THE PROGRAMME

The programme aims at imparting the skills on:

1. How to write an introduction for a quality research article?
2. How to conduct the literature review and how to present it in the research article?
3. How to write the research methodology?
4. How to organize the data analysis and findings?
5. How to summarize and present the analysis and findings?
6. How to organize the references?

WHO CAN PARTICIPATE

- . Teachers
- . Research Scholars
- . Post graduate students

Seminar on Women Entrepreneurship

Title of the Workshop/Seminar	:	Seminar on Women Entrepreneurship
Nature of the Programme	:	Entrepreneurship
Date	:	9 August 2019
Venue	:	Punnakottil Hall
Resource Person	:	Ms. Sobha Thomas, HOD of Commerce Self Finance
Organising Department	:	Commerce
Name of the Coordinator	:	Mrs. Elizabeth Joseph, Assistant Professor, Department of Commerce
No. of Participants	:	80

Seminar on Women Entrepreneurship

A Seminar on Women Entrepreneurship was organized by Dept. Commerce Co-operation on 09-08-2019. The Resource Person of the Webinar was Ms. Sobha Thomas (HoD of Commerce Self Finance). The seminar helped the students to know about the importance of Women entrepreneurship.

The programme was started with the life journey of Ms. Beena Kannan, the renowned women entrepreneur. The resource person said that the increasing presence of women as entrepreneurs has led to significant business and economic growth in the country. She informed that women owned business enterprises are playing a prominent role on society by generating employment opportunities in the country, bringing in demographic shifts and inspiring the next generation of women entrepreneurs and also aware the respondents about the Start up India. Many students were make their interest to start new ventures during that seminar. There were 80 participants for the programme.

The Program was co-ordinated by Mrs. Elizabeth Joseph with the technical support of Mrs. Jesmol Paul, Assistant Professors on Contract Department of Commerce Co-operation, Newman College, Thodupuzha. The Program was started at 10.30 am with Welcome speech of Ms. Chandranjaly V C (Assistant Professors on Contract) and ended with vote of thanks by Mrs. Anju Sukumaran (Assistant Professors on Contract) at 12.00 pm.

Workshop on Entrepreneurship Possibilities for Life Science Students

Title of the Workshop/Seminar	: Workshop on Entrepreneurship Possibilities for Life Science Students
Nature of the Programme	: Entrepreneurship Development
Date	: 01 August 2019
Venue	: Nagarjuna Herbal Concentrates Ltd Thodupuzha
Resource Person	: Ms. Sophy Paul, R & D officer, Nagarjuna Herbal Concentrates Ltd
Organising Department	: Botany and Biotechnology
Name of the Coordinator	: Dr. Anju T R, Assistant Professor in Biotechnology
No. of beneficiaries	: 24

Workshop on Entrepreneurship Possibilities for Life Science Students

The Department of Botany & Biotechnology organized a Workshop on Entrepreneurship possibilities for Life Science Students which includes industrial visit and expert interaction for the final year BSc. Botany Model (II) students to Nagarjuna Herbal Concentrates Ltd. This unit, belonging to Nagarjuna, is renowned for its production of Ayurvedic drugs and houses a state-of-the-art research and development facility. The primary objective of this excursion was to enlighten students about entrepreneurship possibilities in the field of life sciences.

During the visit, students had the opportunity to comprehensively explore the entire process from the initial stages of processing plant raw materials, both in fresh and dried forms, to the final production of Ayurvedic medicines. They also gained insights into the pivotal role played by the quality control division at various stages of the manufacturing process. The factory tour encompassed observation of several key facilities, including the raw material processing section where fresh plants were handled with a chopper, and dried items were processed using a pulverizer and disintegrator. Large-scale extraction of wash and fermentation units utilizing DB units (Direct Boiler) was also witnessed. Students were exposed to the intricacies of finished goods processing, such as bottling, tablet making, and packaging.

In addition to the factory facilities, students explored the cutting-edge research and development facilities at Nagarjuna Herbal Concentrates Ltd. The Phytochemistry lab, Quality Control lab, Microbiology lab, Atomic Absorption Spectrophotometer, and the Animal House facility housing Wistar rats and Swiss albino mice were among the key areas visited. Ms. Sophy Paul, the R & D officer of Nagarjuna, provided expert guidance throughout the factory tour, offering in-depth insights into the various stages of the production process. Officers in charge of specific labs explained the functions and significance of their respective facilities. The students were accompanied by Dr. Stephen Joseph and Dr. Anju T R, who further enriched the visit with their expertise.

The industrial visit not only broadened the students' understanding of the practical aspects of Ayurvedic drug manufacturing but also exposed them to the sophisticated research and development practices in the field. The firsthand experience and expert interactions have undoubtedly played a crucial role in enhancing the students' awareness of entrepreneurship opportunities in the dynamic domain of life sciences.

Students visiting sophisticated laboratories and large scale units to identify various entrepreneurship possibilities

Symposium on Research Methodology

Title of the Workshop/Seminar	:	Symposium on Research Methodology
Nature of the Programme	:	Research Methodology
Date	:	30 July 2019
Venue	:	Punnakkottil Hall
Resource Person	:	Dr Joji John Panicker, the eminent critic and scholar from CMS College, Kottayam
Organising Department	:	English
Name of the Coordinator	:	Princy Jacob, Assistant Professor, Department of English
No. of Participants	:	40

Symposium on Research Methodology

The Department of English successfully organized one day symposium on "Research methodology" for Research Scholars and postgraduate students of English on 30.7.2019 at Newman College. The 30 postgraduate students of MA English and 16 research scholars attended the Symposium. Dr Joji John Panicker, the eminent critic and scholar from CMS College, Kottayam served as the resource person from this programme. The purpose of this symposium was to update and upgrade the students with Literary Theory, and thereby to help their studies as well as generating new texts of knowledge. The Students became able to create an academic space of their own to publish academic writings and a discussion forum. The programme was formally inaugurated by DR. Thomson Joseph. The registration of the participants started by 9:30 am and ended by 12:30 pm.

Programme

Welcome Speech: Dr. Sr, Alphonsa,
H.O.D English Dept Inaugural
Address: Dr. Thomson Joseph
(Principal)

Felicitation: 1) Rev. Dr. Raju Jacob
Pichalakattu (Vice Principal)
2) Rev. Fr.Paul Karakambil (Bursar)
Key Note Address: Dr. Joji John
Panicker,
Asst. Prof, C.M.S College, Kottayam

Seminar on Research Methodology

Title of the Workshop/Seminar	:	Seminar on Research Methodology
Nature of the Programme	:	Research Methodology
Date	:	15 February 2019
Venue	:	Jubilee Hall, Newman College
Resource Persons	:	Dr. A P Philip
Organising Department	:	Department of Finance and Taxation (SF)
Name of the Coordinator	:	Ms. Kiran J Kattakayam, Assistant Professor, Department of Finance and Taxation (SF)
No. of Participants	:	24

Seminar on Research Methodology

Department of Finance and Taxation (SF) organized a seminar on Research a Way to Knowledge. Dr. A P Philip, Head of the Department of Commerce Newman College, Thodupuzha was the resource person.

The programme was co-ordinated by Ms. Kiran J Kattakayam. Ms Jain Maria George delivered the welcome speech. College principal Dr. Thomson Joseph presided the seminar and Vice- principal Rev Dr Manual Pichalakkattu gave the felicitation.

The resource person commenced the session with power point presentation. Sir discussed the various steps in presenting a research paper. Identify the core message and decide if podium presentation is the appropriate format, choose the most appropriate conference and get all the information you need about the conference, make a plan and stick to it, prepare the abstract and submit it, draft the content for slides and speech, practice and time your speech, familiarize with the whole and audio visual system. The target audience were the post graduate students of the college. The session was completed at 4.00 pm after 10 minutes of interactive session.

Entrepreneurship Possibilities for Chemistry Students and Industrial Visit

Title of the Workshop/Seminar	: Entrepreneurship and Research Possibilities for Chemistry Students and Industrial Visit
Nature of the Programme	: Entrepreneurship Development
Date	: 08 February 2019
Venue	: IISER & VSSC Thiruvananthapuram
Organising Department	: Chemistry
Name of the Coordinator	: Sona John, Assistant Professor in chemistry, Newman College Thodupuzha
No. of beneficiaries	: 15

Entrepreneurship and Research Possibilities for Chemistry Students and Industrial Visit

Industrial visit and an expert interaction for the first year MSc Chemistry students to IISER Thiruvananthapuram and VSSC Thiruvananthapuram. IISER and VSSC is well known for research and development in science. The primary objective of this excursion was to enlighten students about research and development in the field of Chemical sciences.

During the visit, students had the opportunity to comprehensively explore the first-hand experience of different instrumental technologies in IISER. They also gained insights into the pivotal role played by the VSSC in developing launch vehicle technology and it is the lead centre of ISRO.

The Industrial visit encompassed observation of several key facilities, including various technologies, and interaction with research scholars. Students were exposed to different types of resources in chemistry and space science. Officers in charge of specific labs explained the functions and significance of their respective facilities. The students were accompanied by Dr. Alex Joseph and Mrs. Sona John, who further enriched the visit with their expertise.

The industrial visit not only broadened the students' understanding of the different instrumentation and research facilities in IISER Thiruvananthapuram, but also exposed them to the sophisticated research and development practices in the field. The first hand experience and expert interactions have undoubtedly played a crucial role in enhancing the students' awareness of research and development opportunities in the dynamic domain of Chemistry and space sciences.

Research Seminar on Statistical Tools and Application Science: Scope and Opportunities

The department of Mathematics & Statistics organized a Regional Seminar in association with national Mathematics Day Celebrations on 25 January 2019. The seminar was open to third year under graduate students and all Post graduate students of The department of Mathematics. Dr. Didimos K.V, Assistant Professor, Department of Mathematics, Sacred Heart college, Thevara, delivered the lecture on A stroll through number theory with insights on Ramanujan's contributions and Dr. Sebastian George, Associate Professor, St. Thomas College Pala, delivered the lecture on Statistical science: Scope and opportunities. Rev. Dr. Vincent Joseph, Principal, Newman college, presided the event. Dr. K V Alice, Head of the department, Department of Mathematics welcomed the gathering. Around 70 students participated the event.

In this seminar, Dr. Didimos K.V, discussed the main contributions of Ramanujan in number theory. And Dr. Sebastian George, discussed about the scope and opportunities in statistical science.

Expert Interaction on Entrepreneurship Possibilities for Chemistry Students

Title of the Workshop/Seminar	: Expert Interaction on Entrepreneurship Possibilities for Chemistry Students
Nature of the Programme	: Entrepreneurship Development
Date	: 12 November 2018
Venue	: Titanium Dioxide Pigment Unit of Kerala Minerals and Metals Ltd (KMML)
Organising Department	: Chemistry
Name of the Coordinator	: Dr. Cintil Jose , Assistant Professor in Chemistry, Newman College Thodupuzha
No. of beneficiaries	: 36

Expert Interaction on Entrepreneurship Possibilities for Chemistry Students

On 12 November 2018, a group of 36 BSc Chemistry students along with two faculty members from Newman College, Thodupuzha, had the opportunity to visit the Titanium Dioxide Pigment Unit of Kerala Minerals and Metals Ltd. The aim of this industrial visit was to provide the students practical exposure to the production and processes involved in the manufacture of titanium dioxide pigment. The visit was organized under the supervision of the faculty in-charges Prof. Jose Mathew, HOD and Dr.Cintil J Chirayil, Assistant Professor, Department of Chemistry, Newman College Thodupuzha.

The objectives of the industrial visit were as follows:

- To understand the process of titanium dioxide pigment production.
- To make the students familiarized with the industrial environment and operations.
- To study the safety measures and regulations implemented in the plant.
- To enhance the students' practical understanding and knowledge of chemistry concepts.

The students and faculty members assembled at Newman College, Thodupuzha, on 12 November 2018, at 4:00 AM, and boarded the designated vehicle with registration number KL 38 H 5525. The journey took them to the Titanium Dioxide Pigment Unit of Kerala Minerals and Metals Ltd., located in Kollam.

Upon arrival, the group was received by the company's representatives and the Assistant Administrative Officer (P&A). The students and faculty members were required to present their identity cards issued by Newman College to gain entry into the company premises. It was mandatory for everyone to wear safety shoes and appropriate clothing, adhering to the safety regulations of the plant.

The visit commenced with a brief introduction to the company's operations and the significance of titanium dioxide pigment in various industries. The students were then taken on a guided tour of the manufacturing facility, where they observed the different stages involved in the production process. They had the opportunity to witness the raw materials handling, chemical reactions, separation techniques, and packaging of the final product. Throughout the visit, the students were accompanied by staff members who explained the

processes and answered their queries. The students actively engaged in discussions, seeking clarification on various aspects related to chemistry and industrial applications.

Observations and Learning Outcomes:

During the industrial visit, the students gained valuable insights into the following areas:

The students witnessed the synthesis of titanium dioxide pigment through chemical reactions, including precipitation and calcination. They observed the importance of temperature control, pH adjustments, and purification steps in obtaining high-quality pigment.

The visit emphasized the significance of safety precautions in an industrial setting. The students learned about the use of personal protective equipment (PPE), such as safety shoes, and the necessity of adhering to strict safety regulations to prevent accidents and ensure a safe working environment.

The students experienced the scale of operations in an industrial plant and the coordination required among various departments. They witnessed the use of advanced machinery, automation, and quality control measures implemented in the production process.

The visit provided the students with a practical understanding of the chemical principles and concepts they had learned in their academic curriculum. They could connect theoretical knowledge to real-world applications, strengthening their comprehension and appreciation of chemistry.

The industrial visit to the Titanium Dioxide Pigment Unit of Kerala Minerals and Metals Ltd. proved to be an enriching experience for the BSc Chemistry students from Newman College, Thodupuzha. The visit enabled them to bridge the gap between theory and practice by witnessing the production process of titanium dioxide pigment firsthand. The exposure to industrial operations, safety regulations, and practical application of chemistry concepts contributed significantly to their overall knowledge and skill development.

The college administration and faculty members express their sincere gratitude to Kerala Minerals and Metals Ltd. for granting permission for the visit and providing valuable insights to the students. The industrial visit was a success in achieving its objectives and in enhancing the academic and professional growth of the students.
